BOUNDARIES OF RUSSELL DISTRICT.

Be it resolved that a District beginning at the mouth of Willis Branch including said ravine, from thence on divide between Clear Creek and Russell Ravine; thence on summit of ridge between Illinois Gulch and Leavenworth gulch, the two rocky knobs on the divide being the line extending past the mouth of Illinois Gulch to the Willis Branch; and that three thousand feet on the north side of the ditch from its mouth to its head shall be the northwest boundary. Said District to be known as "Russell District"

GEO. W. BRIZEE *President*

THOMAS DOGGERTY, *Sec'y*

AN ACT—In Relation to the Officers of Russell District—their duties—term of office and fees.

SEC 1. *Be it enacted by the citizens of Russell District in convention assembled*, That there shall be elected by the legal voters here assembled, a Judge of the Miners' Court, a Constable of the District and a President of the District, who together with the Recorder of the District shall hold their offices till the first Monday of June next, unless they shall sooner die, resign, remove from the District, or be removed from their offices for misconduct by the citizens of the District; And on the said first Monday of June next, and annually thereafter there shall be an election held for the purpose of electing such officers; who before entering upon the duties of said offices, shall take an oath, well and faithfully to perform the duties thereof according to the best of their ability, The Recorder shall be ex officio Secretary and Treasurer of said District.

SEC. 2. It shall be the duty of the President to preside at all public meetings of the citizens of the District when called for purposes relating to public business and to preside at the trial of causes when required by law.

SEC. 3. It shall be the duty of the Judge of the Miners' Court to preside at the trial of causes; also at public meetings in the absence of the President, and perform such other duties as the law requires.

SEC. 4. It shall be the duty of the Recorder safely to keep the books and records of the District, and to record and file all proper papers upon payment of his fees; to act as secretary at public meetings of the District, and to keep all moneys paid into his hand by the Judge of the Miners' Court to be paid over as directed by the citizens at some public meeting legally called.

SEC. 5. The Sheriff of Arapahoe County shall be vested with the same power by these laws, he has under Kansas laws, but the Constable of the District and his deputies shall be the proper executive officer of the Miners' Court and is hereby vested with full power for that purpose.

SEC. 6. The fees of the Recorder shall be fifty cents for recording each mining claim and deed containing less than one hundred words and one dollar for those containing over that number; and at the rate of fifty cents per hundred words for all other papers recorded and such other fees for District business as the citizens shall allow.

The Constable may charge one dollar for the service of writs or papers which he may be required to serve, and twenty-five cents per mile for all travel necessary in such service and twenty per cent on all sums under fifty dollars; ten per cent on all sums over fifty and under three hundred dollars; and six per cent on all sums over that sum which he shall collect by sale of property on execution; and shall be required by the judge to give suitable security for all process placed in his hands. The Judge of the Miners Court shall keep a regular docket of all proceedings had before him shall be allowed five dollars for presiding at each trial—which shall be paid to the President when he shall preside—and be allowed at the rate of twenty-five cents per hundred words for making out the proper papers for him to make out, except writs for original service in suits and final judgment and execution for each of which he shall be entitled to one dollar.

SEC. 7. Every person of suitable age who actually resides in this District is hereby declared to be a voter therein.

ESTABLISHING A MINERS' COURT AND REGULATING ITS JURISDICTION.

SEC. 8. A regular term of Court to be known as the Miners' Court shall be held in this District in some convenient and proper place upon Thursday of each week at nine o'clock A. M.; and all writs to be made returnable at said term shall be served before the Tuesday next preceding. If not so served they shall be returnable at the second term after service. Nothing herein shall be so construed as to prevent the trial of criminals at any time.

SEC. 9. The officers of said Court shall be the Judge, Clerk, Sheriff of Arapahoe county, and his deputies, Constable of the District, and the attorneys of said Court regularly admitted as such.

SEC. 10. It shall be the duty of the Court to sign all writs issuing out of said Court by himself or his Clerk; to make all transcripts of judgments required, on payment of his fees; to enter judgment and issue executions and pay over to the proper parties, moneys collected on such judgments and executions; to try all criminals and pay over to the treasurer all moneys he may receive for the district for fines and judgments, and to perform such other duties as necessarily appertain to his office.

SEC. 11 If the Judge of said Court shall not be able to attend any trial or shall be disqualified from any cause to try any suit, or if there shall be more business than the court can attend to, or if any person shall make his affidavit, in writing, that he does not believe he can have a fair and impartial trial, before the said Judge of said Court, or if the said Court shall be interested in the event of any suit, either as plaintiff or defendant, or with either of them in any manner, the President of the District shall preside in the Miners Court at such trial.

SEC. 12. The Miners' Court shall have equity as well as law jurisprudence and may grant writs of injunction in all proper cases, and all other motions upon proper cause shown, to be supported by affidavits alone, and do all such other acts as a Court of Equity has power to do.

SEC. 13. The Miners' Court shall have power to fine for contempts in a sum not exceeding fifty dollars and may issue execution thereon, the same as upon a judgment.

SEC. 14. The said Court shall have power to appoint its own Clerk whenever it shall be necessary, and such Clerk shall have the usual powers of Clerks of Courts of Record.

SEC. 15. The Jury for each term of Court shall be drawn upon the Monday next preceding each term in the following manner: The Constable or his deputy shall place the names of not less than fifty four men, who shall be voters of the district, in a box prepared for the purpose, and the Judge or Clerk of the Court shall draw therefrom the names of eighteen men who shall be summoned to act as Jurors for the next succeeding term of Court. When necessary the Constable may summon tally-men but no person shall be compelled to serve as Juror for two successive terms of court.

IN RELATION TO PRACTICE.

SEC. 16. If any person shall wish to commence a civil action in the Miners Court of this district, he shall file with the Judge or Clerk thereof, a statement in writing setting forth his grounds of complaint which shall contain all the allegations and facts necessary to constitute a cause of action in plain and unequivocal language. Such statement shall be called a petition, and no pleadings shall be void on account of form. And upon the filing thereof the Court or Clerk thereof, shall issue a writ of summons to be served upon the defendant, to appear and answer to the same at the time therein named, or judgment will be taken against the defendant by default. If the relief demanded be for a sum of money the amount shall be stated in the summons; if for a sum of money and other relief, the summons shall state in substance that if the defendant do not appear and answer at the time named therein, judgment will be taken against him by default, for the sum of money demanded and such other relief as to the court may seem meet. If the remedy applied for shall not be for any sum of money the summons shall ask judgment for the relief demanded in the petition.

SEC. 17. The defendant may at any time before the time of trial of any case at law entered in the Miners Court, file his answer or demurrer—upon either of which the plaintiff may join issue; and if an answer be filed containing new matter, irrelevant to the issue it must be denied or avoided by the plaintiff in his reply; and all matters not denied or avoided by one pleading subsequent to another shall be taken as confessed and true.

SEC. 18. All pleadings subsequent to the petition in Equity shall be the same as used in the United States Courts in Equity, and the term of three days shall be granted for the filing of each pleading subsequent to another until the issue be made up.

SEC. 19. All pleas in Equity shall be verified and no remedy in Equity shall be allowed where the same can be had at law.

SEC. 20. In all cases of foreclosure of mortgage or lien of any kind upon a claim or other property the equity of redemption shall not extend beyond thirty days.

SEC. 21. In cases of judgment for partition of claims between joint owners, three disinterested commissioners shall be appointed by the Court, who shall effect such partition.

SEC. 22. The rules of evidence as admitted in the courts of the United States shall be observed in the Miners' Court, with the exception that either party may be allowed to testify in open court, to any facts which they are unable to prove by any other witnesses.

SEC. 23. Depositions may be used in this court in evidence, provided the witness is sick or unable to attend the place of trial, about to leave the country or is out of the jurisdiction of the court. If to be taken in the county of Arapahoe, notice shall be given to the adverse party of the time and place where the said deposition is to be taken; if out of the County no notice need be given.

SEC. 24. No cause shall be continued unless upon affidavit of a party, or his attorney of the absence of a material witness whose evidence is material to the issue as he verily believes and that the said party cannot safely proceed to trial without the evidence of said witness which he believes he can procure at some future time, which he shall state, or for some other good and sufficient cause.

SEC. 25. In all cases of replevin and attachment the practice prescribed by the laws of Kansas shall be observed; and when in case of attachment the defendant has left the country or keeps himself secreted within the same so that process can not be served upon him publication by posting six notices in as many conspicuous places for ten days in said district, shall be deemed sufficient notice. The order for publication shall not be granted unless a summons has been returned by a proper officer which return shall show that he has made diligent search and inquiry and cannot learn that the defendant is in the district, or that he cannot find the defendant and believes he keeps himself secreted to avoid the service of summons, together with other evidence tending to make either of said facts appear.

SEC. 26. Garnishee process may issue as part of the original writ, to be served on both defendant and garnishee or separately or it may issue after execution is returned unsatisfied; and in either case if the garnishee shall pay the demand over to defendant after legal notice, he shall still be held liable, to the amount of the plaintiffs judgment and costs—if he was indebted to that amount when service was made—and if in a smaller sum, the amount he was indebted at the time notice was served.

SEC. 27. All special proceedings shall be conducted as prescribed by the Judge of the Miners' Court, and all motions relating to such proceedings shall be sustained or approved by affidavits alone.

SEC. 28. New trials of all causes which may be tried shall be granted in accordance with the rules of the common law; and it shall be discretionary with the court in all cases to grant or reject the application.

SEC. 29. No debt or demand of any nature shall be collected by suit in this court which has not originated either in coming to this mining region or since the arrival of such debtor therein.

SEC. 30. In all cases where the liability of persons in actions founded upon contracts or in mixed actions is not pointed out and defined by the laws of this District, the common law rules shall apply as to such liability.

TRIAL AND ITS INCIDENTS.

SEC. 31. In all cases where a civil action is hereafter commenced in the Miners' Court, the plaintiff shall file a bond with good and sufficient sureties, conditioned to pay all costs which may be taxed against him in case he should fail to recover judgment in said suit or in lieu thereof shall deposit with the court a sum of money which the Court shall fix as surety for such costs.

SEC. 32. In case the costs cannot be collected against any defendant, wherein the plaintiff shall recover judgment the said plaintiff shall be held responsible for all costs he shall make in said suit.

SEC. 33. Upon the return day of the summons, if either party shall call for a jury, he shall advance the fees, at the rate of one and a half dollars for each juror who shall try the cause; and in case he prevail in the suit, the fees so advanced shall be taxed against the adverse party; but in case no jury is called for, the cause shall be tried by the court.

SEC. 34. When a jury is called for, the court or Clerk shall call the list of jurors summoned and each party shall alternately strike one from the list until the number is reduced to six which jury shall then proceed to try the case.

SEC. 35. If any person shall enter an appeal from the decision he shall give notice thereof upon the same day that the verdict was rendered either by giving notice in open court or by procuring the same to be entered upon the docket of the Court, and shall perfect his appeal within ten days, by paying up all costs already accrued giving security for future costs and paying into court the sum of fifteen dollars, which shall be equally divided between the Judges of the Court of Appeals.

SEC. 36. The Court of Appeals shall consist of the Judge of the miners court the President of the District, who shall be the presiding judge and the Recorder. Said Court shall sit at such times and places as the presiding judge shall direct; but every case of appeal shall be set for trial within ten days from the time the appeal shall be taken and the decision of such Court shall be final. If either of said judge or judges are in any way interested in the event of any suit they shall be disqualified from trying the same and the remaining Judge or judges with the consent of parties shall proceed to try said cause; and in case they do not consent said judge or judges shall select some competent person or persons to sit with him or them and hear and decide the cause.

SEC. 37. Parties shall have the right of trial by jury in equity as well as law cases; and in such cases the jury may render special verdicts upon upon which the Court may enter judgment and issue its decree or order.

SEC. 38. A juror may be challenged for favor, for cause shown by his own evidence or that of others; and each party shall have the right to three peremptory challenges which challenges shall be made first.

SEC. 39. The defeated party shall in all cases be liable for costs of suit.

SEC. 40. All executions issuing out of the Miners' Court shall be made returnable in twenty days from date; and the constable shall note on each execution the day he received the same, and return said execution within the said twenty days whether satisfied or not, with his proper return endorsed thereon.

SEC. 41. All judgments shall be a lien upon the property of the judgment debtor from the first day of the term at which such judgment was rendered.

SEC. 42. All Attorneys who practice in this court shall take and subscribe the following oath: "You do solemnly swear in the presence of Almighty God that you will support the Constitution of the United States and the laws of this District, and that you will faithfully and honestly perform the duties of Attorney according to the best of your ability."

LEVY AND SALE UPON ATTACHMENT.

SEC. 43. There shall be exempt from levy and sale upon execution, all tools necessary for one person to mine with, all clothing, cooking utensils and bedding necessary for the debtor and his family, and necessary provisions for three months; and if he have a family here a dwelling house and lot not exceeding five hundred dollars in value; such articles of household furniture as are strictly necessary together with a family Bible pictures, and relics.

SEC. 44. All property taken in execution shall be posted in three conspicuous places in the District, for the ten days next preceding the sale thereof; and the Constable may adjourn the sale at any time when it appears that the property posted cannot be sold unless at a great sacrifice for want of bidders.

SEC. 45. Money collected on execution shall be paid into the hands of the Court by the Constable to satisfy the judgment in whole or in part, that may be recorded on his books, and the Court shall pay the same to the proper parties or their attorneys

CRIMES AND NUISANCES.

SEC. 46. All crimes committed in this district shall be punished as a jury of twelve men shall direct.

SEC. 47. Any person who shall cause any nuisance affecting the health of the people of this district or liable to affect the health of the people of this District may be sued for the same in the Miners' Court in the name of "Russell District vs. defendant;" who shall be liable on conviction to pay damages in a sum not exceeding one hundred dollars and costs of suit, for the use of said District

SEC. 48. If any person shall obstruct any highway or make any pit or hole and leave it open so as to endanger life or limb upon any usually traveled road or trail such person may be sued as aforesaid, for committing a nuisance and be liable to said District in damages as provided in section forty seven, with costs of suit.

SEC. 49. Every act of commission or omission, which may affect the public health or convenience, shall be regarded as a nuisance; and the person or persons causing the same shall be liable accordingly.

SEC. 50. After any conviction for a nuisance in said Miners court, if the said nuisance is allowed to remain twenty-four hours thereafter, the person or persons who caused the same and whose duty it should have been to remove it, shall be again liable in damages and shall also be liable for each and every twenty four hours after a conviction as hereinbefore provided in this act.

SEC. 51. Executions for nuisances and crimes shall issue in all cases as hereinbefore specified in the name of the District the same as in any other suit at law.

SEC. 52. The Judge of the Miners' Court shall pay over each week to the treasurer of the District all moneys he may collect from judgments in favor of the District, contempts of court and fines of every kind; and the Treasurer shall not pay out the same to any person, unless upon the order of the President and Judge of the Miners court; and said President and Judge shall have power to order the payment of said funds for public or charitable purposes.

SEC. 53. Any person who shall wilfully or maliciously set out any fire in this District or without this District, so that it shall come into this District and destroy any timber or property, shall be guilty of a misdemeanor; and on conviction thereof shall be punished as the Court may direct. Nothing herein shall be construed so as to invalidate the civil rights of parties.

SEC. 54. It is also declared a misdemeanor to peel any living timber for the sake of the bark, in this District and may be punished as aforesaid.

SEC. 55. The Judge of the Miners' Court and the President of the District shall before they enter upon the duties of their offices, give bonds to the District in the sum of one thousand dollars to be approved by the Recorder of the District; and said bonds shall be safely kept by the Recorder for the use of the District, And the recorder shall as soon as possible—and his successor—before entering upon the duties of his office give bonds to the District in the sum of one thousand dollars, to be approved by the Judge of the Miners' court and the President of the District; and said bond shall be filed with the Judge of the Miners' court.

SEC. 56. The President of the District or in his absence the judge of the miners' Court shall have power to call a meeting of the miners whenever petitioned in writing by fifty miners; and said petition shall specify for what purpose the meeting is desired. It shall be called by posting six notices in as many conspicuous places, in said District at least three days before the time of the meeting; and no meeting shall take action on any subject of general importance, unless such object is specified in such petition

PROBATE JURISDICTION.

WATER COMPANIES.

SEC. 58. When Water companies are engaged in bringing water into any portion of the mines they shall have the right of way secured to them, and may pass over any claim, road or ditch, provided the water shall be so guarded as not to interfere with any vested rights.

CUTTING TIMBER.

SEC. 59. No person shall be allowed to cut or carry out of the District, logs or timber of any kind except sawed lumber; and any person violating the spirit of this act, shall be adjudged guilty of a misdemeanor and on conviction thereof shall be punished by a fine not exceeding one hundred dollars; such fine to be collected in the same manner as other judgments.

BOUNDARIES OF THE DISTRICT.

SEC. 60. The boundaries of this District shall remain as fixed by the convention held at Mountain City last March, until changed by a vote of two thirds of the voters of the District at some public meeting legally called or until changed by a convention of Delegates from this and the adjoining Districts

DEFINING CLAIMS.

SEC. 61. All miners may hold one gulch claim, one quartz or lode claim on each lode discovered, one side and patch claim, by preëmption without any restrictions in regard to working the same; and if purchased there shall be no restrictions, provided said purchase or purchases are in good faith and a fair compensation is paid for the same; and title thereto shall be as good and as sacred as title to real estate in the States.

SEC. 62. A gulch claim is understood to be one hundred feet up or down the center of the gulch, from bank to bank: A lode claim shall be twenty five feet on either side of the stakes of the claimant and one hundred feet running on a line of his stakes provided that the claimant shall have twenty five days to develop his crevice and to rectify his stakes from the day of staking. A patch and a side claim shall be one hundred feet square; and in all cases pre-emptors shall be required to plainly define their boundaries. In staking claims, parties shall state thereon their names the date of staking, and if a lode, the name thereof and number and direction; and in other cases what they claim.

SEC. 63. A mining claim which is actually such a claim as described on the record, shall hereafter hold all mines within its limits or boundaries, When lodes cross each other, the one first discovered shall have the right to work out the crevice through the cross lode; and the person discovering a cross lode shall only work the same up to the first discovered crevice; but priority of claim shall in all cases be respected.

SEC. 64. Building lots shall not exceed one hundred feet front by two hundred in depth and may be preëmpted in more than one parcel to suit the claimant. Mill sites shall be two hundred feet square. Mining claims shall take precedence of all others provided they are first recorded, No other claims shall interfere with said mining claims without the consent of the parties holding such claims. If building claim is the first on record the mining shall be done in such manner as not to injure the building thereon.

SEC. 65. Agricultural claims shall not interfere with mining claims.

DISCOVERY CLAIMS.

SECTION 66. Any person who shall develop a lode shall be entitled to two hundred feet thereon as a discovery claim and shall be required to set a post on his claim, designating the name and direction of the lode and that it is the discovery claim; also he shall develop the crevice.

SEC. 67. Females shall have the same rights as males. Youths under the age of ten years shall not be allowed to hold claims.

SEC. 68. No timber claims are allowed.

RECORDS.

SEC. 69. The Recorder shall provide suitable books for his office in which he shall record all claims deeds, and other papers and documents proper to be recorded upon payment of his fees and shall also file and safely keep all documents which are proper to be so filed upon payment of his fees but it shall not be his duty to prepare any papers whatever for record. Claims shall be fully described in writing stating the time of staking the purpose for which claimed and the names of all persons claiming interest therein and the most natural marks or boundaries together with such other things as shall be necessary to a full description. Each paper presented for record shall be filed therefor with an endorsement stating the exact time it was received and shall be recorded in the order received and after being recorded the book and page on which it is recorded shall be endorsed thereon each deed shall be filed for record within five days after its execution and shall be attested by at least two disinterested witnesses. Said records shall at all proper times be open to the examination of all persons. The Recorder shall not keep office open on Sunday nor receive any papers for record thereon and no record or filing thereon shall be valid. All claims shall be filed for record within six days from the staking thereof

TUNNELS

SECTION 70 Any person or persons driving a tunnel in said District shall be entitled to four hundred feet in length and three hundred feet in width as surface claim at the mouth of said tunnel for tunnel deposits; and to eight hundred feet on each and every lead from the mouth to the terminus of said tunnel and at any place on said leads not interfering with previous claimants it shall be the duty of all persons driving tunnels to post notices giving their terminus and direction at the mouths of their tunnels The location of all tunnels together with their direction and terminus shall be recorded where tunnells are legally located it shall be considered that the tunnel company shall have a priority of right to locate their claims within a distance of four hundred feet on each side of the line of their tunnel on all leads from its mouth to its terminus or on such portion of the tunnel as may be in this District If the person or persons locating a tunnel shall fail to work the same for twenty consecutive days after the first day of July next they shall forfeit their claims to said tunnel but not to the claims they have discovered and held by virtue of discovery before the time of forfeiture

ART. 43. *Be it further enacted* that all pleas in equity shall be verified and no remedy shall be allowed in equity when the same can be had at law

ART. 44. *Be it further enacted* that in all cases of the foreclosure of mortgages or liens of any kind upon a claim the equity of redemption shall not extend beyond ninety days

ART. 45. *Be it further enacted* that in all cases of judgment for the partition of claims between joint-owners three disinterested commissioners shall be appointed by the court who shall effect such partition

ART. 46. *Be it further enacted* that the rules of evidence as admitted in the court of the court of the United States shall be observed in the Miners court with the exception that either party may file his affidavit in court at any time before the commencement of a trial wherein he may depose to any acts relative to the issue and shall thereafter depose in the same that none of the foregoing facts contained in such affidavit can be proven by any witness whose evidence it is possible to procure either by deposition or the usual process of this court to compel the attendance of witnesses, when the affidavit may be read in evidence. The adverse party may have the right to abut or explain the said facts so set forth by affidavit, or depose to any facts that may legally affect the matters deposed to by his opponent which affidavit may also be read in evidence.

ART. 47. *Be it further enacted* that depositions may be used in this court in evidence provided the witness is sick and unable to attend the place of trial, about to leave the country or is out of the jurisdiction of the court. Notice shall be given to the adverse party of the time and place where the said deposition is to be taken. The opposite party may demand the nature of the evidence expected to be proven by the absent witness and upon its being stated may if he chooses admit such evidence and proceed to trial.

ART. 48. *Be it further enacted* that in all cases of attachments and replevin the practice prescribed by the laws of Kansas shall be observed and when in the case of an attachment the defendant has left the country or keeps himself secreted within the same so that process cannot be served upon him, publication in some public newspaper printed in the country for two weeks shall be deemed sufficient notice. The order of publication shall not be granted by the court unless a summons has been returned by a proper officer which return shall show that he has made diligent search and inquiry and cannot learn that the defendant is in this country or that he cannot find the defendant and believes he keeps himself secreted to avoid the service of a summons together with other evidence tending to make either of said facts appear.

ART. 49. *Be it further enacted* that garnishee process may issue as a part of the original writ to be served on both defendant and garnishee or separately; or it may be issued after execution is returned unsatisfied; and in either case if the garnishee pay the demand over to the defendant after legal notice he shall still be held liable to the amount of plaintiff's judgment and costs if he was indebted to that amount when service was made and if in a smaller sum, the amount he was indebted at the time notice was served.

ART. 50. *Be it further enacted* that all special proceedings in the court of this district shall be conducted according to the forms prescribed in the Statutes of Kansas for the year one thousand, eight hundred and fifty-nine as far as consistent with the laws and local affairs of this district; and all motions relating to such proceedings shall be sustained or approved by affidavits alone

ART. 51. *Be it enacted* that new trials of all causes which have been or may be tried shall be granted upon the same terms, or by the rules of the common law and it shall be discretionary with the court in all cases to grant or reject the application.

ART. 52. *Be it further demanded* that no debt or demand of any nature shall be collected by suit in this court which has not originated either in coming to this mining region or since the arrival of such debtor within the proposed limits of this territory

ART. 53. *Be it enacted* that in all cases where the liability of persons in actions founded upon contract or in mixed actions is not printed out and defined by the laws of this district the common law rules shall apply to such liability.

ART. 54. *Be it further enacted* that in all cases where a civil action is hereafter commenced in the court of this district the plaintiff shall file a bond with one or more good and sufficient sureties conditioned to pay all costs which may be taxed against him in case he should fail to recover judgment in said suit.

ART. 55. *Be it further enacted* that upon the return day of a summons either party may call for a jury which shall consist of twelve men unless a less number may be agreed upon by the respective parties. A party first calling for a jury shall advance the fees for the same at the rate of one dollar and fifty cents for each juror. And all cases tried by a jury shall be final so far as regards the court of this district. When called, each party shall have the right to three peremptory challenges besides challenges for cause.

ART. 56. *Be it further enacted* that in case the costs cannot be collected against the defendant in any cause wherein the plaintiff shall recover judgment the said plaintiff shall be held responsible for all costs he shall make in said suit.

ART. 57. *Be it further enacted* that if any person shall enter an appeal from the judge of the court of this district shall give notice thereof upon the same day the first verdict was rendered either by giving a notice in open court or procuring the same to be entered upon the docket of the court, and shall perfect his appeal within three days by paying up all costs before that time giving security for future costs and advancing the jurors fees; the cause shall then set for trial two weeks from the first trial unless sooner agreed upon by the parties.

ART. 58. *Be it further enacted* that jurors shall try all causes in equity as well as law, and in equity may render special verdicts upon which the court may enter judgment and issue its decree or order.

ART. 59. *Be it enacted* that the defeated party shall be in all cases liable for the costs of suit.

ART. 60. *Be it further enacted* that all executions issuing out of the court of this district shall be made returnable in twenty days from date and the sheriff shall note on each execution the day he received the same and return the said execution within the said twenty days whether satisfied or not with his proper returns endorsed thereon.

ART. 61. *Be it further enacted* that there shall be exempt from levy and sale upon execution all tools for mining, bedding, clothing, cooking utensils and necessary provisions for three months and in case of a man residing with his family a dwelling house not exceeding five hundred dollars in value and such other articles of household furniture as are strictly necessary together with a Bible, family pictures and relicts.

ART. 62. *Be it further enacted* that notices of all property taken in execution shall be posted in three conspicuous places in the district for the five days next preceding the sale thereof and the Sheriff may adjourn the sale at any time when it appears that the property posted cannot be sold unless at a great sacrifice for want of bidders.

ART. 63. *Be it further enacted* that money collected on execution shall be paid into the hands of the court by the Sheriff to satisfy the judgment in whole or in part that may be recorded on his books and the court shall pay the same to the proper parties or their attorneys.

ART. 64. *Be it further enacted* that all laws conflicting with those passed by the citizens of this district at a public meeting held on the 13th of December 1860 are hereby repealed and shall cease to take effect after this date, and the laws passed at the said time herein before specified shall take effect immediately.

The object of the meeting having been stated, motion was made and carried to appoint a committee to draft amendments to the by-laws. The following gentlemen were appointed on said committee viz: D. Reese, M T. Johnson, and G. W. Ingersoll;

After deliberation the following resolutions & admendments were presented by the committee, and after having them read by the Secretary were adopted by the meeting. viz:

Resolved That article V of these by-laws be amended so as to read,—that persons making locations on Lodes, veins or other deposits of gold, silver or other minerals shall have ninety days from date of record in which to sink a shaft to the depth of ten feet, or to run a tunel or cut in the mind, so as to show a face of ten feet perpendicular & and in all other respects comply with the territorial Law.

Adopted.

Whereas—quite a number of locations were made last year on mines and the locators were unable to comply with article V of these by-laws, therefore be it resolved, that an extension of ninety days from this date be granted to such locators in which to comply with the law; provided the mines claimed shall not have been relocated and recorded prior to this date.

Adopted June 6" 1872.

Whereas—There is now a large amount of lode claims, claimed and held as extensions on which no work has been done. Therefore be it Resolved by the miners of this District that no claim or claims, claimed as extensions shall be legal without the same amount of developments as though the claim or claims were an original discovery

Adopted June 6" 1872.

On Motion, a committee of three, consisting of Messrs Mulholland, Ingersoll and Johnson, *were* appointed to review the by-laws of this District and report to the annual meeting June 15. 1872. any suggestions, alterations, amendments or additions that shall to *them* seem wise or beneficial.

Thence Westerly along the Divide to the point of commencement. The same to include all the water shed whose waters empty into the Rio Las Animas above the starting point.

On motion the chair appointed a committee to draft a code of District mining laws, consisting of R. J McNutt, James Beaton and J. L. Ufford.

The committee submitted their draft to the meeting and the following code was adopted article by article

ARTICLE 1st=The officers of this District shall consist of a President, Vice Presedent, Secretary and Recorder. The duties of the President shall be to call special and preside at all meetings of the District.

Of the Vice Presedent to act in the same capacity in the absence of the President

Of the secretary and Recorder to act as Secretary of all miner's meeting, to hold possession of and be responsible for the safe keeping of all books, papers and records, belonging to the District & to make such entries upon the District records indexing both mines and locators, as may be offered to him, accompanied by a fee of one dollar for each record made.

ARTICLE 2nt The officers of the District shall be elected at each annual meeting of the District, and shall hold their term of office for one year. But in case of unavoidable absence or inability to perform their duties, deputies to each and all may be appointed by themselves or the District. And in case of their wilfully absenting themselves or neglecting to perform duties, each and any of them may be impeached and their place filled for the unexpired term by a two thirds vote of any meeting, where there is a quorum of the votes present.

ARTICLE 3rd A quorum shall consist of thirty voters, who hold property in the District and no impeachment of officers or change of these laws shall be made except by a two thirds vote

ARTICLE 4th=All papers, books & records belonging to the District shall be open to public inspection at all reasonable times under the supervision of the Recorder, but in no case shall they be taken from his possession, except by the District officers in case of impeachment.

ARTICLE 5th=All mining claims shall be recorded after such a general rule and upon such blank forms as may be adopted by the District and shall be numbered together with date and hour, in the order of their filing for record. And each locator of a claim upon presenting his notice for record accompanied by the Recorder's fee, shall be entitled to an exact copy of the record certified to and recorded by the Recorder.

ARTICLE 6th A ledge or Lode claim shall consist of 1500 feet in length and 300 feet in width and shall include all lodes, ledges, deposits of ore, mineral bearing rock, that may have their apex within the limits of the claim, but shall not in any case extend beyond the side or end lines of this parallelogram, or surface claim, except what may be necessary in following down in a direct line, the dip of any lode or ledge, or part of such, as may have its apex within the limits of the claim.

ARTICLE 7th Any persons or persons, locating a lode or ledge claim shall place, or have upon the claim a monument at least two feet in height, and on the same a written notice on paper and within five days thereafter place upon it a stake of at least two feet in hight, with a face upon it at least four inches in width, upon which shall be legibly written, the name of the Lode, the name of the individual locating, a definition of limits and date of location and cause a notice of same to be recorded in the District records within twenty days thereafter.

ARTICLE 8th=Any Miner possessing a mine, or any mill, or furnace owner may claim and hold a mill site of five acres in accordance with the United States Mining laws, with right to use all the water that passes through it, in case he or they return the same to its natural channel upon leaving his premises, without injury to his neighbor, by posting notice on such claim in a conspicious place, defining limits, with name of locator and date of location and recording the same within twenty days from such location

ARTICLE 9th=Any miner may claim and hold, not to exceed one tunnel claim in the District, by posting notice at the face of such Tunnel with date of location and name of locator or locortors, recording and working assessments under the same provisions as are necessary to hold a ledge or lode, claim.

ARTICLE 10th=Any person who shall remove, alter or deface any legal notice of location not his own discovery shall be considered guilty of a misdemeanor and on conviction thereof shall be punished by such fine or forfeiture of rights as may be deemed just and right by a two thirds vote of a quorum of miners of the District.

ARTICLE 11th=In estimating assessments the excavation of one cubic yard of blasting rock, or three cubic yards of pick and shovel work, or three hundred yards of trail made for the use of a mine shall be considered equivolent to thirty dollars worth of labor, and in the same proportion for any greater or less amount Other labor for the benefit of a mine, or whereby greater inconvenience, the expense is greater the amount may be substantiated by voucher and affidavit at the rate of ten dollars for each ordinary days labor, and twelve dollars for each days labor in blasting.

ARTICLE 12th=Where so desired any miners holding property recorded in the records of Los Aminas District may record such property in Eureka District records, with change of name and such further description of such property, together with its surroundings, as may the better accord with the laws of the United States and Eureka District, without injury to former claim or title, providing no adverse rights exist at the time of re recording

SUMMIT COUNTY.—LONG ISLAND AND UNION OR UNION CONSOLIDATED MINING DISTRICT.

MARCH 26*th* 1875

At a meeting of the miners of the (so called) Long Island and Union or Union Consolidated Mining Districts situated at or near the confluence of the Blue and Swan rivers, in the Territory of Colorado and county of Summit J. T. Clark having been called to the chair and A. R. Emmett elected secretary the following preamble and resolutions were unanimously adopted viz;

Whereas The mineral resources of this district are of great value and the development of the same is of vast importance to the miners and to the public generally

And, Whereas The organization of numerous mining districts by persons of limited experience heretofore has had a tendency to encourage speculation to retard development, discourage immigration, complicate titles, promote law suits and render difficult, uncertain tedious and expensive the manner of proceeding to obtain U. S. Patents, as the experience of the last fifteen years has abundantly proven

Wherefore be it resolved 1st That Union and Long Island Mining Districts heretofore indefinitely bounded as follows viz; on the East by Pleasant Park district; on the South by Spaulding Mining District; on the West by unknown district and Ten Mile range and on the North by Unknown district, including the valley of the Blue River and the Swan river at the confluence of the Blue and Swan rivers and extending two (2) miles more or less up the Blue river from its confluence with the Swan river and four (4) miles northerly down and along the Blue river, from the aforesaid confluence of the Blue and Swan rivers, including the valley of the Blue river and any and all parts of mining districts included within the boundaries of the so called mining district is hereby declared abandoned and the laws thereof *Null* and *Void*

2d *Resolved* that all mining claims situated within the boundaries of said districts or either of them, whether Creek, Gulch Bar or Bank claims are hereby declared forfeited and abandoned together with all and singular the rights of any claimant which may have been heretofore.

3rd *Resolved* That sections one and two shall not be so construed as to impair the *just rights* of any person or persons who may have been engaged in mining within the last twelve-months or in actual development of his or their mining property within the above abandoned district.

4th *Resolved* That the laws of the United States and of the Territory of Colorado relative to water rights, size of claims, dump privileges, locations, manner of recording and amount of work necessary to hold possession of a claim, in so far as the same is applicable to placer mining claims is now and shall be hereafter the only recognized authority in the abandoned (so called) Union and Long Island or Union Consolidated Mining District

5th *Resolved* That the written proceedings of this meeting shall be filed with the Recorder in and for the county of Summit and territory of Colorado, within ten days or less from the date above written

SUMMIT COUNTY.—CONSOLIDATED TEN MILE MINING DISTRICT.

At at meeting of the miners called and held in McNulty Gulch July 24th 1875 J. H. Follett was called to the chair and Frank Brandon was chosen secretary.

The object of the meeting was to change the laws of the Old District or district located in early days in and about the head of Ten Mile creek and to locate a new Mining District; the following resolutions or laws were passed

SEC 1st That this district shall be called Consolidated Ten Mile District, and bounded as follows; commencing at a stake at the corner of Park and Lake Co; thence running along the tip of the range between Blue river and Ten Mile and thence on the top of the range between Eagle river & Ten Mile and thence south to the top of the main range, and northerly bound by West Ten Mile creek

SECTION 2d That the old mining laws embraced in the boundaries of Sec 1 are hereby declared *null* and *void* That hereafter all placer mining claims shall be taken and held under the territorial and United States laws concerning the same

SEC 4 That all claims now held under the old District laws and not represented on or before the first day of August 1875, shall be considered forfeited.

SEC 5th That all claims located and held under the old laws and represented according to the same are lawful

SEC 6th All claims not represented on or before the first of July annually are considered forfeited after August the first 1875; the amount of representation being one hundred dollars.

SEC 7th That those laws be duly recorded at the County Recorder's office within ten days of date.

CONSOLIDATED TEN MILE DISTRICT

At a miner's meeting called and held at Clinton City Consolidated Ten Mile District, Summit Co. Colo July 19—1877; the following local laws and resolutions were passed

Mooved that the leagle rates of miner's wages in working assessments on lodes in Consolidated Ten Mile Mining District be fixed at ten dollars ($10.00) per day with pick and shove and twelve and one half ($12.50) blasting.

Mooved that we stand by each other in the support and legitimate rights of each.

Mooved that proceedings be recorded at Breckenridge and published in the Colorado Springs Gazette and Fairplay Sentinel

JULY 19—1877.

At a meeting of the miners of the Consolidated Ten Mile District, held at the home of Benjamin F. Brandon in McNulty Gulch on the evening of the 3d day of October A. D 1878, and which was attended by a majority of the miners of said district; Benjamin F. Brandon was elected to act as President of said meeting and Leonard S. Butler as Vice President, Alvah Lake as Secretary and Newton B. Low as assistant secretary. and the following preamble and resolutions were adopted

PREAMBLE.

Whereas certain incidents have arisen in this mining district during this day, which would lead if not connected by local mining regulations pertaining thereto, to litigation and destruction of the best interests of the district, therefore

No. 1 *Resolved* that this district will be governed in all matters pertaining to Lode mines by the Revised Statutes of the United States and the statutes of the state of Colorado, and the regulations adopted by this meeting

No. 2d *Resolved* that any one person or a number of parties together, may locate in this district, one or more lode mines provided he or they shall have complied with the regulations herein after provided, in relation to the location and work thereon

No. 3 *Resolved* that any locator or locators of lode mines in this district, who before the first day of July A. D 1879 shall have sunk a shaft ten feet deep four feet wide and six feet long, shall be entitled to hold said claim or lode until that date whether he or they shall have struck mineral or paying ore or not

No. 4 *Resolved* That any locator or locators of any lode claim who shall have run an adit or drift or tunnel or incline four feet wide, six feet high and ten feet in depth from a point on the bottom of the same where the adit or drift or tunnel or incline, shall have reached at or near its entrance a depth of five feet he or they shall have possession of the same until the first of July 1879, whether he or they shall have struck mineral or paying ore or not

No. 5 *Resolved* that any locator or locators of lode mines in this district who may have performed that portion of the work heretofore required under these regulations, to hold possession of his or their claim until July 1st 1879 in order to maintain free possession of such claim or claims after the 15th day of July 1879, shall be required to push forward the work on the development of the same, to a point where mineral or paying ore shall have been obtained or the party or parties who shall have located such claim or claims shall have become impressed with the desire to abandon the same and shall apply the labor of two men each day at least and the work by

whom shall be faithfully performed until mineral or paying ore shall be struck or the claim abandoned and any neglect on the part of said locator to perform such work for any consecutive ten days after the said 15th day of July 1879 shall work a forfeiture of said claim and such claim shall be subject to relocation according to the statutes of Colorado.

No 6 *Resolved* That it shall be sufficient before filing a claim for record to retain possession of a lode claim in this district, unless forfeited by failure to work the same, as hereinbefore provided to set a stake 760 feet from each end and 75 feet from each side of said claim, upon which said stake distances shall be described, together with the course of said vein, giving the name of the lode, ledge or deposit and the date of the location of the same and the name of the locator or locators and and no claim so located shall be disturbed by anybody nor subject to forfeiture until the 15th day of July 1879 provided all the conditions in regard to holding possession of the same shall have been fulfilled as hereinbefore provided

No. 7 *Resolved*, That should any mineral be discovered upon any located lode claim in this district which shall have such a dip or angle or be of such a character as that lately called carbonates at Leadville in Lake Co., the mining for the same and the right to the possession of the same on a regularly located claim shall be confined to the space between the side and end lines of the same but should said lode have a nearly vertical dip of from 4° to 9° the party having located said claim, shall have all the rights to dips spurs and angles, as provided in the statutes of Colorado

No. 8. *Resolved* That the name of this camp shall be designated as Carbonateville, and that on the opening of work in the camp on or after the first day of June 1879, the governor of the state and the United States Senator, shall by the officers of this meeting be requested to use their influence to furnish a tri-weekly mail to this district

No 9 *Resolved*—That the boundaries of this district be the same as those heretofore recorded

No 10. *Resolved*; that Carbonateville shall be located at or near the confluence of McNulty gulch with Ten Mile River and near the head waters of Eagle river.

No. 11 *Resolved*;—that we the miners and locators of claims in this district agree to stand faithfully by each other in enforcing the laws of the United States, of the state of Colorado and the foregoing laws, adopted for the government locally of this district (in consequence of the failure of the United States government and of the state of Colorado to supply the wants of this district locally therein) and under all circumstances to combine together and work with each other to resist jumping of claims, except under these regulations and to maintain good order and decent and proper individual conduct in this district

No. 12 *Resolved*;—that this meeting shall resolve itself into an association and that the term of office of its officers shall be for one year from the 15th day of July of each year, on which day an election for President Vice-President, Secretary and Assistant Secretary shall be held at a meeting to be had for the purpose, and that the officers heretofore elected shall hold office until their successors are elected on July 15th 1879

No. 13 *Resolved*;—that no person having located in this district shall have a voice in this meeting or association except he shall by location or purchase be possessed of a mining claim.

No. 14 *Resolved* that the work required to be done on a lode claim, in order to hold the same may be done on any part of said claim.

No. 15 *Resolved*;—that the Representative of Summit county be requested by the officers of this association to present to the Legislature of the state at its coming session these regulations in the event of a movement in said legislature in the direction of remodeling the present statutes of Colorado in regard to lode mining with the request that the same may be endorsed as the law of this district in regard thereto, and to further request said representative to prepare a bill and present the same to the Legislature for its adoption as a law giving to Summit County a width of three hundred feet to lode claims.

No. 16. That the proceedings of this meeting shall be published in the papers at Leadville and Denver and that the same shall be recorded in the recorder's office of Summit County and that the same shall be left in the hands of the President of this association (for the examination by any member of the association or by new locators at any time) and ultimately to be turned over by him to his successor in office.

MEMORANDUM;—these proceedings were adopted by the unanimous vote of all present at the meeting who formed a large majority of the miners of this district

MINERS CONVENTION

Pursuant to notice, the Miners in Burrows' Park, Colorado, met in Convention at Tellurium, August 21, 1875 at 4 o'clock p. m. An organization was effected by electing A Hargrave President and Benton Fraley Secretary.

The Chair stated the object of the meeting to be the organization of a new mining district—it appearing that the records of the Adams district have not been recorded on any county records and can not now be found—and further to fix the legal rates of miners' wages in working assessments in the proposed district.

On motion, a committee consisting of Messrs Niles, Howland, Kiser, Winsby and Bradshaw was appointed to define the boundaries of the proposed district.

After some time spent in consultation the committee reported as follows:

"Boundaries of a mining district to include Burrows Park. All the tributaries of the Lake Fork of the Gunnison river and slopes of the mountains from the summit at the head of said Lake Fork to Cottonwood Junction," which report was adopted, and, on motion, the District was named "Park District."

On motion, the legal rates of miners' wages in working assessments in this district was fixed at 12^{00} per day, with pick and shovel and 16^{00} per day with steel and powder.

It being considered probable that a portion of this district lies in Hinsdale County and a portion in La Platta county, (the county lines having never been run out), it is on motion ordered that our district records shall be recorded in both Hinsdale and La Platta counties, and Frank Barnes and Thomas Logan were appointed a committee to see that the record is completed in the Recorders office at Lake City and at Silverton.

John F Dowling was elected President and Benton Fraley Secretary of the Miners association in this district, for the ensuing year.

A motion prevailed instructing the secretary to send copies of the proceedings of this meeting to the "Silver World" and La Platta Miner," with the request that the same be published; and the meeting adjourned sine die.

HINSDALE COUNTY.—GALENA MINING DISTRICT.

At a meeting held at the town of Galena, on the 11th day of May, the following boundaries of Galena Mining District were established: The eastern boundary line commencing at the head of Crystal Lake, following Crystal Creek to Henson, thence up Alpine Creek to the line of Park Mining district. The Southern boundary line running westerly from the head of Alpine along Park district, to the San Juan County line. Thence northerly ten miles along the line of San Juan County for a western boundary line, thence easterly to Crystal Lake, or place of beginning

H YOUMANS, *President*

JOHN B SEARCH, *Secretary*

GALENA *Hinsdale County, May* 11, 1876.

At a meeting of citizens of Galena District, called for the purpose of organizing as a mineral district; May 17, 1877, the following action was taken

1st—That this district is known as "Galena Mining District"
2d—That the officers of this district shall consist of a President, Vice President and Secretary and shall hold office for one year.

BY LAWS.

Miners' wages shall be eight dollars, thirty-three and one third cents per day, for powder and fuse. [NOTE—this means, if they work with powder and fuse] Other Labor Five dollars per day.

That this is a lode running district and there are at present no Placer mines known to exist in its limits.

That all locations made by fencing and placer claims for the purpose of speculation are hereby denounced.

Resolved, That the boundary of Galena mining district shall commence at the mouth of Alpine Creek, running south to the North boundary of Park district; thence west to the county line, thence east to a point north of the Mouth of Alpine creek; thence south to the place of beginning

DISTRICT LAWS AND REGULATIONS.

"PIKIN" DISTRICT *August* 2 1879

To the miners of Pitkin District:

A meeting of the miners will be held on Saturday at 3 p. m. August 2 1879 at the "Ruby Palace", (the same place of the road meeting, for the purpose of more perfectly organizing the camp, by electing a district Recorder and three Judges before whom all miners' disputes shall be heard and adjudged, and such decisions shall be considered valid by the camp over which they have Jurisdiction. Also for a further consideration of the requirements of this camp.

MANY MINERS

"PITKIN" DISTRICT *August* 8 1879

At a meeting held this day the following was adopted:

Resolved, That we hereby ratify and heartily endorse the proceedings of the first miners' meeting, held in this district on the 8th day of July, 1879; also the subsequent change of name from "Pitkin" to Ruby District, so as to avoid confusion of localities, and repeal all subsequent regulations in conflict therewith.

It was moved and carried that all that section of Gunnison County, drained by the waters of Ohio Creek, Coal Creek and Anthracite Creek, from its head to a distance of fifteen miles, below Brennan's Lake shall be known and is hereby organized as Ruby Mining District.

A committee was appointed to draft by-laws, rules and regulations of the camp, composed of C Christopher, A. B. Litchfield, Charles Deferbough, James D May, and Mr. Copley, which were presented at a subsequent meeting.

RUBY MINING DISTRICT.—BY-LAWS, RULES AND REGULATIONS

Be it enacted by the miners of Ruby Mining District in mass meeting assembled, August 12, 1879, that the following laws, rules and regulations governing the location of claims etc., in said district be adopted to-wit:

SECTION 1. The Ruby Mining District shall consist of all that section of Gunnison County, Colorado, drained by the waters of Ohio Creek, Coal Creek, (a fork of Slate river), and Anthracite Creek, from its head, including Ruby Creek, for a distance of fifteen miles below Brennan's Lake.

SECTION 2. The officers of this District shall consist of a Recorder and Secretary, the Recorder to be ex-officio secretary and shall keep the records of all meetings

SECTION 3. We hereby adopt the United States Mining Laws of May 10 1872, with all acts and amendments thereto, and the Colorado Mining Laws, with the following local rules and requirements.

SECTION. 4. A mining claim located after the adoption of these laws, whether located by one or more persons, may equal, but shall not exceed fifteen hundred feet in length along the vein or lode. No claim shall extend more than 150 feet on each side of the middle of the Vein, at the surface; the end lines of each claim shall be parallel to each other.

SECTION. 5. Any location or certificate of location of a lode claim which shall not contain the name of the lode, the name or names of the locators, the date of location, the number of lineal feet claimed on each side of the discovery shaft, the general course of the lode, with a discovery stake that will at least square three inches, and such other description as shall identify the claim with reasonable certainty, shall be void.

SECTION. 6. Such surface boundaries shall be marked by six substantial posts, hewed and marked on the side or sides which are in toward the claim, and sunk in the ground to wit: One at each corner and one in the center of each side line where it is practically imimpossible, on account of bed rock, to sink such posts, they may be placed in a pile of stone, and when in marking the surface boundaries of a claim, any one or more of such posts shall fall by right upon precipitous ground, where the proper placing of it is impracticable, or dangerous to life or limb, it shall be legal and valid to place any such posts at the nearest practical point, suitably marked to designate the proper place.

SECTION. 7. In order to hold the possessory right to a claim, there shall be done not less than $100 worth of work or improvements thereon each year, and for the first year the work or improvements thereon shall be completed within sixty days from date of discovery.

SECTION. 8. Any discovery shaft five feet by three and a half feet, by ten feet deep from the surface on the vein or lode, shall be considered $100 worth of work; or any open cut, cross cut or tunnel five feet in width, which shall cut a lode at the depth of ten feet below the surface, shall hold such lode the same as if a discovery shaft were sunk thereon or an adit, of at least ten feet in along the lode, by five feet wide, from the point where the lode may be in any manner discovered, shall be equivalent to a discovery shaft.

SECTION. 9. The office of Recorder is hereby declared elected for this district, for the year ending August 1, 1880.

SECTION. 10. It shall be the duty of the Recorder to call meetings of the miners of the district whenever a petition is handed him signed by ten or more persons owning lode claims in this district, or the legal representatives of such lode claim owners, requesting him to give notice of such meeting for the purpose of altering or amending the laws of this district or for the consideration of miners' disputes on claims, or for the election of officers, and such notices shall be posted in at least five conspicuous places in the district for at least ten days previous to the meeting, and it shall be the duty of the Recorder to record all location notices upon the payment of his fees. He shall have the right to appoint one or more deputies and shall be entitled to the following fees: For recording quartz mining claims, coal claims, mill sites and tunnel rights, each (2^{00}) two dollars, and for deeds bonds and mortgages, and other instruments of writing, one dollar for the first folio, and 50 cents for each additional folio; and certified copies of location notices shall be furnished for one dollar each.

SECTION 11. Deposits of borax, coal or iron must be entered under the mining laws, under the proceedings required in cases of placer mines. [Copp's Mining decision, 194 and 235.]

SECTION. 12. It shall take at least a four fifth vote from all miners present at any meeting to change, alter or amend the rules regulations or by laws of this district.

CALLED MEETING

At a called meeting of the Miners Association of Ruby District, August 24, 1879, a resolution was adopted denouncing all forceable settlements of miners disputes, and a board of arbitration to be appointed for this purpose, in case of all disputes and differences as to claims and locations

CERTIFICATE OF RESOLUTIONS PERU MINING DISTRICT

Your committee after carefully considering the subject under discussion viz; "the staking working and holding of claims and other mining interests," they well knowing that the existing statutes on those points are very explicit yet feeling the importance of some united action whereby disputes and consequent delays in the development of said interests in this district may be avoided, add in order to shape such action your committee would respectfully suggest that a standing committee be elected having certain powers granted them to act and duties to perform. Therefore be it

Resolved That a standing committee of five practical miners shall be elected at a regularly called meeting whose duty it shall be to thoroughly investigate all mining disputes presented to them in writing and decide upon the same according to their best judgment.

ARTICLE 2d. That in case said contestants are dissatisfied with the decision of the standing committee they may appeal to the next regular miner's meeting by signing articles of agreement to abide by the majority vote of said meeting such vote to be considered final.

ARTICLE 3rd. That the chairman of said committee shall be empowered to call a miners meeting whenever a majority of said committee deem it expedient by posting at least two written notices in conspicuous places for not less than three nor more than six days prior to said meeting.

ARTICLE 4th. That any person or number of persons taking a mining claim shall commence work on said claim before the expiration of ten days from the hour of staking said lode or claim, or forfeit all right to protection from the standing committee

ARTICLE 5th. That in staking a mining claim the general directions and distances with date and name of said claim shall be stated on the stake.

ARTICLE 6th. That any person or number of persons staking a mining claim of 150 feet wide by 1500 feet in length or less shall be protected in the exclusive right for sixty days, to prospect said ground and sink his ten feet hole, if said party conforms to Article 4th

ARTICLE 7th. That after work has been commenced on a mining claim, said claim shall be worked expeditiously until finished, and tools to remain in the hole until completed, said tools to be plainly marked.

ARTICLE 8th. That any person or number of persons proven to have molested or feloniously taken tools from said holes or workings, the same shall be reported at the next regular miner's meeting for their action.

ARTICLE 9th. That any person or number of persons staking a mining claim that has been forfeited according to law, shall be protected in his rights while conforming to Article 4th

ARTICLE 10th. That in case a mining claim is forfeited the parties restaking said claim shall preserve the original stakes, if there be any and such old stakes shall be accepted in evidence in questions of dispute.

ARTICLE 11th. That these resolutions shall take effect from the time of their adoption.

CLEAR CREEK COUNTY.—ATLANTIC MINING DISTRICT.

The Atlantic District is a new mining District of Clear Creek County, formed in June 1880. The following are the published minutes of the organization meeting of the miners, held at the office of D. J. Ball in Empire.

Whereas, we, the miners and property holders in the new camp which comprises a part of the western portion of Clear Creek County, Colorado, have by prospecting, development and assays proven the existence there of rich silver and gold ores in true fissure veins, and, as we believe, in great quantity; and being desirous of forming a new district and establishing certain rules and miners' laws for the protection of the people of the district, do hereby declare in public meeting: First: That a new mining district in Clear Creek County is hereby organized, the boundaries of which shall be as follows: Commencing at a point in the centre of Middle Clear Creek due south of J. Musser's cabin; thence westerly along the centre of said Middle Clear Creek to a point where Jones' wagon road crosses said creek; thence south westerly along the line of said Jones' wagon road to Jones' pass; thence following the summit of the Snowy Range northeasterly through Vasquez Pass and Berthoud Pass to the summit of Mt. Flora, thence southerly on a direct line to the place of beginning. Second, That the name of said mining district shall be Atlantic, and shall be (so?) known and specified in all records of property discovered therein. Third, That nothing herein enacted shall interfere or prejudice any rights heretofore lawfully acquired within the boundaries of this district. Fourth, That a committee of three citizens be appointed to select a site for a town at some point on Middle Clear Creek which will best accommodate the camp. Fifth, That the name of the town shall be Atlantic. Sixth, That the committee on town site shall consist of Henry M. Cline, George S. Russell and Wm M. Moore, and that they proceed immediately to select and survey the Town of Atlantic, and be authorized to assess the citizens for the necessary funds to pay expenses. A number of miners laws in regard to the holding of town lots, cutting timber, grazing of stock and cattle and other matters were passed.

CHAFFEE COUNTY.—CHALK CREEK MINING DISTRICT.

CONSTITUTION OF THE MINER'S ASSOCIATION CHALK-CREEK MINING DISTRICT.

PREAMBLE

We miners and mine owners of Chalk Creek Mining District, Chaffee County, Colorado, in order to secure the mining claims of said district from molestation and depredation by men of unprincipled character, do hereby formulate the following constitution for the government of our actions, binding ourselves, each and every one, under penalty of being expelled from the Association and branded far and wide as a coward and a person unfit for the communion of honest men, should we in the least, knowingly or wittingly, fail to uphold and support this, our constitution or the actions of bodies regularly constituted under it, all of which shall be as lawfully right as may be within our power.

SECTION I.

1. The Association shall be known as the Miner's Association of Chalk Creek Mining District
2. The association shall be formed, as near as may be, of two-thirds of the men interested in mining pursuits in Chalk Creek Mining District, Chaffee County.
3. The officers of the association shall be a President, two Vice Presidents, Secretary and Treasurer.
4. The duties of the President of the Association shall be to preside at all meetings of the association, decide in cases of a tie and call meetings as elsewhere provided for.
5. The duties of the Vice Presidents shall be to take and fill the position of President upon the absence of that officer.

6. The duties of the Secretary shall be to keep a full and faithful record of all proceedings of the association; also embodying in his minutes a digest of the minutes of the secretary of the Executive Committee.

7. The duties of the Treasurer shall be to receive, collect and disburse monies in behalf of the association and to keep a true report of his action. in relation to his office.

8. The term of office for all officers known in this Constitution both in the general association as a whole, and by the Executive Committee as a part, shall be one year from date of election, unless sooner removed.

9. Just cause for removal from office shall be failure to support the Constitution, or negligence in official duties

10. The association shall have one regular meeting on the Saturday of the third week in July of each year; but meetings may at any time be called by the Executive Committee at said Committee's discretion, or by a petition signed by fifty of the members of the Association and presented to the President of the Association.

11. A proper notice shall be exhibited in prominent places throughout the district, at least two weeks before each regular annual meeting and one week previous to all call meetings; shall in all cases be signed by the President and secretary of the Association.

SECTION 2.

1. At each regular meeting of the Association a committee of twelve shall be appointed, to be chosen from out the Association; said committee to be called "The Executive Committee of the Miners Association of Chalk Creek Mining District."

2. Each member of the Executive Committee shall, within two weeks subsequent to election be required to swear to the following oath before a notary public, under penalty of being expelled from the association.

OATH

I ——— do hereby most solemnly swear before God and man to perform the duties of my office in as honest and truthful a manner as is within my power without the least equivocation or evasion whatsoever, so help me, God.

3. Within three weeks subsequent to election, the Executive Committee shall have a meeting for the transaction of business and the election of officers.

4. The officers of the Executive Committee shall be a President, Secretary and Treasurer.

5. The duties of the President shall be to preside at all meetings of the Committee, decide in cases of a tie vote and call meetings as elsewhere provided for.

6. The duties of the Vice President shall be to fill the position of President when that officer is absent.

7. The duties of the Secretary shall be to keep a true and faithful record of all proceedings and to hand the same to the Secretary of the Association when the latter officer may require him to do so.

8. The duties of Treasurer shall be to receive Monies from the Treasurer of the Association upon presenting a written order to that officer from the President of the Executive Committee, and disburse the same in behalf of said committee. It shall be his duty to keep a correct record of all receipts and expenditures, and transmit the same to the treasurer of the association, when the latter officer may require him to do so.

9. A quorum for the transaction of business by the Association as a whole or the committee as a part, shall consist of two thirds of the membership.

10. A majority vote shall be necessary for the passage of any vote or other business before the association or the executive committee

SECTION 3.

1. The Executive Committee shall be ready and willing at all times to hold meetings when requested to do so by persons having mining disputes for adjudication.

2. The Executive Committee shall be a power of arbitration in all mining disputes brought to it for a settlement.

3. The proper person to whom mining disputes shall be brought is the President of the Executive Committee, who shall, upon such information, call a meeting of the committee, which shall upon requisite information, appoint an examining Committee of three, chosen from their own number, Said Committee to be placed before the contending parties for rejection or acceptance. Any rejected member shall be replaced by others, chosen by the Executive Committee from their own body until an examining committee shall be found acceptable to both the contending parties. If none such can be found, then the Executive Committee shall appoint three members from their own body who shall proceed to examine into all particulars concerning the dispute brought before the Executive Committee, using all care and descretion and proceeding with all possible dispatch. The examining committee shall, within one week, from appointment, call a meeting of the Executive Committee through its President, and lay before the committee assembled their report. The Executive Committee shall then proceed to deliberate upon the case, and shall, within as short a time as they shall deem possible, give and enforce their decision to the disputants. Should any point require further elucidation before judgment can be reached, then the Examining Committee shall make further inquiries, to be embodied into another report.

4. The Executive Committee shall, at each regular meeting of the association, if so voted by that body, present a report of their actions from the time of the last report.

5. The Executive Committee shall have the power to use what measures it sees fit to carry into effect its decisions, if necessary, calling for help upon members of the association, who shall furnish them such help as they shall deem necessary.

6. This constitution is subject at any time to amendment, by a two-thirds vote.

7. Giving our every effort to act with due prudence and deliberation in supporting this constitution and the actions of the bodies regularly constituted under it, we subscribe ourselves to it as the exposition of our will.

I hereby certify that the above is a true copy of the original constitution as adopted, now on file in my office.

GUNNISON COUNTY.—PITKIN OR QUARTZ CREEK MINING DISTRICT.

LAWS AN REGULATIONS OF THE PITKIN MINERS' & MERCHANTS ASSOCIATION

The first meeting was held August 7 1880. The following is an abstract the proceedings; as taken from a a newspaper report

THE MINERS' MEETING.

Mr. John T. Dixon was elected temporary president, and Frank P. Sheafor temporary secretary, but the latter not being present, William Crawford was nominated and elected.

A committee on permanent organization, consisting of Messrs. Hart, Herzberg, Mills, Ferry, Ebey, McDaniels, Dixon, Fulton, Cornwell and Clemes was nominated and elected.

The committee on permanent organization, through their chairman, Mr. Juan S. Hart, and announced themselves ready to report.

The report of the committee on permanent organization was then read. It provided for a roll of members, for the election of a president, two vice presidents, secretary, treasurer, advertising committee, committee on mines and visitors, committee on freights, and a committee on ores. The report was accepted and the committee discharged.

Those desiring to enroll themselves as members of the association were requested to give their names, and the following responded:

John T. Dixon & eighty seven others

It was moved and seconded that the secretary be authorized to solicit more signatures. Carried.

The meeting then proceeded to the election of permanent officers and members of the following committees;—advertising, mines & visitors, freights, and ores.

Messrs. Ferry, Hart and Chisholm were elected a committee on constitution and by-laws, to report at the next session, and the meeting then adjourned until this evening.

SECOND MEETING.

AUGUST 14 1880

Prest. Hart called the meeting to order, and the roll was called by Secretary Crawford.

On account of the small number present and the importance of the meeting, Mr. Humphreys moved to adjourn.

This motion was after some discussion withdrawn.

Messrs. Wm. Marders, W. H. Vance, C. M. Cate, C. M. Humphreys and Joseph Karnaley thereupon signed the roll.

Mr. Mills moved to proceed to hear the report of the committee on constitution and by-laws.

The president decided that the minutes should be first read.

Mr. Culton thought Mr. Humphreys should be allowed to repeat his motion to adjourn.

On motion of Mr. Chisholm the reading of the minutes was dispensed with, much to the relief of ye secretary.

The Committee on Constitution and by laws then presented their report, which was discussed by section.

Mr. Mills moved that the report be placed before the house for consideration.

After some discussion carried.

It was moved and carried that the report be acted on seriatim.

The committee then reported the name as the Miners' and Merchants' Association, of Pitkin, which provoked considerable opposition and discussion, and was finally, on motion of Mr. Cornwell, changed to Miners' and Merchants' Co-operative Association.

(The constitution and by laws as amended are given further on.)

Sections 2, 3, 4 and 6 of the constitution were adopted, and 5, 6, 7, 8 and 9 were laid over until the next meeting.

Two amendments to the by-laws were carried, one by Mr. Sugget that a two-thirds vote of those present should be required to make any alteration in the constitution and by-laws, and one by Mr. Stevenson that notice of any amendment should be given at the meeting prior to that at which action should be taken.

Articles 1, 2, 3 and 4 of the by-laws were laid over until the next meeting; article 5 was adopted; article 6 was adopted; article 7 was adopted, which wound up the report.

Mr. Smith then moved to proceed to the election of officers under the constitution. The motion was put and carried.

Mr. Stevenson nominated Mr. Clemes, and Mr. Patterson nominated the present president, Mr. Hart.

A lively discussion now took place, some claiming that the present officers were permanent and others opposing. A motion by Mr. Culton to reconsider the last vote was put and carried, and then on motion of Mr. Humphreys the meeting adjourned until this evening at 8 o'clock. The president, previous to adjournment, was authorized to appoint a committee to watch the man who kept the key and to furnish lights.

THE M & M ASSOCIATION

AUGUST 21 1880

The association met in the Town Hall on Saturday evening, August 21, a small number being present. The President Called the meeting to order

The question as to what number Constituted a quorum was discussed, some thinking it better to adjourn until the following Saturday

Mr. Chisholm moved an amendment to the by-laws, that twenty Constitute a quorum.

Mr Shumate moved to make the number fifteen, which motion was lost.

The original motion was then Carried.

Mr. Sheafor moved that a quorum be declared present, and the meeting proceeded to business. The motion was Carried.

The minutes were read, amended, and, on Motion of Mr. Stevenson, adopted.

Section 9 of the Same article was adopted

Sections 1, 2 and 3 of the by-laws were adopted.

Section 4 was amended and adopted.

Notice of amendment to section 3 of article 4 was given by Mr. Crawford.

DAKOTA.

CUSTER COUNTY.—CHEYENNE MINING DISTRICT.

In June, 1875, there then being 30 to 40 miners on French Creek in and about Custer, a meeting was held and the Cheyenne Mining District formed. A few laws were passed, and a recorder elected.

On January 5th 1876, the miners again came together. D. K. Snively was elected Chairman, and G. E. Thornton Secretary.

J. P. Harlow offered the following resolution:

Resolved, That all claims on French Creek, held or pretended to be held by persons not now in the Black Hills, are hereby declared to be vacant and open to re-location by citizens of the United States, and those who have declared their intentions to become such.

This was adopted.

Mr. S. R. Shankland moved that claim No. 42 above discovery, belonging to James Saunders, should be reserved, as Saunders was then on his way into the Hills, with a saw-mill. This also was adopted, and then the meeting adjourned until the following Saturday.

According to agreement, the miners came together January 8th 1876, and the following laws were adopted, all previous regulations being declared null and void.

LAWS OF THE CHEYENNE MINING DISTRICT.

SECTION I The Cheyenne Mining District shall extend from discovery, at a point called the Bear Hole, down French Creek as far as White's Rock, where it intersects the Energetic Mining District, and up the Creek from discovery to the source of the creek.

(At a meeting held April 26 1879, at which Cyrus Cole was elected Chairman, and S. R. Shankland, Secretary, Sections I, IV, XV, and others were amended. I give the amendments under each section.)

SECTION 1—Amended April 26th 1879.

The Cheyenne Mining District shall extend from the extreme head of French Creek to a point called White's rocks on said French Creek about one and a half miles below Custer, and 5 miles in width on each side of said creek.

SECTION II—There shall be two kinds of placer claims: gulch claims and hill claims. Gulch claims shall include all banks and bars not more than thirty (30) feet above the surface of the Creek. Hill claims shall include all elevations above the height of gulch claims.

At a meeting held January 15th 1876, with P. J. Keefer in the chair, and S. R. Shankland, Secretary, this section was amended as follows:

SECTION 2—Amended Jan. 15th 1876.

"There shall be two kinds of placer claims, gulch claims and hill claims. Gulch claims shall include all banks and bars not more than 30 feet above the surface of the creek, and 300 feet in length. Hill claims shall include all elevations above the height of gulch claims".

At a meeting held April 30th 1876—D. K. Snively, chairman, S. R. Shankland, secretary—this was again amended, as follows:

SECTION 2—Amended April 30th 1876.

There shall be two kinds of placer claims, gulch claims and hill claims. Gulch claims shall include all ground lying between the first outside rim of adjoining bars on each side of the main channel of the gulch.

Section 2—Amended April 26th 1879.

"There shall be four kinds of claims, to wit: Gulch or Creek Claims, Bar Claims, Hill Claims, and Dry Sag Claims. Gulch or Creek claims embrace all the ground lying between the two rims of the gulch. Bar claims embrace 150 feet in width from the rim of Gulch or Creek claims. Hill claims, Gulch claims, Bar claims and Dry Sag claims shall be 300 feet in length and 150 feet in width, except gulch or Creek claims which shall be confined to the space lying between the two rims".

SECTION III—Gulch claims shall extend 300 feet parallel with the creek and 100 feet back on each side.

(This section was stricken out at the meeting held Jan. 15th 1876.)

SECTION IV—All citizens of the United States, or who have declared their intention to become such, may locate a claim in this district; but no one shall be entitled to hold more than one gulch claim, nor more than one hill claim by location

Section 4—Amended April 26th 1879.

"Any citizen of the United States, or who has declared his intention to become such, may locate a claim of each character as described in Section 2 of these laws, but no person shall be entitled to hold more than one claim of each kind by location in the same gulch, but in case of sale or abandonment of a claim, a claim can be located in any other gulch".

SECTION V—Location of a claim must be made in person.

SECTION VI—Notice of a claim must be conspicuously staked at each end of the claim, with name of locator, date of location, and nature of the claim plainly written on the stakes.

SECTION VII—Claims must be recorded in 5 days after their location, or continually worked. All recorded claims must be represented by one day's labor every 10 days. Working of one of a company's claims shall be proper representation of all their joint claims. Failure to comply with this section subjects the claim to relocation.

Section 7—Amended April 30th 1876.

"Claims must be recorded in five days after their location or continually worked. All recorded claims must be represented by four days labor in every week."

Amended April 25th 1879.

"All claims must be recorded in 5 days after location or continually worked, and all recorded claims must be worked one day in each week or the same shall be subject to relocation. Work upon any one of a Company's adjoining claims shall be considered proper representation for all claims held by the company adjoining".

SECTION VIII—Claim owners shall have the right to run ditches, canals or tunnels through claims above or below their own, but must leave a sluice head of water in the creek for the working of claims above, and must return the water turned from the creek to its natural channel at the lower end of their claims, unless otherwise arranged between parties interested.

Section 8—Amended April 30th 1876.

"Claim owners shall have the right to run ditches, canals or tunnels through claims above their own, but must leave a sluice head of water in the creek for the working of claims above, and must return the water turned from the creek to its natural channel at the lower end of their claims, unless otherwise arranged between parties interested".

SECTION IX—No person shall be allowed to dump tailings on claims not their own, except by consent of owners.

Section 9—Amended April 30th 1876.

"No person shall be allowed to dump tailings or back water on claims not their own, except by consent of owners".

SECTION X—Pulling up, destroying, or defacing of claim stakes works forfeiture of right to hold claims in this district.

SECTION XI—A recorder of the district shall be elected by ballot on the 8th day of January of each year. His term of office shall be one year, unless sooner removed. It shall be his duty to stake off all claims in the district and number the same. He shall keep a proper book of record, which shall be open to public inspection at any time, in which he shall make a correct entry of all claims presented for record, with name of locator, date of location, and number and nature of claim. He shall issue a certificate for each claim recorded, and shall be entitled to a fee of $1.00 for recording each placer claim.

SECTION XII—The recorder of this district may be removed from office by a two-third vote of a meeting of not less than 75 miners holding claims in this district, for malfeasance in office, or incompetency.

SECTION XIII—Adverse claims, or grievances may be brought before and decided by a meeting of miners of this district sitting as a court of arbitration, or may be decided by a committee of an even number of miners of which number either party in contest chooses one-half.

SECTION XIV—A miners' meeting in this district shall be called by the recorder upon the written application of not less than 10 miners holding claims in the district, and written notice of such meeting shall be posted at least 5 days before such meeting is to take place, in 2 different places in the district.

SECTION XV—The foregoing laws and regulations cannot be altered, changed or annulled, except by a two-third vote of a meeting of not less than 40 miners holding claims in this district.

Section 15—Amended April 26th 1879.

"The foregoing laws cannot be altered, changed or annulled, except by a two-thirds vote of not less than 12 miners holding claims in this district".

SECTION XVI—These laws and regulations shall take effect and be in force from and after their passage.

SECTION XVII—(Adopted April 26th 1879) Any discoverer of a new gulch or channel shall be entitled to an additional claim by right of discovery.

LAWRENCE COUNTY.—WHITEWOOD QUARTZ MINING DISTRICT.

LAWS OF THE WHITEWOOD QUARTZ DISTRICT.

In accordance with a notice published in the Black Hills Pioneer, on the 9th day of December 1876, and with other notices posted in conspicuous places before and after advertising above, of which notice, the following is a copy:

Notice is hereby given that a meeting of the Quartz Miners of Whitewood District, will be held at Gayville, on the 29th day of December, A. D. 1876, at 2 o'clock, P. M., at the house of Thomas Campbell, for the purpose of making local and adopting general laws. It is of vital importance that all those who have any interest in that respect should be present. "Whitewood District" is that portion of the Black Hills which embraces Whitewood Creek and all its tributaries.

T. H. CARR, "*Recorder*"

The meeting convened in pursuance to call of notice at 2 o'clock P. M., at the house of Thomas Campbell, at Gayville, in the Black Hills, D. T.

On motion of T. H. Carr, Mr. D. E. Costigan was elected temporary president of the meeting.

On motion of John M. Murphy, Mr. T. H. Carr was elected temporary secretary of said meeting.

On motion of S. P. Romans, Mr. D. E. Costigan was chosen permament president and T. H. Carr permament secretary.

On motion, the president appointed John M. Murphy, S. P. Romans, John Bell, Henry Spruce, and George L. Houghton as a committee of five, with the first named as chairman, "to draft local, and to adopt general laws for this district," and they were instructed to report at an adjourned meeting to be held December 30th 1876. Upon this, the meeting adjourned.

On December 30, the miners again came to-gether, and the committee presented their report in writing, which upon being read, was adopted section by section. It was as follows:

Be it enacted by the Quartz Miners of Whitewood Mining District in mass meeting assembled December 30th 1876. The following laws rules and regulations governing the locations of quartz claims in said district, to-wit:

SEC. 1. Whitewood District shall consist of all that section of country drained by Whitewood Creek and tributaries. The officers of Whitewood District shall consist of a Recorder and Secretary. The Recorder to be *ex-officio* Secretary and shall keep the records of all meetings.

SEC. 2. We hereby adopt the United States mining laws of May 10th 1872, with acts, amendments, thereto, with the following local rules and requirements.

SEC. 3. From and after the approval of these laws, all citizens of the United States of lawful age and those who have declared their intentions to become such, under the regulations specified by law shall have the right to locate claims in Whitewood mining district upon veins or lodes of quartz or other rock in place bearing gold, silver, cinnabar, lead, tin, copper or other valuable deposits.

SEC. 4. A mining claim located after the adoption of these laws, whether located by one or more persons, may equal but shall not exceed 1,500 feet in length along the vein or lode; no claim shall extend more than 150 feet on each side of the middle of the vein at the surface. the end lines of each claim shall be parallel to each other.

SEC. 5. In order to entitle any person or persons to record any lead, lode or leads of quartz claim either of gold, silver, cinnabar, lead, tin, copper or other valuable deposits, there shall first be discovered a vein, lode or mineral deposit, lying in place, upon the ground claimed, the said claimant or claimants shall place a post or monument at each corner of the land claimed; also a post or monument at each end of the land claimed, marking the centre of the land claimed; also a post or monument at the centre of each side line; also at discovery shaft, a stake or board upon which shall be designated the name of the lode or claim, the name or names of the locators, the number of feet of ground claimed and in what direction from the point of discovery, and the number of feet claimed on each side of the vien or crevice, and such a description of the claim by reference to some natural object or permament mound as will identify the claim, such as prominent buttes, the confluence of streams and other land marks in the vicinity of the mines.

SEC. 6. A copy of a location notice of a mining claim tunnel site or mill site, shall be handed to the Recorder of this district within 20 days from the posting of said notice on the claim or the location shall be held as abandoned.

SEC. 7. In order to hold a possessory right to a claim, there shall be not less than one hundred dollars ($100) worth of work done thereon during each year, and in performing such labor, 500 cubic feet in picking ground, and 125 cubic feet in blasting rock shall be estimated at one hundred dollars.

SEC. 8. It shall be the duty of the Recorder to call meetings of the quartz miners of this district, whenever a petition is handed him signed by ten or more persons owning quartz claims in this district or the legal representatives of such quartz claim owners, requesting him to give notice of such meeting for the purpose of altering or amending the laws of this district or for the election of a quartz recorder, and such notices shall be posted in at least five conspicuous places in the district for at least ten days previous to the meeting, and it shall be the duty of the recorder to record all location notices upon the payment of his fees. He shall have the right to appoint one or more deputies and shall be entitled to the following fees: For recording quartz claims, mill sites, and tunnel rights, each two dollars, and for deeds, bonds, mortgages and other instruments of writing, one dollar for each folio and fifty cents for each additional folio, and certified copies of location notices shall be furnished for one dollar each.

(To this, the following amendment was offered, carried and incorporated in the section:—"That any meeting hereafter called, it shall require a two-thirds majority of the quartz miners present to decide any measure before said meeting.")

SEC. 9. The District Recorder is hereby authorized to administer oaths or affimations when the mining laws of the United States require the same, relative to mining purposes.

SEC. 10. The present Recorder, T. H. Carr, is hereby declared elected recorder for the year ending December 31st 1877.

SEC. 11. The records are hereby declared to be the property of the district. The Recorder shall turn over to his successor in office all books, records, papers and documents belonging to his office, and in the event of the organization of a county in this district, he shall turn over to the recorder of the county all the records of his office when such county organization is completed.

On the 6th day of March, 1877, the miners again met and passed this resolution:

SEC. 12—"*Resolved*, That we the quartz miners of Whitewood Quartz Mining District, in mass meeting assembled, re-enact and legalize the laws heretofore passed and adopted in this district and that Thomas H. Carr, the present recorder be elected and is hereby declared recorder of this district for one year from this date".

S. P. Romans was in the Chair, and Geo. S. Houghton acted as secretary.

On the 10th day of May, 1877, the miners again came together, and passed the following:

SEC. 13. "*Be it Enacted by the quartz miners of Whitewood Quartz Mining District, in mass meeting assembled*, That the quartz recorder of said district is hereby authorized to turn over all records, laws, papers and documents, belonging to said office to the Recorder of Deeds of Lawrence county, D. T., within thirty days from date, and the recorder is requested to take receipts for the same when delivered".

S. P. Romans also presided at this meeting, and T. H. Carr performed the duties of secretary.

On April 30th, 1877, Carr received the following:

"T. H. Carr, Esq.

"Sir: Your petitioners would respectfully ask that a meeting of the quartz miners of Whitewood Quartz District, be called in conformity with section (9) of the laws of said district for the purpose of changing a portion of section twelve (12) of said laws, and for the transaction of such business as may legally come before the meeting".

This was signed by W. M. Bull, James Ryan, John Sinclair, H. H. Reed, E. F. Gallaher, M. Goldman, L. P. Elliott, and D. Jones, and in accordance with the petition, the following notice was given:

May 25th, A. D. 1877.

To all whom it may concern:

Notice is hereby given that a meeting of the quartz miners of Whitewood District will be held at the house of Thomas Hanley, in Gayville, on the 8th day of June, A. D., 1877, at 7 o'clock, P. M., to transact important business relative to the records of Whitewood District.

The meeting duly convened and J. H. S. Coleman was elected president and Wm Lardner secretary.

On motion, and by a unanimous vote the following portion of Sec. 12, to-wit: "And in the event of the organization of a county in this district, he shall turn over to the recorder of the county all the records of this office when such organization is completed," and the whole of section 14 be repealed.

(Note—It will be noticed that there is a great discrepancy in numbers concerning the sections acted upon. As I am simply copying the originals, I do not pretend to reconcile or explain these differences, being concerned only in facts and accurate *fac similes* of papers. Grayson P. Mac Arthur, Special Expert.)

In the latter end of August, about the 28th, the following notice was posted:

"Notice is hereby given that a meeting of the miners of Whitewood Quartz Mining District, will be held in the house of Thomas Campbell, of Gayville, on the 7th day of September, 1877, at 7 o'clock, P. M., for the purpose of electing a recorder to fill the vacancy caused by the death of the late recorder, Thomas H. Carr, who was killed by the Indians, August 27th A. D. 1877.

"J. B. CARR."

The meeting convened, and then adjourned to the office of the deputy recorder, on placer claim No. 4 of Deadwood Gulch above discovery.

On motion, J. B. Carr, was elected for the year ending March 6th 1879. Wm H. Brown was chairman, and J. B. Carr, secretary.

IDAHO COUNTY.—WASHINGTON GOLD AND SILVER QUARTZ MINING DISTRICT.

THE LAWS OF THE WASHINGTON QUARTZ MINING DISTRICT, WARRENS, IDAHO CO. I. T.

SEC. 1. This district shall be known by the name of the "Washington Gold and Silver Quartz District," and shall be bounded as follows; Commencing at the south-west corner of Meadow Creek District; thence running easterly along the line of Meadow Creek District to its south-east corner, thence down the eastern line of said district to the mouth of Elk Creek, thence up Salmon river to the junction

of the north and south forks of said river, thence up the south fork to the dividing waters of said south fork and the Payette country and from thence to the place of beginning.

SEC. 2. The locators of quartz claims in this District shall record the same with the Recorder of their respective county, within ten days after location, unless located more than thirty miles from the place of recording, in which case twenty days shall be allowed; and the County Recorder shall be allowed one dollar for recording each quartz claim and making the necessary filings and indexing; but in no case shall said fees exceed the sum of five dollars upon any set of claims.

SEC. 3. Transfers of quartz claims shall be duly acknowledged by a proper officer, and recorded by the County Recorder.

SEC. 4. That any person or persons who may hereafter discover any quartz lead or lode, shall be entitled to one claim thereon by right of discovery, and one claim each by right of location. *Provided*, That no person shall be entitled to hold more than one claim by right of location on any one lead or lode, and that no person shall be entitled, or have the right to locate or to hold by location, or to have recorded any claim or claims on any lead or lode unless he be a resident or inhabitant of this Territory.

SEC. 5. Each claimant shall be entitled to hold by location, two hundred feet on any lead or lode in the District, with all its dips, angles, and spurs, off-shoots, out-crops, depths, widths, variations, and all the minerals and other valuables there in contained.

SEC. 6. The locators of any lead, lode or ledge in the District, shall be entitled to hold, on each side of the lead, ledge, or lode, located by him or them, fifty feet. Any lateral veins, lodes or leads bearing minerals, within the space of the said fifty feet on each side of the main ledge, shall be considered as claimed by, and entirely belonging to the locator or locators of a lead, and his or their assigns, and part and parcel of the same.

SEC. 7. The locators of any quartz claim or claims, on any lead or lode, shall at the time of locating said claim or claims, place a substantial stake, not less than three inches in diameter at each end of the claim so located provided, that where two or more claims are located together, and recorded in one notice, then the aforesaid stakes shall be placed at each end of the claims so located in one notice. On said stake, on each end of said claim or claims, shall be placed a notice in writing, and said notice shall contain the date of the location of said claim or claims, the name or names of the locator or locators, the name of the lead or lode on which said claim or claims are located the number of feet so claimed by each of said locators, the distance to the nearest end of said claim or claims, shall be placed a notice in writing, and said notice shall contain the date of the location of said claim or claims, the name or names of the locator or locators, the name of the lead or lode on which said claim or claims are located, the number of feet so claimed by each of said locators, the distance to the nearest end of said claim or claims from the discovery stake, the direction as nearly as possible from the discovery stake, and the direction said claim or claims extend, as nearly as may be from the point designated as it or their commencement. And when more than one person joins in one notice in locating said claims, shall state the actual number of feet claimed, and the portion of the ground so claimed by each person so locating

SEC. 8. Two or more persons may locate or take claims together in a body by joining in a notice specifying the number of claims so located, and the name of each person so joining in such location being written under the notice; but the claims so located shall not exceed two hundred feet for each person so locating and said claims shall, on said notice, be numbered and designated as segregated claims, and shall designate the position of the said segregated ground in said claims so located in one notice, including, when necessary, a discovery claim; except when it may be necessary to include a claim by right of discovery; and the notice shall then state in whose name or names said discovery claim is located. The persons so joining in one notice shall be considered as tenants in common so soon as the work hereinafter required to be done shall be fully finished and performed. The work hereinafter required to be performed on a quartz claim to entitle the locator, or his assigns, to hold the same as real estate, may be performed on any one of the claims so held under one notice; Provided, it be equal in value to twenty dollars for each and every two hundred feet held under one notice including the discovery claim; but when any claims have been located by two or more persons in one notice, so soon as the work required by this section has been performed on said claim or claims, to wit: Twenty dollars worth of work for each and every two hundred feet included in the notice locating said claims, the said claimants shall be deemed tenants in common, and shall be subject to all the rights, privileges, and benefits, responsibilities and liabilities of tenants in common.

SEC. 9. Quartz claims located and recorded in accordance with this law, shall entitle the person or person so locating and recording to hold the same as real estate to the use of himself, his heirs and assigns Provided;—That within one year from and after the date of recording, he or they shall cause to be performed twenty dollars worth of work for each and every claim of two hundred feet of said lead or lode; said work to consist of the following; The stripping of the lead or lode, sinking shafts, excavating of tunnels, obtaining machinery and preparing material for working said lead or lode in good faith.

SEC. 10. Any person or persons who shall willfully and maliciously tear down or destroy any notice, posted on quartz claims or tear up or destroy any stakes marking quartz claims shall, upon conviction thereof be deemed guilty of a misdemeanor, and shall be fined in any sum not less than twenty-five dollars, or not exceeding one hundred dollars, or by not less than thirty days, nor more than six months imprisonment in the County jail, or by both such fine and imprisonment; and any justice of the peace in this District shall have jurisdiction of such offenses.

SEC. 11. Any person or persons desiring to preserve or perpetuate testimony as to the sufficiency of the amount of work done on any claim or claims to entitle him or them to hold them as real estate according to the provisions of of section nine of these laws; may take two disinterested persons to view such work, who shall carefully examine the same, immediately after which they shall go before the County Recorder or other officer by law authorized to administer oaths in the County, and take and subscribe an affidavit containing first, a description of the location of the claim or claims on which the work is performed, the character and value of such work, and the date when they viewed the same; which affidavit shall be filed by the County Recorder and carefully preserved. Such affidavit or certified copies of the same under the certificate and seal of the County Recorder, who has custody of the original affidavit or affidavits shall in any Court in the Territory be prima facia evidence of the character and amount of labor performed on the claim or claims which are described in such affidavit or affidavits The Recorder shall receive a fee of fifty cents for filing and preserving the affidavits required by this section.

SEC. 12. Any person or persons who may desire to run a tunnel into any hill or mountain for the purpose of discovering or working mineral bearing quartz leads or lodes, shall be entitled to hold one hundred feet each way from the line of the tunnel on every lead or lode so discovered. Provided, the said lode has not been previously claimed and held according to law, and said person or persons shall also be entitled to hold two hundred feet square at the entrance of the said tunnel or tunnels, for building, dumping or other necessary purpose; provided, further, that nothing in this section shall be so construed as to invalidate the vested rights of other persons.

SEC. 13. There shall be a Recorder of this District chosen, whose duty it shall be to take charge of the laws of this District; keep a correct record of all the claims located on all leads, or lodes discovered or located in this district; and immediately after making a record of any quartz claim or claims upon the record of this District, it shall be the duty of the Recorder to send a copy of the notice of the claim or claims recorded to the County Recorder, and have it recorded by him, in accordance with the Territorial law; and for the recording of each claim in the records of this District, and the transmission of the notice to the County Recorder, the Recorder of this District shall have a fee of one and a half dollars ($1.50), for each claim so recorded, which includes the fee of the County Recorder.

SEC. 14. All claims located prior to the passage of these laws, shall be recorded in the records of this District within ten days after their adoption; and all claims located subsequent shall be recorded within five days from the date of location, in the records of the District.

SEC. 15. These laws are to take effect, and be in full force from the date of their passage.

C. A. SEARS, *District Recorder.*

Dated, July. 1866.

AMENDMENT TO THE LAWS OF THE WASHINGTON QUARTZ MINING DISTRICT, WARRENS, IDAHO CO., IDAHO TER.

At a meeting of the quartz miners of this district held at Warrens September 5th, 1870 the following amendment was adopted.

SEC. 2, Amended so as to read as follows:—Quartz claims located and recorded in accordance with this law shall entitle the person or persons so locating and recording to hold the same for the period of one year from the date of such location and record: Provided, he or they shall cause to be performed twenty dollars' worth of work for each and every claim of two hundred feet on said lead or lode within one year from the date of said location and fifty dollars annually there after. Said work to consist of the following: The stripping of the lead or lode, sinking shafts, excavating of tunnels obtaining machinery and preparing material for working said lead or lode in good faith. And as evidence of such work each and every present claim holder shall, in person or by their agent, within one year from the date of this amendment, appear before the recorder and make affidavit to the effect that the said twenty dollars' worth of work has been performed, specifying first a description of the location of the claim or claims on which the work is performed, the character and value of such work, and the date when the same was performed; which affidavit shall be filed by the county recorder and carefully preserved. Such affidavit or certified copy of the same, under the certificate and seal of the county recorder who has custody of the original affidavit or affidavits, shall, in any court in the Territory be *prima facie* evidence of the amount and character of labor performed on the claim or claims which are described in such affidavits. And there after they shall appear annually and make affidavit that the requisite fifty dollars worth of work has been performed as aforesaid. And all persons locating claims subsequent to the passage of this amendment shall appear and make affidavits as aforesaid. And the recorder shall receive a fee of one dollar for filling and preserving the affidavits required by this section. And any person or persons failing to comply with the provisions of this section shall forfeit his or their possession or right to any quartz claim upon which such failure is made and the same shall be thereafter subject to relocation.

ALTURAS COUNTY.—WOOD RIVER MINING DISTRICT.

[*From Yankee Fork Herald October* 2, 1879.]

At a meeting of miners held at Galena City, Alturas county, Idaho, on Sept. 15th 1879, for the purpose of organizing a new mining district, Hiram Hunter was chosen President, and W. G. Seamands Secretary.

On motion, Messrs. Arnold, O'Leary and Swarncoat were appointed a committee to define boundaries of a new mining district and give the same a name.

On motion, Jas. E. Fulton, H. Bowman, and W. G Seamands were selected as a committee to draft by-laws to govern all mining locations in the proposed district.

After an hour's adjournment, the meeting was called to order and the report of the committee on boundaries was read and adopted. The district shall be known as Wood River District.

The following report of the committee on by-laws was read and adopted unanimously:

1st. We, the undersigned miners of Alturas county, I. T., do hereby adopt the mining laws of the United States to govern all mining locations made within this district.

2. The boundaries of Wood River Mining District shall be as follows, to wit: Commencing at the east end of Red-fish Lake and running south to the divide between the Salmon and Boise waters, keeping the same course to Wood River divide; thence east 20 miles; thence north 30 miles; thence west to place of beginning.

3rd. There shall be a mining recorder elected who shall hold his office for the period of one year, or until his successor shall have been duly elected and qualified; and he shall keep his books and office in Galena city, I. T.

4th. When his successor shall have been duly elected and qualified, then it shall be his duty to turn over to him all books and papers pertaining to his office.

5th. He shall keep the book of record at his office in a safe place and always open for inspection in his presence.

6th. When at any time the district shall be abandoned on account of snow or other reasonable causes, then it shall be his duty to turn all the books and papers pertaining to his office over to the County Recorder of Alturas county and take his receipt for the same.

7th. It shall be the duty of the Recorder at any time on the written application or petition of any twelve resident miners of the district, to call a miner's meeting for the transaction of any business that may come before it.

8th. The Recorder of this (Wood River) district shall receive the same fees for recording a claim as is allowed, by Territorial law, the County Recorder of Alturas county.

9th. From the 20th day of October to the 20th day of April of each succeeding year, the Recorder of Wood River District shall not absent himself at any one time for more than seven days, or in any manner neglect his official duties; but in case he should neglect his duties as recorder, then it shall be the duty of the miners to call a meeting and elect a new Recorder, who shall take possession of all the books and papers and he shall hold his office until the 15th day of September, the time appointed for the annual election.

10th. Resolved, That a copy of the minutes of this meeting be sent to the "Yankee Fork Herald" for publication.

BOISE COUNTY.—PLACERVILLE MINING DISTRICT.

(Special Agent's note.)

All of the old laws and records of miners' meetings were lost in the fire of 1874.

I have learned how ever from persons residing here that the laws of location were the same as those of Idaho City, (See report on Elk Creek District). also that in 1862 there were two laws passed one keeping the Chinese out of the camp and not allowing them the right of location, another was one denying women the right of locating mining property.

In the winter of 1862 there was a law passed to the effect that, the claims of prospectors who went to fight the Indians were not jumpable though they were not represented.

MONTANA.

DEER LODGE COUNTY.—SUMMIT VALLEY MINING DISTRICT.

LAWS.

As near as can be ascertained the first business meeting of the miners of Summit Valley was held in the Summer of 1864 at Eden & Carter's store which was situated not far from the site of Butte City. At this time no quartz mining was done in the district and the meeting was composed of the placer miners then working in the Valley. George Marshall was chairman and J. F. Beck was secretary.

The following copy is made from the original records which are still in existence:

The following laws were adopted:

1st. *Resolved*, That we organise a mining district to be known as Summit Valley District.

2d. The boundaries of Summit Valley District shall be as follows: Beginning on a point on Silver Bow due south of the Big Butte; then running north to said butte; thence following the divide to the summit; thence following Silver Bow Creek to starting point.

3d. The officers of this District shall consist of a President and a Recorder.

4th. All gulch claims shall be two hundred feet up and down the gulch and one hundred feet on each side.

5th. All bar claims shall be two hundred feet square and marked by * on each corner.

6th. Each miner who resides within the district shall be entitled to hold one gulch and one bar claim by location.

7th. There shall be one actual day's work done on each claim every week.

8th. Where ground is held by companies work done on any portion of the ground shall represent the company's ground.

9th. All ground shall be recorded within thirty days after it is located.

10th. There shall be a recorder elected who shall be entitled to One Dollar for each claim recorded.

11th. All locations shall be recorded in person.

12th. All bills of sale and transfers shall be recorded, for which the recorder shall receive five dollars.

13th. A miners' meeting to be legal shall be called by the President on the application of ten claim-holders of said district the party or parties calling the same shall pay the President in advance the sum of $6. The President shall post notices in three public places three days previous to the meeting.

This concludes the first or original laws, the following records being of meetings at which amendments were made.

A meeting was held August 20th 1866 at which the following temporary law was adopted:

That all claims shall be exempt from work and hold good until the 1st of May, 1867.

At a meeting of the miners of Summit Valley District held at the Post office in Butte City in said district on the evening of the 11th of April, 1870, Wm. Allison, the President of the district, called the meeting to order, and C. E. Irvine was chosen Secretary.

The President stated the object of the meeting to be the election of Recorder.

Whereupon the following resolution as a substitute for article 12 was adopted, to-wit:

Resolved, That from and after this date the fee for recording Bills of Sale for Placer mining in this District shall be two dollars for each Bill of Sale and the Recorder shall not be required to record any bill of sale before the fee is paid.

Anson Ford was then elected Recorder by acclamation.

Resolved, That article 7 be so construed as to require each of the owners of mining ground to do one day's work on any portion of his ground each week, which shall represent all the ground he owns in the district.

The following resolution to construe article 7 to cover an original defect, was also adopted, namely:

Resolved, That the by-laws of the District be re-adopted. Dated and signed by the President of the District and Secrecarty of this meeting.

Moved and seconded that article 2 be so amended as to read—"from the Big Butte to the head of Silver Bow Creek"—lost. Whereupon the meeting adjourned *sine die*.

WM. ALLISON, *President.*

JULY 30, 1870.

At a meeting of the miners of Summit Valley District held at the Post office pursuant to previous notice the following action was had:

A motion was made to lay mining claims over until May 1st, 1871.

Motion adopted and meeting adjourned.

Pursuant to previous notice a miners' meeting was held July 11th, 1871 of which Peter Hume was elected President, and on motion,

Resolved that all mining claims located and represented this season be laid over until May 15, 1872.

ANSON FORD, *Secretary.*

At a legal meeting of the miners of Summit Valley held July 29th, 1872 it was

Resolved: That all mining ground in the District be laid over until July 29th, 1873.

PETER HUME, *President.*

ANSON FORD, *Secretary.*

[The occasional mention of quartz mining in the following regulations will serve to show the inception of this industry at Butte.]

At an adjourned special meeting of the miners and citizens of Summit Valley District for the purpose of establishing some regulations in regard to Quartz operations under "Act of Congress, approved May 10th, 1872, entitled An Act to Promote the Development of the Mining Resources of the United States," J. D. Allport was made president and Anson Ford Secretary:

On motion it was ordered that the maximum of wages on lodes be six dollars per day.

On motion Anson Ford was elected special Recorder, and as Notary Public to administer an oath to quartz operators, verifying the report they may make to him of labor and expense incurred by them on lodes.

On motion the fee for making such record and administering the oath was fixed at one dollar.

On motion it was ordered that these proceedings be published in the County papers.

J. D. ALLPORT, *President.*

ANSON FORD, *Secretary.*

At a regular meeting of the miners of Summit Valley District at Butte City, Aug. 1, 1873, Richard S. Jones was elected President, and Anson Ford was re-elected Recorder.

Mining ground was laid over one year from date.

At a regular meeting held Aug 11th, 1875, mining ground was laid over one year.

At a regular meeting held Sept. 22, 1876 mining ground was laid over one year.

At a regular meeting held Aug. 22, 1877, Placer Mining ground was laid over one year.

At a regular meeting held Aug. 31, 1878, mining ground was laid over until the first of September, 1879.

At a meeting held in Butte City, Jan. 20th, 1879, S. E. Hirbour was elected Secretary *pro tem.* W. P. Emery was elected Recorder for two years.

[No meetings have since been held to this date, November 1880.]

MADISON COUNTY.—BROWNS MINING DISTRICT.

MINERS MEETING AT BIVINS GULCH

At a miners meeting held Nov 13, 1864 at Neng's saloon in Bagdad Browns district Bivin's gulch Madison County M. T. specially called to take into consideration the most effective means to compel Caleb Perry and J B Smith to pay W P Allen & Co 100^{22} the following preamble and resolution were offered and unanimously adopted.

Whereas at a meeting held on the 6th inst Perry and Smith were found to be justly indebted to W P Allen & C in the sum of 100^{22} and whereas after the miners having put Allen & Co in possession of the claims of Perry and Smith they gave their word of

honor if Allen & Co would let them—Perry & Smith—work the claims that Allen & Co should have the first money taken out to the amount of 100^{22} and guaranteed that the said amount should be paid within 10 days and whereas Perry & Smith have failed to comply with said agreement, and have paid other debts to the amounts of 500^{22} and upwards and paid after Allen & Co's claim was due thereby forfeiting their word and attempting to defraud their creditors which is characteristic of the firm—Perry & Smith—therefore

Resolved that the miners of the district put Allen & Co in possession of the claims of Perry and Smith and protect them in holding and working the same with their lives and property if necessary.

Perry and Smith not being present motion was made and carried that a committee be appointed to notify Perry and Smith to appear before this committee within 10 minutes.

The committee returned with Perry and reported that Smith had left the gulch.

On motion of J Hunter the above resolution was read to the great disgust of Caleb.

On motion the chair appointed the following committee to place Allen & Co in possession of mining claims Nos. 24 & 25 Browns district Bivins gulch: C. Farnham J Woodward S M Ferris J Hunter S McGee and J Febis.

On motion the meeting adjourned *Sine die.*

On motion E A. Brown was elected Secretary.

The report of the committee appointed at a previous meeting to revise the laws of said district was read and on motion accepted and the committee discharged. The laws and regulations so reported were then read and adopted by sections.

A motion was then made and carried that a committee of five be appointed to have the new law together with the old laws still in force drawn up together and printed in phamplet form Lewis W Borton B R Martin G. W Weeks J C Otto and James McGuire were appointed as such committee.

On motion Jas McGuire was elected president and Lewis W Borton Secretary of said Fairweather district

The report of said committee as well as the preamble and laws so enacted are as follows:

PREAMBLE.

Whereas the laws now in force in Fairweather district Madison County Montana Territory have proved insufficient to protect the rights of the miners of said district and whereas the rights and interests of the miners of the district are of such a nature as not to admit of a resort to the tedious remedy by the ordinary process of law for every violation of the rights.

Now therefore we the miners of said district in public meeting assembled in pursuance of legal notice for the purpose of defining our rights and duties and the protection of our several interests do hereby resolve and declare that the rules and provisions following shall be the laws of Fairweather district.

ARTICLE 1. SECT. 1. Hereafter the offices of the district shall consist of a President and Secretary who shall hold their offices for a term of six months and until their successors are duly elected and enter upon the discharge of the duties of their office

SECT. 2. It shall be the duty of the president to call a meeting of the miners of the district at any time on the written application of five claim holders of the district of which he shall give 3 days notice previous to the day of meeting by 3 written or printed advertisements, put up at 3 of the most public places in the district and he shall preside at such meeting.

SECT. 3. It shall be the duty of the secretary to attend all meetings called by the president, to keep a true record of the proceedings thereof and file the same with the County Recorder and he shall preside at all meetings when the President is absent.

SECT. 4. After suit commenced in any case wherein a title to a claim is called in question neither party shall be held liable to represent said claim during the pending litigation but the same shall be deemed to be represented in favor of the real owner by operation of law.

SECT. 5. Every person shall be entitled to hold by preemption. one creek bar or hill claim and as many of either kind by purchase as he shall represent according to the laws of the district

SECT. 6. Any copartnership or company of persons shall be entitled to hold the same number of claims by preemption. And purchase as the same number of persons composing such copartnership or company would be entitled to hold in their individual capacity.

Meeting Adjourned *Sine Die.*

[NOTE.—These were all the regular meetings ever held in the district and the affairs of the organization went smoothly on, the *spirit* of the roughly-drawn laws and regulations being sacredly observed by the illiterate prospectors, who, although they might not know how to frame laws, knew how to observe them. In later years it has become the general custom to make all records with the respective county recorders and to refer all litigation to the courts. The necessity for the old regulations of the mining district organizations is therefore rapidly dying out.]

STOREY COUNTY.—GOLD HILL MINING DISTRICT.

MINERS' MEETING AT GOLD HILL

At a meeting of the miners of Gold Hill, held on Saturday, June 11th, 1859, A. G. Hammack was appointed Chairman, and V. A. Houseworth, Secretary.

The Chairman briefly explained the object of the meeting, after which, Judge Crane, in a brief and cogent speech, gave an account of his labors and exertions as Delegate of Nevada to Congress.

On motion of V. A. Houseworth, it was unanimously

resolved, that we fully endorse the citizens' proceedings of Carson City, of June 6th.

On motion of B. F. Little, it was unanimously

resolved, that the Chair appoint five Delegates to meet at Carson City, Eagle Valley, on June 20th, to appoint Delegates of this District to be elected by the people, to the Convention to be held at Genoa, Carson Valley, on the 18th day of July ensuing, to consider the public good.

The Chair appointed V. A. Houseworth, J. A. Osborn, Jas. F. Rogers, L. S. Bowers and Capt A. A. Parker said Delegates

It was unanimously

resolved, that we, the miners of Gold Hill, in demonstration of respect to Judge Crane, for his manly and distinguished services as Delegate to Congress, entitles him to our highest considerations.

The following preamble, rules and regulations were unanimously adopted:

Whereas, The isolated position we occupy—far from all legal tribunals, and cut off from those fountains of justice which every American citizen should enjoy, renders it necessary that we organize, in body politic, for our mutual protection against the lawless and for meteing out justice between man and man. Therefore, we the citizens of Gold Hill and vicinity do hereby agree to adopt the following rules and laws for our government:

ARTICLE 1st. There shall be elected one Justice of the Peace, one Constable, and one Recorder of this District, for the term of six months.

ARTICLE 2d. The duty of the Justice shall be to issue all subpoenas, summons', warrants, attachments, etc., as may be required, to try all civil and criminal cases, and award such judgments as the evidence of the case or the decision of the jury may require.

ART. 3d. The duty of the Constable shall be to serve all precepts emanating from the Court, keep in Custody all prisoners for crimes or misdemeanors until convicted or acquitted, act as a conservator of the peace and inflict all penalties that may be awarded against offenders.

ART. 4th. The duty of the Recorder shall be to keep in a well bound book a record of all mining claims, that may be presented for record, with the names of the parties locating or purchasing, the number of feet, where situated, and the date of location or purchase; also, return a certificate for said claim or claims.

RULES AND REGULATIONS

SECTION 1st. Any person who shall wilfully and with malice aforethought take the life of any person, shall, upon being duly convicted thereof, suffer the penalty of death by hanging.

SEC. 2d. Any person who shall wilfully wound or maim another, shall, upon conviction thereof, suffer such penalty as the Jury may determine.

SEC. 3d. Any person found guilty of robbery or theft, shall, upon conviction, be punished with stripes or banished, as the Jury may determine.

SEC. 4th. Any person found guilty of assault and battery, or exhibiting deadly weapons in a threatening manner, shall, upon conviction, be fined or banished, as the Jury may determine.

SEC. 5th. No banking games, under any consideration, shall be allowed in this district, under the penalty of final banishment from the district.

SEC. 6th. The same fees shall be allowed in the Justice and Constable as those allowed in California, the fees to be paid by the parties litigant, and the Court by the laws as laid down in the California Statutes, so far as applicable.

SEC. 7th. Evidence of record of claims shall be considered title in preference to claims that are not recorded, nor shall the Recorder record more than one hill, dry gulch or ravine claim in the name of an individual, unless the same has been purchased.

SEC. 8th. All claims shall be carefully defined by a stake at each end of the claim, with the number of members forming said company and the number of feet owned,

SEC. 9th. All claims shall be worked or the notice renewed in sixty days from the day of record, and no claim shall exceed two hundred feet square, hill claims excepted, which may reduced to fifty feet front.

SEC. 10th. The Recorder shall be allowed the sum of twenty-five cents for recording the claim of each individual or member of a company.

SEC. 11th. No Chinaman shall be allowed to hold a claim in this district.

SEC. 12th. This district shall include all the territory from the meridan of John Town to Steamboat Valley.

SEC. 13th. All quartz claims shall not exceed three hundred feet in length, including the depths and spurs.

SEC. 14th. Any person or persons discovering a quartz vein shall be entitled to an extra claim, on all veins he or they may discover.

SEC. 15th. All persons holding quartz claims shall actually work to the amount of $15 to the share, within ninety days from the time of locating.

SEC. 16th. All persons holding quartz claims and complying with Section 15th, shall hold the same for the term of 18 months as actual property.

SEC. 17th. All quartz claims shall be duly recorded within thirty days from the time of locating.

SEC. 18th. No person shall locate more than one claim on a vein discovered.

SEC. 19th. Any and all persons locating for mining purposes shall have the same duly recorded within ten days from the time of locating.

SEC. 20th. *Resolved*, that the above rules and regulations shall be signed by the citizens of this district, and all who may locate hereafter.

On motion, it was unanimously

resolved, that the proceedings of this meeting be published in the "Territorial Enterprise," in Carson Valley.

J. A. Osborn was duly elected Justice of the Peace; Jas. F. Rogers, Constable; V. A. Houseworth, Recorder.

On motion, the meeting adjourned.

MINERS' MEETING, 1873.

Pursuant to a call, published in the Gold Hill NEWS, a meeting of the Miners of this District was held at Theater Hall, Gold Hill, Wednesday evening, October 8th, 1873. The meeting was called to order by H. G. Maynard, Esq., and, upon motion, Judge S. H. Robinson was duly elected Chairman, and John R. White appointed Secretary.

The Chair stated the object of the meeting to be to revise and amend the District Mining Laws so as to accord with the Act of Congress in relation to the location of Mining Claims, and in a few appropriate remarks, showed the points of difference and the advisability of a change.

After some little discussion between members of the meeting, the following amendments to the District Mining Laws were offered and unanimously adopted:

Amendments to the Gold Hill District Mining Laws.

First—Section 9 of the Gold Hill District Mining Laws is hereby amended to read as follows: All surface or placer claims located may be in extent but shall not exceed the maximum amount allowed by Act of Congress, entitled "An Act to promote the development of the mining resources of the United States, approved May 10, 1872."

Second—All sections of the Gold Hill Mining District Laws in conflict with the provisions of the Act of Congress above recited are hereby repealed.

On motion, a committee of five, consisting of John H. Mills, H. G. Maynard, H. Fitzsimmon, A. Fleming and S. H. Robinson were appointed to fully examine the District Laws, and determine the necessity of any further amendments, with discretionary power to call a meeting at any time within a period of thirty days.

Resolved, That the proceedings of this meeting be published in the Gold Hill *News*.

Resolved, That a copy of the amendments to the District Laws be filed with the County Recorder of Storey County, Nevada.

The meeting then adjourned, subject to the call of the Committee.

S. H. ROBINSON, *President.*

J. R. WHITE, *Secretary.*

[This district was first organized during the year 1859, but whatever rules and regulations were adopted at that time were abolished at the meeting of March 4, 1860. No record whatever is obtainable referring to the first set of laws and regulations.]

The meeting was called to order by J. M. Meredith chairman & upon motion the minutes of the last meeting were read & approved Whereupon the committee appointed at the last meeting to revise the mining laws of said Dis't reported the following towit—

REPORT OF COMMITTEE

Your committee appointed to draft rules & laws to govern the location & working of mining claims in Esmeralda Mining Dis't, Esmeralda County Nevada would respectfully report the following—

First That we have carefully considered the Mining laws as passed by the congress of the United States on May 10th 1872 & the amendment made subsequent to that date and after such consideration would recommend the adoption of said laws with as little change or addition thereto as may be, for the reason that all laws should be made plain, Laws should be made for the enforcement or protection of private rights, & redress or prevention of private wrongs— Laws should be made to protect the poorest & most humble citizen in the land as well as the rich who are better able to protect themselves—

In consideration of these things we would recommend the adoption for the government of this District the mining laws as passed by the Congress of the United States May 10th 1872 with the amendments thereto with the provisions hereinafter named to wit:

MINING LAWS OF ESMERALDA MINING DISTRICT AS ADOPTED BY THE MINERS AT A MEETING HELD NOV 9TH 1877—

ARTICLE 1—SEC 1—It is hereby resolved by the miners of Esmeralda Mining Dis't Esmeralda County Nevada that we adopt for the location working & regulation of mining claims and laws of the United States as passed by the Congress on May 10th 1872 with the amendments thereto—Provided, That any person or persons locating a Quartz ledge, vein or lode shall not be allowed to locate & claim any more than one hundred feet on each side of the line of the Lode instead of three hundred feet as allowed by the said U. S. Mining laws—

SECTION 2—All claims located in this District shall be duly recorded by the Mining District Recorder within ten days from the date of such location—

SECTION 3—Upon the application of any person locating a mining claim it shall be the duty of the Mining Recorder to go upon the ground and measure off such claim in accordance with the notice of location & shall see that posts & monuments are placed at each corner of the claim said posts to be not less than three (3) feet in heighth by not less than 2 x 4 inches, to be secured by monuments of rock or earth not less than 18 inches high a like post & monument shall be placed at each end of the claim upon the ledge or lode line of the claim on which shall be written by the Recorder in large plain letters the name of the claim, the direction in which it runs, the number of feet claimed & the date of the location—And the Recorder shall write on each corner post & indicate thereby the corner of the claim, after which the locator or locators shall be entitled to a certificate from the Recorder certifying of such location & such certificate shall be the evidence of such location—

SECTION 4—For measuring off & recording each claim of 1500 feet or less, & to include the making of the Certificate & fulfilling the requirements named in Sec 3 he shall be entitled to the sum of seven dollars & fifty cents ($7\frac{50}{100}$) to be paid by the locator or locators—

SECTION 5—Any person having performed $100 worth of work or improvements upon his claim of 1500 feet or less within one year from the date of location thereof, and for each ensueing year thereafter as required by the laws of Congress as passed May 10th 1872, May require the Recorder to go upon the claim & measure said work, & if the Recorder shall be satisfied that said work has been done, as required by law, he shall issue to such person or persons a certificate which certificate shall be placed upon record by the Recorder in a book, provided for that purpose setting forth the same, & for such service including the certificate & recording, the Recorder shall be entitled to the sum of five ($5.00) dollars Provided, That if the Recorder & parties applying for such certificate cannot agree as to the amount of work performed as aforesaid, then it shall be lawful for the Recorder to select one disinterested person & the party performing the labor to select one other disinterested person, they to decide upon the amount of labor performed, provided that if such person so chosen fail to agree, then to choose a third disinterested person & a decision of the majority of the three persons so chosen to be final—

SECTION 6—The Recorder shall not record any claim which has already been recorded & unforfeited—All laws heretofore passed by the miners of this District in Conflict with these laws are here by repealed—

Where upon by a unanimous vote of the meeting the report of the Committee was duly approved and the laws as revised, & reported by said Committee were unanimously adopted and declared to be the local mining laws of Esmeralda Mining District Esmeralda County, State of Nevada—

And no other business coming before the meeting, the meeting adjourned Sine Die

ORMSBY COUNTY.—EAGLE AND WASHOE VALLEY MINING DISTRICT.

LAWS OF EAGLE AND WASHOE VALLEY MINING DISTRICT.

At an adjourned meeting of the miners of the Eagle and Washoe Valley Mining District to revise the laws of said District, held at Carson City, Saturday, November 9th, 1861, the following laws were unanimously adopted for the government and working of the mines in the District:

ARTICLE 1st. This District shall be known as the 'Eagle and Washoe Valley Mining District," and shall be bounded as follows, to-wit: Commencing at Rose's Dam on Carson River, thence running northerly along the western line of Gold Hill District to a point directly east of the ridge dividing Washoe and Quick's Valley; thence westerly to the dividing ridge of the main range of mountains; thence southerly to Cleark Creek; thence due east to a point due south of the starting point; thence due north to the place of beginning. And the said Mining District shall not be segregated, or its boundaries interfered with, except by a majority vote at a miners' meeting in the city of Carson; said meeting to be called by the Recorder. after thirty days public notice, at the request of ten or more miners of the district.

ARTICLE 2d. Each claimant shall be entitled to hold, by location, 200 feet on any lead in the District, with all its dips, angles, spurs, offshoots, outcrops, depths, widths, variations, and all the minerals and other valuables therein contained—the discoverer of, and locator on a new lead, being entitled to one claim additional for discovery.

ARTICLE 3d. All claims shall be designated by stakes and notices at each end, and shall be designated by a name, and its locality particularly described.

ARTICLE 4th Surface and hill claims shall be one hundred feet square, and be designated by stakes and notices at each corner.

ARTICLE 5th All ravine and gulch claims shall be one hundred feet in length, and in width extending from bank to bank; and be designated by a stake and notice at each end.

ARTICLE 6th. The locators of any lead, lode or ledge, in the district, shall be entitled to hold on each side of the lead, ledge or lode, located by him or them, two hundred feet. Any lateral veins, lodes or leads, bearing minerals within the space of the said two hundred feet, on each side of the main ledge, shall be considered as claimed by and entirely belonging to the locator or locators of a lead, and his or their assigns, and part and parcel of the same mine

ARTICLE 7th. It shall be the privilege of any person, persons or company, when the vein, ledge or lode of mineral is not distinctly traceable upon the surface, to take up the ground they desire to prospect, stating in their notice the manner in which they intend to prospect the same, whether by running a tunnel, cut or drifts, or shafts and the length or depth of such tunnel, cut or drifts or shafts. If the locator or locators, who claim ground for mining purposes, shall declare their intention to run a tunnel into, through or across the line of their claim, then it shall be understood that the length of the tunnel which their notice declares it to be their intention of running, shall be and is hereby intended to grant and determine the width of claim located, and no person or persons shall be allowed to locate claims coming within the distance and bounds claimed by such notice of record.

ARTICLE 8th. Any person, or persons, company or companies, who shall locate ground under these laws, shall be entitled to hold and enjoy and receive all the profit of working any and all leads, lodes or ledges of mineral deposits found on and within the limits of their location and claim, by the running of tunnel, cut, shafts or drifts on any part of the ground claimed, which shall be considered as work done upon the claim and if such work amounts to that required by these laws, the title of the ground claimed shall be deemed to rest in the locators and their assigns.

ARTICLE 9th. There shall be a Recorder elected to hold his office for the term of twelve months and it shall be his duty to call all necessary meetings of the miners of the District, to preside thereat, and to keep in a suitable book or books a full and truthful record of all public meetings; to place on Record all claims brought to him for that purpose when such claims shall not interfere with or effect the rights and interests of prior locality, recording the same in the order of their date; for which service he shall receive fifty cents for each claim recorded. He shall also at all times keep his books open for the inspection of the public. He shall have the power to appoint a Deputy to act in his stead, for whose official acts he shall be held responsible.

ARTICLE 10th. All examination of the Record must be made in the full presence of the Recorder or his Deputy, and in no instance shall any person or persons making examination of Records, be permitted to use pen and ink; the Recorder shall furnish to such person or persons a lead pencil, with which memoranda may be made.

ARTICLE 11th. Every claim, whether by individual or company located, shall be recorded within ten days after date of location.

ARTICLE 12th. Notice of a claim or location of mining ground by any individual or by a company, on file in the Recorder's office, shall be equivalent to a record of the same.

ARTICLE 13th. Three days' labor shall be done on each claim or on the company's ground for each claim, in order to hold the same. The work so required must be commenced within thirty days after date of record, and fully performed within ninety days after commencement.

ARTICLE 14th. Whenever work shall have been done within six months from location thereof upon the claims of a company, deemed to be of the value of fifty dollars or upward, to each and every claim, the claims on which such sums shall have been expended, cannot and shall not be subject to a forfeiture and re-location for the term of one year from the date of the last work done.

ARTICLE 15th. Whenever one hundred dollars shall have been expended on each and every claim of a company in this District, the ground so claimed by the company, shall be deemed as belonging in fee to the locators thereof and their assigns and the same shall not be subject to location or re-location by other parties ever after, except by an acknowledged abandonment by the company of the ground.

ARTICLE 16th. All claims not worked according to the rules and regulations of the District, shall be subject to forfeiture and re-location.

ARTICLE 17th. All laws and parts of laws heretofore made in conflict with the spirit and meaning of these laws are hereby repealed.

REVISED LAWS OF EAGLE AND WASHOE VALLEY MINING DISTRICT.

CARSON CITY, *Nov.* 1, 1875.

Pursuant to a call published in the Carson Daily APPEAL for thirty days, by A. Waitz, Mining Recorder, of which the following is a true copy, viz:

OFFICE OF THE MINING RECORDER OF EAGLE AND WASHOE VALLEY MINING DISTRICT,
Carson City, Nev., Sept. 27, 1875.

Notice is hereby given that in accordance with Article First of the laws of Eagle and Washoe Valley Mining District, adopted November 9th, 1861, and upon the request of more than ten miners of said district I hereby call a meeting of the miners of the district to be held at my office in Carson City, Nevada, Monday, the First day of November, 1875, at 1 o'clock p. m., for the purpose of considering the repeal of the aforesaid mining laws and adopting the United States Mining Laws, entitled: "An Act to promote the development of the mining resources of the United States," approved May 10, 1872, and the election of a Mining Recorder and all other matters connected with the district.

A. WAITZ,
Recorder Eagle and Washoe Valley Mining District.

A meeting of the miners of Eagle and Washoe Valley Mining District to revise the laws of said District, was held at the office of said Mining Recorder in Carson City, Nevada, on Monday, November 1st, 1875, at 1 o'clock p. m., and called to order by the Recorder, A. Waitz, who stated the object of the meeting to be to revise and amend the District Mining Laws, so as to accord with the Mining Act of Congress, of May 10, 1872, in relation to the location of mining claims.

J. I. Ayres, on motion, was then elected Chairman and A. Waitz Secretary of the meeting. Messrs. T. D. Edwards, Wirt Hopkins and A. Waitz were appointed to draft a code of laws to govern said district hereafter, who reported the following, which were unanimously adopted:

ARTICLE 1. This District shall be known as the "Eagle and Washoe Valley Mining District," and shall be bounded as follows, to-wit: Commencing at Rose's Dam on Carson River, thence running northerly along the western line of Gold Hill District to a point directly east of the ridge dividing Washoe and Quick's Valley; thence westerly to the dividing ridge of the main range of mountains; thence southerly to Clear Creek; thence due east to a point due south of the starting point; thence due north to the place of beginning. And the said Mining District shall not be segregated, or its boundaries interfered with, except by a majority vote at a miners' meeting in the city of Carson; said meeting to be called by the County Recorder, after thirty days public notice, at the request of ten or more miners of the District.

ARTICLE 2. Any person who is a citizen of the United States or has declared his intention to become a citizen shall be entitled to hold by location a mining claim of *fifteen hundred* (1500) linear feet along the course of any mineral vein or lode subject to location in this district, with all its dips, angles, spurs, offshoots, outcrops, depths, widths, variations and all the minerals and other valuables contained therein, or an association of persons, severally qualified as above may make joint location of such claim of *fifteen hundred* feet, but in no event can a location of a vein or lode made subsequent to this date exceed *fifteen hundred* feet along the course thereof, whatever may be the number of persons composing the association.

ARTICLE 3. The claimant shall, prior to recording his claim, unless the vein can be traced upon the surface, sink a shaft or run a tunnel or drift to a sufficient depth therein to discover and develop a mineral-bearing vein, lode or crevice; shall determine if possible the general course of such vein in either direction from the point of discovery, by which direction he will be governed in making the boundaries of this claim on the surface, and shall give the course and distance as nearly as practicable, from the discovery shaft on the claim, to some permanent, well-known points, or objects, such, for instance, as stone monuments, blazed trees, the confluence of streams, point of intersection of well-known gulches, ravines, or roads, prominent buttes, hills, etc., which may be in the immediate vicinity, and which will serve to perpetuate and fix the *locus* of the claim and render it susceptible of identification from the description thereof given in the record of locations in the District. In addition to the foregoing data the claimant shall state the names of adjoining claims, or if none adjoin, the relative positions of the nearest claims; shall drive a post or erect a monument of stones at each corner of his surface ground, and at the point of discovery or discovery shaft, shall fix a post, stake or board, upon which should be designated the name of the lode, the name or names of the locators, the number of feet claimed and in which direction from the point of discovery; it being essential that the location notice filed for record, in addition to the foregoing description should state whether the entire claim of *fifteen hundred* feet is taken on one side of the point of discovery, or whether it is partly on one and partly on the other side thereof; and in the latter case how many feet are claimed upon each side of said discovery point.

ARTICLE 4. No location of a placer-claim hereafter made shall exceed one hundred and sixty acres for an association of persons consisting of no less a number than eight *bona fide* locators, and all placer-mining claims hereafter located shall conform as near as practicable with the United States system of public-land surveys, and the rectangular subdivisions of such surveys, and no such location shall include more than twenty acres for each individual claimant. All placer or surface claims shall be worked within ten days after there is sufficient water to successfully work the same.

ARTICLE 5. All ravine and gulch claims shall be one hundred feet in length, and in width extending from bank to bank; and be designated by a stake and notice at each end.

ARTICLE 6. The locators of any lead, lode or ledge, in the District, shall be entitled to hold on each side of the middle of the lead, ledge or load, located by him or them, three hundred feet.

ARTICLE 7. It shall be the privilege of any person, persons or company, when the vein, ledge or lode of mineral is not distinctly traceable upon the surface, to take up the ground they desire to prospect, stating in their notice the manner in which they intend to prospect the same, whether by running a tunnel, cut or drifts, or shafts and the length or depth of such tunnel, cut, shafts or drifts. If the locator or locators, who claim ground for mining purposes, shall declare their intention to run a tunnel into, through or across the the line of their claim, then it shall be understood that the length of the tunnel which their notice declares it to be their intention of running, shall be and is hereby intended to grant and determine the width of claim located, and no person or persons shall be allowed to locate claims coming within the distance and bounds claimed by such notice of record.

ARTICLE 8. Any person or persons, company or companies, who shall locate ground under these laws, shall be entitled to hold and enjoy, and receive all the profit of working any and all leads, lodes or ledges of mineral deposits found on and within the limits of their location and claim, not previously known to exist or legally claimed, by the running of tunnel, cut, shafts or drifts on any part of

the ground claimed, which shall be considered as work done upon the claim, and if such work amounts to that required by these laws, the title of the ground claimed shall be deemed to rest in the locators and their assigns.

ARTICLE 9. The distinct office of Mining Recorder in this district is abolished from and after this date and in lieu thereof the County Recorder of Ormsby County shall hereafter be *ex-officio* the Mining Recorder of this district and it shall be his duty to call all necessary meetings of the miners of the District, to preside thereat, and to keep in a suitable book or books a true and faithful record of all public meetings; to place on record all claims brought to him for that purpose, when such claims shall not interfere with or affect the rights and interests of prior locality, recording the same in the order of that date, returning to the locator a certificate of record, of said claim, giving the book and page of said record, for which services he shall receive *Three dollars for each notice recorded.* He shall also at all times keep his books open for the inspection of the public. He shall have the power to appoint a Deputy to act in his stead, for whose official acts he shall be held responsible.

ARTICLE 10. All examination of the Records must be made in the full presence of the Recorder or his Deputy, and in no instance shall any person or persons making examination of Records, be permitted to use pen and ink; the Recorder shall furnish to such person or persons examing the Records a lead pencil, with which memoranda may be made.

ARTICLE 11. Every claim, whether by individual or company located, shall be recorded within *twenty* days after date of location.

ARTICLE 12. Notice of a claim or location of mining ground by any individual or by company, on file in the County Recorders office shall be equivalent to a record of the same.

ARTICLE 13. Three days labor shall be done on each claim or on the company's ground for each claim of Fifteen hundred feet, in order to hold the same. The work so required must be commenced within thirty days after date of location and fully performed within ninety days after commencement. And provided further: that in order to hold the possessory right to a claim of fifteen hundred feet of a vein or lode located as aforesaid, not less than one hundred dollars worth of work shall be performed or improvements made thereon during each year, in default of which the claim will be subject to re-location by any other party having the necessary qualifications, unless the original locator, his heirs assigns or legal representatives have resumed work thereon after such failure and before such re-location.

ARTICLE 14. All claims not worked according to the rules and regulations of the District shall be subject to forfeiture and re-location.

ARTICLE 15. All laws and parts of laws heretofore made in conflict with the spirit and meaning of these laws are hereby repealed.

J. I. AYRES, *Chairman.*

Attest:

PREAMBLE.

Whereas. It has been the practise, custom and priviledge of miners and those interested in mines, to form Mining Districts, specifying the boundaries of the same, and making laws, rules and regulations for the location, holding and working of mines, and.

Whereas, The miners and others interested in mining in this (Reese River) District, did assemble, in said District, on the 10th day of May 1862, and passed a few laws by which the District should be governed, and,

Whereas. It has been generally conceded that the rules and regulations heretofore existing, are defective in form, and insufficient to secure, in a proper manner, the important interests which may grow up through a thorough development of the mines of this District, and

Whereas. In the absence of laws made by the General Government properly applicable and suitable to encourage and protect the rights and interest of those who search for, discover, locate, hold and work mines, it becomes necessary on the part of miners and those interested in mining,

1st To originate and agree upon such rules and regulations as they desire for their government.

2nd To encourage a full and fair prospecting of the mining grounds in this District

3rd To encourage their due and proper exploration and developement, after discovery and location.

4th To obviate disputes and conflict of title between claimants of mining ground and prevent any and all interference therewith

5th To do all things which tend to the security, stability, development, and thorough working and active advancement of the mining interests of this District.

6th To make it safe for capitalists and enterprising men to invest money in mining grounds and mining stocks, in the erection of machinery and in giving extensive employment to labor.

Now therefore be it

Resolved; that the mining rules heretofore existing in this District, be and the same are repealed.

Resolved. That the Rules Regulations and Mining Laws hereto attached and following, be and they are adopted as the Rules, Regulations and mining Laws of this District, and that they are henceforth or until their repeal or alteration, to be relied upon as governing locators and workers of mines and all other persons within the limits of this District.

MINING LAWS OF THE REESE RIVER MINING DISTRICT

SECT 1. The District shall be known as the Reese River Mining District and shall be bounded as follows, On the North by a distance of ten miles from the Overland Telegraph Line, on the East by Dry Creek, on the South by a distance ten miles from the Overland Telegraph Line and on the West by Edwards Creek.

SECT 2nd The Officers of this District shall consist of a President, Secretary and Recorder, elected by those taking part in these proceedings and shall hold their respective offices for the term of one year from the date of the Election

SECT 3rd It shall be the duty of the President to call all necessary meetings of the miners of this District to preside thereat, and to discharge the duties pertaining to said office.

SECT 4th In the absence of the President from the District, or his inability to act, it shall be the duty of the Recorder to act in his stead.

SECT 5th It shall be the duty of the Recorder to keep in a suitable book or books, a full and truthful record of the proceedings of all public meetings, to place on record all claims brought to him for that purpose, when such claim shall not interfere with, or affect the rights and interests of prior locators, recording the same in the order of their date, for which service he shall receive fifty cents for each claim recorded and fifty cents per folio for recording the transfer. bill of sale, or deed of, and to any mining property. It shall also be the duty of the Recorder to keep his books open at all times to the inspection of the public, he shall also have the power to appoint a deputy to act in his stead, for whose official acts, he shall be held responsible.

SECT. 6th All examinations of the record must be made in the full presence of the Recorder or his deputy.

SECT 7th Notice of a claim or location of a mining ground by any individual or by a company, on file in the Recorders office shall be deemed equivalent to a record of the same.

SECT 8th Each claimant shall be entitled to hold by location 200 feet on any lead in the District, with all its dips spurs and angles, offshoots, outcrops, depths widths, variations, and all the minerals and other valuables therein contained, the discoverer of, and locator of a new lead being entitled to one claim extra for discovery.

SECT 9th The locators of any lead ledge or lode in the District shall be entitled to hold, on each side of the lead, ledge or lode located by him or them, two hundred feet, any lateral veins, lodes or leads, bearing minerals, within the space of the said two hundred feet on each side of the main ledge shall be considered as claimed by and entirely belonging to the locator and locators of a lead and his or their assigns, and part or parcel of the same mine

SECT 10th It shall be the priviledge of any person, persons, or company, when the vein ledge or lode of mineral is not distinctly traceable upon the surface, to take up the ground they desire to prospect, stating in their notice the manner in which they intend to prospect the same, whether by running a tunnel, cuts and drifts or shafts, and the length or depth of such tunnel cut or shafts and drifts. If the locator or locators who claim ground for mining purposes shall declare their intention to run a tunnel, into, through or across the line of their claim, then it shall be understood that the length of the tunnel which their notice declares it to be their intention of running shall be and is hereby intended to grant, and determine the width of claim located; and no person or persons shall be allowed to locate claims coming within the distance and bounds claimed by such notice of record.

SECT 11th Any person or persons, company or companies, who shall locate ground under these laws, shall be entitled to hold and enjoy, and receive all the profit of working any and all leads lodes or ledges of mineral deposits, found on and within the limits of their location and claim, by the running of tunnel cut or shafts and drifts, on any part of the ground claimed, which shall be considered as work done upon the claims and if such work amounts to that required by these laws, the title of the ground claimed shall be deemed to vest in the locators and their assigns

SECT 12th Every claim (whether by individual or by company) located, shall be recorded within ten days after the date of location

SECT 13th That all claims heretofore or shall be hereafter recorded in this District shall hold good until the 1st day of June 1863, without further labor being expended on said claims, and if work be not commenced on said claims on the 4th day of June 1863, they shall be considered as abandoned and subject to relocation.

SECT 14th Whenever one thousand dollars shall have been expended on claims of a company, the ground so claimed by the company shall be deemed as belonging in fee to the locators thereof and their assigns and the same shall not be subject to location or relocation by other parties ever after, except by an acknowledged abandonment, by the company, of the ground

SECT 15. The Recorder shall go upon the ground with any and all parties desiring to locate claims, and shall be entitled to receive for such service, say for a company location of ten or more names, five dollars and for each location numbering less than ten names fifty cents each.

SECT 16th Location of claims to mining ground may be made within this District between the dates of May 1862 and the 1st day of June 1863, and any such claims so located and recorded shall not be subject to forfeit or deemed forfeited, and subject to relocation, for not working within these dates.

SECT 17th These laws contemplate and provide for the location of two classes of claims, one to be denominated "Cropping's" claims, being ledges or lodes visible, and the other to be called "Tunnel" claims indicating that the ledge or lode claimed is not distinctly traceable on the surface.

SECT 18th An election of officers shall be held at a place within the District, to be designated by public notice of the President, in one year from the date of the adoption of these rules and laws. A vacancy can be filled by an election on the call of the President at any time by giving ten days notice, all officers to hold office until their successors are duly qualified. No person shall be allowed to vote, after the adoption of these laws, and the election of officers at any subsequent election, except such voter be an actual owner of a claim or claims in this District.

SECT 19th These Rules or Mining Laws may be altered or amended by a two third vote of those owning claims in this District at any time after twenty days notice of such intention shall have been given in the "Territorial" Enterprise and Sacramento Union" and shall have been posted in three public places in the District.

REVISED MINING LAWS OF REESE RIVER.

CLIFTON. *April 20th* 1863

At a miners meeting held in front of M. Borowsky's saloon in Clifton, in accordance with a notice published in the Territorial Enterprise and Sacramento Union, for the purpose of revising the laws of the District.

Charles Tureman was elected chairman and F. Tagliabue Secretary.

George May was called upon, who stated the purpose of the meeting and on motion a committee of seven was appointed to revise the laws of the District, viz. Col. Williams M. Borowsky. Thos. Waterman G. W. Thomas John Hildreth and Wm Harrington.*

The meeting then adjourned for one hour, at the expiration of which time it was again called to order and the report read by Thos. Waterman.

On motion the report of the Committee was received and the Committee discharged.

It was moved and carried that the report of the committee be read by sections for the action of the meeting.

After a great deal of squabbling and considerable excitement and some wit had been expended, the laws, as subjoined were passed, to take effect on the 4th day of June 1863.

An election for Recorder was agreed upon to take place on the 1st day of June, the present one to hold until the 17th day of June in accordance with the previous mining laws of the District.

On motion a copy of the proceedings was requested to be transmitted to the Territorial Enterprise for publication. Carried Unanimously

On motion the meeting adjourned

MINING LAWS OF THE REESE RIVER MINING DISTRICT TO TAKE EFFECT JUNE 4TH 1863.

SECTION 1. The District shall be known as the Reese River Mining District and shall be bounded as follows; to wit; On the north by a distance of ten miles from the Overland Telegraph Line, on the East by Dry Creek, on the South by a distance of ten miles from the Overland Telegraph Line and on the West by Edwards Creek, where not conflicting with any new district formed to date.

SECTION 2. There shall be a mining Recorder elected on the first day of June next for this District, who shall hold office for one year from the 17th of July next, unless sooner removed by a new election, which can only be done by a written call, signed by at least fifty claim holders, giving notice of a new election to be held after said notice shall have been posted and published for at least twenty days in some newspaper published in or nearest this District, and the Recorder shall be a resident of the District.

SECTION 3. It shall be the duty of the Recorder to keep in a suitable book or books, a full and truthful record of the proceedings of all public meetings, to place on record all claims brought to him for that purpose, when such claim shall not interfere with or affect the rights and interests of prior locators recording the same in the order of their date, for which service he shall receive fifty cents for each claim recorded.

It shall also be the duty of the Recorder to keep his books open at all times, to the inspection of the public; he shall also have the power to appoint a deputy to act in his stead, for whose official acts he shall be held responsible, It shall also be the duty of the Recorder to deliver to his successor in office, all books records, papers etc. belonging to or appertaining to his office.

SECTION 4. All examination of the records must be made in the full presence of the Recorder or his deputy.

SECTION 5. Notice of a claim of, or location of mining ground by any individual or by a company, on file in the Recorders office, shall be deemed equivalent to a record of the same.

SECTION 6th Each claimant shall be entitled to hold by location Two hundred feet on any lead in the District with all the dips, spurs, angles, offshoots, outcrops widths, variations, and all mineral and other valuables therein contained, the discoverer and locator of a new lead being entitled to one claim extra for discovery.

SECTION 7th The locator of any lead, ledge or lode in the District shall be entitled to hold on each side of the lead lode or ledge located by him or them, one hundred feet, but this shall not be construed to mean any distinct or parallel ledge within the two hundred feet other than the one originally located,

SECTION 8th All locations shall be made by a written notice posted upon the ground, and boundaries defined and all claimants names posted on the notice

SECTION 9th Work done, on any tunnel cut or shaft or drift, in good faith, shall be considered as being done upon the claim owned by such person or company.

SECTION 10th Every claim (whether by individual or company) located shall be recorded within 10 days after the date of location.

* The name of the 7th person is omitted in the record book

SECTION 11th There shall be done for each and every claim of two hundred feet held by any person or persons or company, one days work for each and every month, which shall hold said claims for thirty days thereafter; but nothing in this section shall be so construed as to prevent said person, persons, or company from doing the requisite amount of work at any one time to hold their claims for three months.

SECTION 12th Whenever one thousand dollars shall have been expended on the claims of a company in this district, the ground so claimed by the company shall be deemed as belonging in fee to the locators thereof and their assigns, and the same shall not be subject to location or relocation by other parties forever after, except by an acknowledged abandonment by the company of the ground, which shall be construed to mean, an entire abandonment after laying idle for one year, except in cases where claims are in litigation

SECTION 13th The Recorder shall go upon the ground with any and all parties desiring to locate claims and shall be entitled to receive for such service, say for a company location of six or more names, three dollars and for each location numbering less than six names, fifty cents each, and it shall be his further duty to measure any claim or claims and make or cause to be made, good and sufficient land-marks defining said claim or claims, and he is prohibited from making any location for any person, persons or company without complying with this section and seeing their boundaries fully defined

SECTION 14th These Rules or Mining Laws may be altered or amended by a two thirds vote of those present at any meeting in the District, at any time after twenty days notice of such intention shall have been given in the manner prescribed above for calling a new election for recorder.

SECTION 15th These Laws shall take effect on and after the fourth day of June A. D 1863.

CLIFTON *April 20th* 1863.

AMENDMENTS AND ALTERATIONS TO MINING LAWS OF REESE RIVER DISTRICT MADE JUNE 4TH 1864.

SECTION 3th The fee of recorder to be $1.00

SECTION 11th All miners locating a mining claim in this district shall place and maintain thereon a good and substantial monument with a notice thereon of the name of the claim, with the names of the locators, date of location, record and extent of claim, It is hereby, requested that owners in claims already located do comply with the requirements of this section.

SECTION 12th The Recorder shall go upon the ground with any and all parties desiring to locate claims and shall be entitled to receive for such service, one dollar for each and every name in a location of two hundred feet each

SECTION 13th It is hereby made the duty of the mining Recorder upon the written application of 25 miners, to call a meeting of the miners of the district by giving a notice of twenty days through some newspaper published in the Reese River District, which shall state the object of the meeting, place and time of holding the same.

SECTION 14th Moved that the laws of this district passed July 17th 1862 are hereby repealed.

SECTION 15th These laws shall take effect on and after the 4th day of June 1864

COL. WILLIAMS *President*

J. H. SCHERMIER *Secretary.*

AUSTIN *June 4th* 1864.

Pursuant to notice a large number of miners assembled in front of Jack Holmes' St Charles Saloon.

The meeting was called to order by E. P. Jones, the Recorder who moved that H. J. Bidleman preside and J. H. Schermier act as Secretary.

The meeting took a recess of twenty minutes for the purpose of getting the miners together.

The meeting was again called to order.

A motion was made to strike out Section 11 of the new law and reinstate same section of the old law which is a follows:

SECTION 11. There shall be done for each and every claim of two hundred feet held by any person, persons or company, one days work for each and every month which shall hold said claims for thirty days; but nothing in this section shall be construed so as to prevent said person or persons or company from doing the requisite amount of work at any one time to hold their claims for three months

This was debated at length by Judge Rankin in favor of the new law and Messrs Keown, Kallmes McHardy and Churchman against it, and on the question of the adoption of the motion, it was carried in the affirmative:

The following amendment to Section 12 was also adopted.

It shall be the duty of the Recorder to place on his books as near as possible the locality of each claim, located by him.

After which the meeting adjourned.

MINERS MEETING.

Pursuant to call a meeting of the miners of the district was held last evening at the Magnolia saloon.

The meeting was called to order by John H. Dennis District Recorder, who in the absence of Mr Hobart acted as President of the meeting, and Richard Brown was appointed Secretary.

The President stated the object of the meeting, after which the following amendments to the District Mining Laws were submitted and unanimously adopted.

No mining claim hereafter recorded, until the second Saturday in July 1866, shall be subject to relocation for the period of one year, from the date of record, provided that a stake, post, or other substantial monument, at least two feet high, with the name of the company and ledge and date of record inscribed thereon, shall be firmly fixed to the point of location.

All mining claims heretofore recorded and not subject to relocation, may be exempt from relocation for a period of one year from the present date by complying with the provisions of this section and filing with the District Recorder a notice that the locators of said claim intend to hold the same under the provisions of this section, and in case where the location of such claim is not defined upon the records by filing a description thereof so the claim may be readily found at any time before the claim would become relocatable under the laws existing at the time such claim was recorded.

All laws in conflict with the above two sections are hereby repealed.

The following resolutions were then introduced and unanimously adopted.

Whereas; since the discovery of gold in California it has been the policy of the General Government and of the different state and Territorial legislatures upon the Pacific slope (except the last legislature of this State) not to interfere with the laws and regulations of the miners in the different districts, but to permit them to enact such laws as to them seemed proper and just in regard to the government of the mines, such laws having always when tested been sanctioned and approved by the highest judicial tribunals and,

Whereas; under this liberal policy the development of mineral wealth upon the Pacific slope has been unparalleled in the history of the world, and possessing the utmost confidence in the intelligence in the mining population of this state, and their capacity for creditably continuing the time honored custom of enacting their own laws for the government of the mines free from legislative interference and,

Whereas; believing as we do that no general mining laws could be enacted that would meet the requirements of the different districts, as the varied character size and location of the ledges in the different districts require different laws and believing that the action of the last legislature of this state, will have a tendency to bring about what we are so anxious to avoid viz; Congressional interference by still more general legislation; and,

Whereas; many of the provisions of the state mining law are utterly impracticable in the Reese River Mining District besides placing upon us additional burthens in increased expenses and trouble in locating and recording our claims, therefore

Resolved, That the state mining law is utterly impracticable in many of its provisions, obnoxious and burthensome to the mining population generally, and especially so to the miners of Reese River District, where the peculiar formation and close proximity of the ledges render many of its provisions totally impracticable

Resolved. That the last legislature of this state, in taking from us the right so long considered sacred, viz: that of enacting our own laws for the government of our mines, was guilty of a gross usurpation, or at least, abuse of power, unparalleled in the legislative, executive, or judicial history of the Pacific Slope

Resolved. That we are in favor of the unconditional repeal of said law, and will vote for no person for either branch of the Legislature not pledged to vote and work for its repeal.

The meeting then adjourned with three cheers for the five members of the legislature that voted against the State Mining Laws.

MINING LAWS OF REESE RIVER MINING DISTRICT. ADOPTED DECEMBER 28, 1874.

J. H. Craycroft, the duly elected and qualified Mining Recorder, upon the written application of twenty-five miners of said district to call a meeting of the miners of said district, gave notice of twenty days through the REESE RIVER REVEILLE, a newspaper published in said district, of which notice the following is a true copy, to wit:

NOTICE:

A meeting of the miners of Reese River District will be held at the Court-house on the 28th day of December, 1874, at 7 o'clock, in the evening, for the purpose of revising the mining laws of the district, to make them conform to the mining laws of the United States.

J. H. CRAYCROFT, *Recorder.*

AUSTIN, *Nov.* 27, 1874.

Now, in pursuance of said notice, and at the time and place therein stated, a meeting of the miners of said district was convened and held and, by an unanimous vote of all the miners present, made, passed and enacted, the following as the laws of said Reese River Mining District:

SECTION 1. This District shall be known as the Reese River Mining District, and shall be bounded as follows, to wit: On the north by a distance of ten miles from the old Overland Road in said county, on the east by Dry Creek, on the south by a distance of ten miles from the said old Overland Road, and on the west by Edward's Creek.

SEC. 2. There shall be a Mining Recorder elected on the first day of June next, for this District, who shall hold his office for two years from the first day of July next and until his successor is duly elected and qualified. It shall be his duty to keep in proper books a full record of the proceedings of all public miners' meetings, to record all notices of claims required of him, in the order of their date. He shall keep his books open at all times for inspection. He shall have power to appoint a Deputy to act in his stead for whose official acts he shall be responsible and he shall deliver to his successor in office all books, records and papers belonging to or pertaining to his office. All examinations of the records must be made in the presence of the Recorder or his Deputy. The Mining Recorder of this district shall keep his office and all the records, books and papers belonging to or pertaining to his office in the County Recorder's Office of said County of Lander.

SEC. 3. A mining claim, lode or ledge may be located by one or more persons, which claim may equal but shall not exceed fifteen hundred feet in length along the vein or lode; but no location of a mining claim shall be made until the discovery of the vein or lode within the limits of the claim located.

SEC. 4. The locator or locators of a claim shall have and hold three hundred feet on each side of the middle of the vein at the surface. The end lines of each claim shall be parallel to each other.

SEC. 5. The locators of all mining locations, heretofore made, or which shall hereafter be made, on any mineral vein, lode or ledge, situated on the public domain, their heirs and assigns, where no adverse claim exists, on the passage of these laws and regulations, so long as they comply with the laws of the United States, and the State of Nevada, and these laws and regulations, shall have the exclusive right of possession and enjoyment of all the surface included within the lines of their locations, and of all veins, lodes and ledges throughout their entire depth, the top or apex of which lies inside of such surface lines extended downward vertically, although such veins, lodes or ledges may so far depart from a perpendicular in their course downward as to extend outside the vertical side-lines of said surface locations: Provided, that their right of possession to such outside parts of such veins or ledges shall be confined to such portions thereof as lie between vertical planes drawn downward, as aforesaid, through the end lines of their locations, so continued in their own direction that such planes will intersect such exterior parts of said veins or ledges; and provided, further, that nothing in

this section shall authorize the locator or possessor of a vein or lode which extends in its downward course beyond the vertical lines of his claim to enter upon the surface of a claim owned or possessed by another.

SEC. 6. Where a tunnel is run for the development of a vein or lode, or for the discovery of mines, the owners of such tunnel shall have the right of possession of all veins or lodes within three thousand feet from the face of such tunnel on the line thereof, not previously known to exist, discovered in such tunnel, to the same extent as if discovered from the surface; and the locations on the line of such tunnel of veins or lodes not appearing on the surface, made by other parties after the commencement of the tunnel, and while the same is being prosecuted with reasonable diligence, shall be invalid; but failure to prosecute the work on the tunnel for six months shall be considered as an abandonment of the right to all undiscovered veins on the line of said tunnel.

SEC. 7. On each claim located after the passage of the Act of Congress of the United States, entitled "An Act to promote the development of the mining resources of the United States," approved May 10th, 1872, and until a patent shall have been issued therefor, not less than one hundred dollars' worth of labor shall be performed or improvements made during each year. On all claims located prior to the passage of said act, ten dollars' worth of labor shall be performed or improvements made each year for each one hundred feet in length along the vein until a patent shall have been issued therefor; but where such claims are held in common such expenditure may be made upon any one claim; and upon a failure to comply with these conditions, the claim or mine upon which such failure occurred shall be open to relocation in the same manner as if no location had ever been made; provided, that the original locators, their heirs and assigns, or legal representatives, have not resumed work upon the claim after such failure and before such location, and provided further, that such labor may be performed or improvements made on any tunnel, cut, shaft or drift, for the purpose, in good faith, to develop such vein or claim, and such labor and improvements shall be considered as being done on the vein or claim itself. Upon the failure of any one of several co-owners to contribute his proportion of the expenditures required as aforesaid, the co-owners who have performed the labor or made the improvements may, at the expiration of the year, give such delinquent co-owner personal notice in writing or notice by publication in the newspaper published nearest the claim, for at least once a week for ninety days, and if at the expiration of ninety days after such notice in writing or by publication such delinquent should fail or refuse to contribute his proportion to comply with these laws and regulations, his interest in the claim shall become the property of his co-owners who have made the required expenditures.

SEC. 8. All locations of mining claims, lodes or ledges, must be made as follows, to wit: "The location must be distinctly marked on the ground, so that its boundaries can be readily traced, and a notice in writing or printing shall be posted on the location, which said notice shall contain the name or names of the locators, the date of the location, and such description of the claim or claims located, by reference to some natural object or permanent monument as will identify the claim.

SEC. 9. The location of a mining tunnel must be made as follows, to wit: The location must be marked by erecting a substantial post, board or monument, at the face or point of the commencement of the tunnel, upon which must be posted a notice giving the names of the parties or company claiming the tunnel right, the actual or proposed course or direction of the tunnel, the height and width thereof, and the course and distance from such face or point of commencement to some permanent, well-known object in the vicinity, by which to fix and determine the location in manner hereinbefore set forth, applicable to locations of veins or lodes; and at the time of posting such notice the boundary lines of the tunnel must be established by stakes or monuments placed along the lines of the tunnel claim at proper intervals to the terminus of the three thousand feet from the face of the tunnel. At the time of posting the notice and marking out the lines of the tunnel claim, a full and correct copy of such notice of location, defining the tunnel claim, must be filed for record with the Mining Recorder of this District, to which notice must be attached the sworn statement of the owners, setting forth the facts in the case, stating the amount expended by themselves and their predecessors in interest in prosecuting work thereon, the extent of the work performed, and that it is their bona fide intention to prosecute work on the tunnel so located with reasonable diligence for the development of veins or lodes, or for the discovery of mines, or both. This notice of location must be duly recorded by said Recorder, and with the said sworn statement attached kept on the Recorder's files for future reference.

SEC. 10. Every claim of veins, lodes, mining claims or tunnel rights, must be recorded within fifteen days after the date of location.

SEC. 11. The Recorder shall go on the ground with any person desiring to locate claims, and shall record the notice of location thereof as hereinbefore stated, upon the payment to him of one dollar for each two hundred feet in a location of claims on veins or lodes, and ten dollars for each tunnel location.

SEC. 12. The Mining Recorder upon the written application of twenty-five miners of the District, shall call a meeting of the miners of this District by giving notice of twenty days in a newspaper published in said District, which notice shall state the object of such meeting, the place and the time of holding the same.

SEC. 13. All laws, regulations and customs adopted, enacted, or in force in this district before the adoption and enactment of the laws and regulations at this miners' meeting, are hereby repealed and annulled.

We, the undersigned, hereby certify that the foregoing mining laws and regulations were duly adopted at a meeting of the miners of Reese River Mining District, Lander County, State of Nevada, held in the City of Austin on Monday, December 28, 1874.

JOHN FROST, *Chairman.*

FRED H. HART, *Secretary.*

HUMBOLDT COUNTY.—SIERRA MINING DISTRICT.

DISTRICT LAWS.—MEETINGS ETC.

A meeting of miners and claim holders held this 2nd day of January A. D. 1863 at Ragan & Dunhouse Humboldt Co. Nevada Ter. for the purpose of organizing a mining disct. and to enact laws to govern the same, the following persons being present, viz:—S Green, B. Smith, W A Chamberlain, A Lambert, S B Cutter, Jas. Narfield, A B. Cutter, S. N. Nelson, C C. Strabaugh, Chas. Swan & Frank Dorman.

On motion Mr. S Green was elected Chairman & W. A. Chamberlain appointed Secty.

ART. 1. This disct. shall be known as and styled Sierra Disct.

ART. 2. The boundaries of this disct, are as follows, commencing at the N. W. corner of Columbia Dst. thence running S. E. on to line of said Columbia Dst. thence down to center of Grass Valley in a Northern direction to the Humboldt river, thence down the Humboldt river to the center of the Valley lying between Humboldt river and the East range of Mts. Thence in a southerly direction to the place of beginning.

BY-LAWS.

SEC. 1. A recorder shall be elected after this meeting by ballot on the first Monday in each January by a majority of male resident claim holders over the age of 18 years being in the disct 30 days before the election.

SEC. 2. A meeting of the miners of the disct. shall be held at some suitable place in this disct. on the evening of the Saturday preceding the first Monday in each January at which an inspector and two judges shall be chosen for conducting the election on the following Monday. The inspector and judges shall choose two suitable persons to act as clerks of said election and also select a place for holding the same. The judges and clerks for holding the same shall give a certificate to the persons who shall receive the largest number of votes for the office of Recorder, which certificate shall be entered on the minutes of the disct.

SEC. 3. The recorder hereafter chosen shall receive the books of the retiring recorder and enter upon the duties of his office on the second monday succeeding his election, and shall hold his office until the third monday in each January of the following year or until his successor is elected and entered upon the duties of his office.

SEC. 4. It shall be the duty of the recorder to furnish at his own cost, suitable books, including index to keep the record in good order, make all the entries in a plain and legible manner, to keep a copy of all the laws of the disct and the proceedings of all miners meetings in a book kept for that purpose, and to copy verbatim all instruments in writing pertaining to mining claims, also when called upon to go upon the ground and measure all claims taken up, setting stakes or monuments of stones at least 18 inches in height at the boundaries thereof and to place upon each stake or monument a written statement, signed by the Recorder containing name of Co. number of claims and date of location, and to enter said claims upon the books kept for the recording of mining. Also when called upon to go upon the ground and measure off assessment work to enter it upon record and give a certificate. The recorder shall be entitled to receive for each entry of less than two folios of one hundred each $1.—and for each additional folio 25 cts for measuring off claims and entering copy of notice for each claim of 300 ft. 75 cts for filing notices of location, 25 cts for measuring assessment work and making entry of the same together with a certificate 2. And for each additional certificate 25 cts

SEC. 5. No person shall hereafter be elected to the office of Recorder except he be a claim-holder in, and has been a resident of, this disct. 90 days preceding his election

SEC. 6. The recorder shall at all times keep his books open for inspection and also appoint a deputy who in his absence shall attend to the duties of his office

SEC. 7. No person shall be entitled to hold more than three hundred feet superficial measurement of any one ledge by location, except by discovery for which he shall be entitled to hold more. than three hundred feet superficial measurement of any one ore ledge by location except by discovery for which he shall be entitled to hold an additional claim of 300 ft.

SEC. 8. The location or locations of any mineral or q'tz. leads, lode or ledge in this disct. shall be entitled to fifty feet on each side of such leads or lode located by him or them. All spurs lateral veins, leads on ledges bearing mineral within the space of the said fifty feet on each side of any lode or ledge located shall be considered as claimed and entirely belonging to the locator or locators of the same and a part and parcel of the said ledge.

SEC. 9. All copies of notice of locating must be filed with the recorder within 6 days after the date of such locating together with a description as near as possible of the situation of said ledge. The recorder must be notified with 30 days after such location to measure off and record the same.

SEC. 10. Within 60 days after locations, labor amounting to the excavating of 60 cubic feet of earth or of loose material, or 6 cubic ft. of solid rock for each claim of 300 feet, must be done on the ground claimed, or at a place designated by a written notice at the spot from which a tunnel is to be run for such ground; non-compliance with any of the provisions of this article shall subject the claim or claims of delinquents to re-locations.

SEC. 11. If the party performing the work, omit notifying the recorder of the claim for which such labor was intended to cover, such work shall be considered as done for the whole Co. and only hold a share of the claim in proportion to the labor performed.

SEC. 12. When the amount of labor specified in sec. 10. shall have been performed, the claim or claims for the benefit of which the same shall have been done, shall not be subject to re-locations for the term of one year from the expiration of the 60 days allowed for the performance of the same.

SEC. 13. Any person or persons having done work upon any ledge or tunnelling right, may have the recorder go upon the grounds and measure off the same, and if it be the full amount required, to hold the said ledge or tunnelling right for the term of one year the recorder shall be conclusive evidence of the due performance of the labor therein certified to have been done.

SEC. 14. The recorder shall upon the written request of any five or more miners of the disct., post up notices calling a miners meeting in three conspicuous places in the Disct., one of the notices being placed on the door of the recorders office, stating the object of the meeting, the place, the day and the hour of holding the same.

SEC. 15. Tunnelling claim running in any given direction across the supposed range of any ledge or lode may be located in the Dst., but all such claims shall be subject to the rights of previous locations within the bounds of said claims, but no locator of such tunnelling right shall be entitled to more than one claim of 300 ft. on each ledge that may be within the boundary of said right. All tunnelling claims shall hold all blind ledges within their boundaries and also all that are not well defined upon the surface; but all well defined must be named and be recorded with the tunnelling right, otherwise they shall be subject to location irrespective of tunnelling right.

SEC. 16. The whole arrear within the boundary of a tunnelling right shall be divided into claims of 300 ft. square each, and the parties locating such tunnelling right shall locate the whole of said claim, which claim shall be subj. to the same rules of location assts., recorders fees, as other claims in the Dst., but nothing in this Section shall be so construed as to prohibit the locations of said tunnelling right from the locations of more than one claim of 300 ft. sqr. where to superficial area within the boundary of said tunnelling right shall admit of more than one such claim to each locator of the same.

SEC. 17. The recorder shall be required to place at each corner of the ground claimed for a tunnelling right, a stake or monument as specified in Sec. ¾ 4., measure off and ascertain the length and general direction of each boundary line and superficial area of the ground claimed, and place a statement on record with the claim.

SEC. 18. Any member or members of any mining Co. in this Dst. having performed his or their full amount of labor required by the rules of the Dst., other members of the Co. delinquent, may abandon his or their claim or claims in the following manner. He or they shall serve upon the recorder of the Dst. a written notice of such abandonment, which said notice shall be duly recorded by the recorder. For the period of 3 days after the abandonment, said party or parties making the same, shall have the exclusive privilege of re-locating one claim each of 300 feet, or any portion of the ledge or tunneling right originally located. During the period of the 3 days above mentioned, the recorder shall record no notice of relocation of any part of the ledge, ledges, or tunnelling right on which the party or parties abandoning, held his or their claim, and no other notices of relocation shall be recognized, that may be placed upon the ledge, ledges, or tunnelling right, or that may be dated within the term of the 3.days aforesaid. And if the party or parties abandoning his or their claim or claims, shall not within 3 days relocate any portion of ledges or tunnelling right abandoned as above, provided the whole of said ledge or tunnelling right shall be subject to relocation by any party or parties desiring the same.

Sec. 19 The party or parties relocating any portion of the ledge or tunnelling right as before mentioned, shall have the ground so relocated measured off and recorded by the recorder, as in cases of original location.

Sec. 20. One hundred ft. sqr. shall constitute a placer claim, and shall be worked one day every six months, to hold the same.

RECORDER'S OFFICE *Jany.* 20 '68.

Pursuant to a resolution adopted Jany 6 '68 granting the committee further time to revise by-laws.

Notice is hereby given that the committee will report on the 30th day of Jany. 1868. at the Recorder's office when and where a special meeting is hereby called. For that purpose further notice is hereby given that at the above stated meeting, the miners of Sierra Disct. will be presented with a new code of by-laws for adoption.

THOS. COMINS, *Recorder.*

At a meeting of the miners and claim holders held this 30th day of Jany. A. D. 1868 at the Recorders Office, state for the purpose of revising the Disct. by-laws, the following by-laws were adopted.

Sec 1. A recorder shall be elected on the first monday in Jany. of each year by ballot, polls to be open at 2 o'clock P. M. and keep open until sunset. And on the second monday after his election shall receive all books and materials to the office, and enter upon his duties as Disct. Recorder, and shall hold his office for the term of one year, or until his successor is elected and enters upon the duties of his office. The disct Recorder shall Keep his office in Dun Glen, Sierra Disct. Humboldt. Co. State of Nev. And all elections and meetings shall be held at said office. Four days notice shall be given by posting notices, the same as provided in special meeting.

§ 2. No person shall be eligable to the office of recorder, except he is a claim holder in, and has been a resident of the Disct. 60 days preceding the election.

§ 3. All male residents over age of 18 years, being claim holders and having resided in the Disct. 30 days next preceding the election, shall be entitled to vote at all elections and mining meetings.

4. At all elections for recorder, one inspector and two judges shall be chosen by the electors of the Disct. who shall constitute a board to conduct the election. And they shall choose two suitable persons to act as clerks. The inspector and judges shall be chosen by a majority of the electors present at the opening of the polls. And said board of judges and clerks shall give a certificate of election to the persons receiving the greatest number of votes, and said certificate shall be entered upon the records of the Disct. All special elections shall be governed as above

5. It shall be the duty of the recorder to furnish at his own cost, books for his office, and keep the same open for inspection at all reasonable business hours. To keep the records in good order with convenient index, to record all laws of the Disct. and the proceedings of all miners' meetings, and copy verbatim all instruments of writing pertaining to mineral claims. Also when called upon to go upon the ground and measure all claims taken up, causing stakes or stone monuments to be erected at least two feet high at the boundaries thereof, and place upon such stake or monument, a written notice signed by the recorder containing the name of Company, the number of claims, the date of location, date of survey, and enter said date of location & survey upon the books kept for recording mining claims. To place on file and keep safely, all notices pertaining to mining claims, left with him for such purpose. Also when called upon to go upon the ground and measure all assessment work and enter it upon the records, and give a certificate for the same. The recorder shall appoint a Deputy, which appointment shall be recorded and said Deputy shall have the same power and duties as the principal. The recorder shall have power to revoke such appointment at pleasure.

6. No person shall be entitled to hold by location more than 200 feet lineal measurement, or any ledge or vein except by discovery, for which he may hold one additional claim of 200 ft. And all claims shall include 50 feet on each side of the vein for working purposes, with all dips, spurs not held by prior location.

7. All locations of claims shall be made by placing a stake or monument at least 2 ft. high on some conspicuous place on the claim with a notice thereon, containing date of location, names of locators, name of Co., number of feet claimed and the number of feet each way from said notice, and within 10 days following, a copy of said notice with Recorder, which shall hold said claim 30 days from date of location.

8. Within 30 days after location, labor amounting to the excavating or removing of 60 cubic feet of earth or loose material, or 60 cubic feet of solid rock, for each claim of 200 ft. must be done on the ground claimed as assessment work, which shall hold said claim up to the 1st day of Aug. following said location.

9. After the first assessment work has been performed as required in Sec. 8. and prior to the 1st day of Aug. in each year, a similar amount of assessment work shall be performed, or in lieu thereof, assessments due, paid as hereafter named, to hold such claims for the following assessment year.

Assessment done as above, shall consist of ¼ ct. per foot in legal currency which shall be paid to the recorder, and receipt from the recorder, of asst work done or asst. dues pd., shall be sufficient to hold said claim for the ensuing asst. year.

10. One half of all assessment due, received by the recorder, shall be appropriated by the recorder, for the Disct school fund, and one half per cent, for the improvement of public roads within the limits of mining Disct. And the recorder shall on the 1st Saturday of Aug. Nov. & Feby. and May of each year, pay to the order of the School Treasr of the Disct. ¼ of all such dues received by him, and ¼ such dues to the road commissioner.

11. Any person perfecting the amt. of asst. work, required by Sec. 8. shall notify the recorder, when he shall go upon the ground and measure the same, and give such person a certificate for the amount of work performed,

12. Any claim upon which asst. work shall not have been done or assessment dues paid as required in Sec. 9 shall become delinquent and subject to relocation, but any member of a Co. may perform his or their proportion of asst. work and receive a certificate for the same in their own name or names.

13. The fees of the recorder shall be as follows for measuring each claim of 200 feet and entering copy of notice 75c—for filing notice 25c—for measuring asst. work on a claim and giving certificate $2.—Fees payable in U S. Cy.

14. In a Co. when any member is delinquent, any or all of the members not delinquent may abandon their claim or claims, by filing a notice of the same with the Recorder and having the same entered on the records.

15. The Recorder shall not be compelled to perform any duties where fees are required, unless such fees are tendered in advance if he refuses it.

16. If the recorder shall fail to perform the duties of his office as required in the Disct. by-laws, he may be removed and his office declared vacant by a two thirds vote at any special miners meeting called for that purpose, after due notice has been given for such meeting.

17. The recorder shall upon the written request of five or more miners, being voters in the Disct. post up notices in the most conspicuous places in the Disct. calling a special miners meeting. One of the said notices shall be placed upon the door of the recorders office, & shall be posted 10 days prior to such a meeting, stating the date and purposes of such meeting. If. a vacancy occurs in the recorders office, or if the recorder neglects to post such notices, the miners can post said notice, being signed by five or more as above named. If a vacancy occur in the recorder's office by resignation or otherwise, a special meeting may be called, and a recorder elected to fill the unexpired term.

18. Any Co. shall have the right of way to work their claim through any intervening claim, by giving to the owners of said claim all mineral or rock of value taken therefrom. The Co. claiming such right, shall pay all road damages to the owners of the claim through which they run.

19. The by-laws may be altered or amended at any regular meeting of the miners of the Disct. by a majority vote, or at any special meeting by a two thirds vote.

20. Boundaries of Sierra Mining Disct. are as follows—Commencing at a point in the Valley between the Star range and the first East Range Known as the Jacobs Wells—thence running East through Natchez Pass, down Natchez ravine to center of center of Grass Valley, thence up said Valley to the Humboldt River, thence down the Humboldt River to the above named Valley lying between the Star and the first East range, thence down the center of said Valley to the place of beginning.

21. All former by-laws of this mining Disct. are hereby repealed.

22. Moved and seconded that the Secty. of this meeting, keep in his possession until duly copied, the records of the Disct. and that the same are returned and kept by Disct. recorder.

We the undersigned, hereby certify that the above by-laws are a correct copy of the by-laws adopted by the miners of Sierra Mining Disct.

On motion of Chas. D Sprague to have some accepted, seconded by Jno. Wright, was put to vote and motion was carried unanimously.

C S OSBORN *Chairman.*

C D SPRAGUE *Secty*

At a meeting of claim holders of the Sierra Mining Disct. held in this town of Dun Glen, Humboldt Co. Nev. this 1st day of January 1872., all former by-laws were revoked and the following were accepted by a unanimous vote.

SEC. 1. The annual election for recorder of Sierra Mining Disct., Humboldt Co. State of Nevada, shall take place in the town of Dun Glen in said County, on the first monday in January of each year. Polls to remain open from 2 o'clock P. M. to sun-down. The recorder thus elected by a majority of legal voters, shall receive all books and materials of office, and take his seat of office in said town of Dun Glen and enter upon his duties as recorder of the Disct. immediately after his election. The term of office shall be for one year or until his successor is elected. All elections and meetings shall be held at his office, and five days, previous to said elections and meetings shall be given, by posting notices in public view.

Special meetings shall be called at the written request of not less than ten legal voters, and it will be the duty of the recorder to notify by public notice in three conspicuous places, that said meeting will be held ten days after the request.

2nd No person shall be elegible to the office of Disct. Recorder, unless he is a legal voter, and a citizen of the U. S. and has been a resident in the Disct. 60 days preceding the annual election.

3rd All residents over the age of 18 years, being claim-holders, and having resided in the Disct. 30 days, shall be entitled to vote at all elections and miners meetings.

4th At the election of Disct. Recorder, one inspector and two judges shall be chosen by a majority of electors present at the opening of the polls, who shall constitute a board to conduct the election, and they shall choose two suitable persons to act as clerks. Said board of judges shall give to the person thus elected Dist. recorder, a certificate of his election, which certificate shall be entered upon on the record.

5th It shall be the duty of the Disct. Recorder, to furnish the necessary books & writing material of his office, at his own expense, & shall keep said books open for inspection at all reasonable business hours. To place on record all proceedings of miners meetings, and copy verbatim all written instructions pertaining to mining claims; and when called upon to go upon the ground and measure such claims, and assessment works, causing stakes and stone monuments at least 2 ft. high to be erected, designating the exact boundaries of said claims, with a written notice placed thereon, duly signed by him, specifying the number of claims, names of locations, name of Co., date of location, and date of survey, and entering said locations and asst. works, in the books of records. To place securely on file, all notices pertaining to mining claims, and it shall be his duty to determine whether all asst. work as prescribed by the present Disct. Mining Laws, have been faithfully performed, & shall give a certificate to that effect, if found correct, & shall enter same on record. The recorder shall have the power to appoint a Deputy, who will be endowed with the same power. and duties as the recorder, and the recorder shall have the power to revoke such appointments.

6th No person shall be entitled to hold by location, more than 200 feet, linear measurement, or any ore ledge, except by discovery, for which he may hold one additional claim of 200 ft. And all claims shall include 50 ft. on each side of the vein or ledge, for working purposes, with all dips, spurs, and variations, not held by previous locations. All locations of claims, shall be made by placing a stake or stone monument at least two ft. high on some conspicuous place on the claim, with a written notice therein specifying the number of feet each way from the monument date of location, names of locators, name of Co. number of feet claimed, within 10 days from date of location. A copy of such notice shall be filed with the recorder, the performance of which shall hold said claim 30 days from date of location. Labor must be on the vein &c. within the boundary of his claim, by tunnelling, or shaft to the extent of 100 cubic feet of earth or loose material, or 100 ft. of solid rock for each rock for each claim of 200 ft., which labor having been performed, shall hold said claim up to the 1st day of Aug. following. The same extent of work shall be executed every year, and if not performed prior to the above date, said claims shall be considered delinquent, and subject to relocation.

7th Any one or more members of any Company, who have done their asst. work as per. the by-laws and the remainder have failed to do so, those who have, shall have the right. on the last day of the asst. year, to call upon the recorder, and in his presence they shall proceed to segregate their ground and be entitled to select such portions according to the number of feet they own of the whole location, as they may desire, leaving the balance subject to relocation as per the Mining Laws of the Disct. Such regulations shall be recorded as a segregated location. The recorders fees for so doing shall be the same as for location—viz:—For measuring each claim of 200 ft. & entering copy of notice, 75c. For filing 25c. Asst. work on Co.'s claim & giving certificate thereof, $2.—payable in gold coin. The recorder shall not be compelled to perform any duties where fees are required, unless such fees are tendered in advance.

8th If the recorder shall fail to perform the duties of his office, as required by the Disct. Mining Laws, he may be removed and his office declared vacant by a two thirds vote at any special miners' meeting called for such purpose. If a vacancy occurs in the recorders office by resignation or otherwise, a special meeting may be called, and a recorder elected to fill the unexpired term.

9th Any claim exceeding the distance of 6 miles from the town of Dun Glen, entitles the recorder to mileage fees, viz:—50 cts for every additional mile exceeding the above distance.

10th The by-laws may be altered and amended at any regular meeting of the claim holders of the Disct. by a majority vote of those present, or at any special meeting duly called, by a two thirds vote.

11th. All former laws of Sierra Mining Disct. are hereby repealed.

At a special meeting called by the miners of Sierra Disct. held at the store of Sprague & Co. at 7 o'clock P. M. in the town of Dun Glen, Mr. Jno. Wentworth was duly elected as Chairman.

After the meeting it was moved by Mr. Jno. Wentworth that C. D Smyth should be Secty., duly seconded & carried.

It was moved by Richard Glann that the chairman should appoint a committee of three to revise the by-laws of the Disct. in conformity with the U S. Mining Laws approved May 12th 1872.

Chas. D Smyth, C S Osborn, & D P Crook were duly appointed as the committee.

It was moved and seconded that the meeting should adjourn until Saturday Aug. 17th 1872

LAWS OF THE CORTEZ MINNING DISTRICT.

Agreeable to A Notice posted at Veach Camp, on Mill Creek Canon, Lander county, Nevada Territory, on May fifteenth eighteen hundred and Sixty three, calling for A meeting of the miners of this vicinity for the purpose of organizing A Mining District and A code of laws for governing the same, we the undersigned miners met and adopted the following articles to wit:

ARTICLE I.—That this District Shall be known as the Cortez mining District,

ART II.—That we believe other Districts will be formed adjoining the Cortez District; therefore, we will describe no limit for the Cortez District, but will in the event of other Districts being formed, hold claim to ten miles square as the Cortez District, the crest of Bullion Hill, at the Andrew Veach Ledge being the center of said District

ART III.—That A miner's claim in this District shall consist of two hundred feet, running length wise on the ledge, and also two hundred on each side of the Ledge, together with all of the metals or minerals that may be contained within the lines of said, and that said Claim shall follow the course of the Ledge with all of its dips, spurs, and angles,

ART IV.—That any person or Company may hold one claim by location in each and every different Ledge in this District

ART V.—That in case there shall be locations of claim in this District where there is not an extent of two hundred feet on each side of their Ledges without conflicting with eachother, the first location Shall in all such cases hold their claims entire over any and all subsequent locations,

ART VI.—That any person or Company wishing to prospect for an imaginary or blind Ledge Shall be entitled to hold four hundred feet in width by posting a Notice of the same on the ground, and describing lines etc,

ART VII.—That all claims located as pr. Art. VI. shall be held an respected as any other mining Claim in the District,

ART VIII.—That the posting of A notice on a claim and having the same recorded by the Recorder of this District Shall hold any and all claims without any improvements until the first day of October eighteen hundred and sixty three,

ART IX.—That within thirty days after the First day of October eighteen hundred and sixty three, there shall be the amount of ten Dollars expended on each companies claims in this Districts, and all claims not so improved shall be open for relocation, to any parties who may choose to locate the same after the expiration of the said thirty days,

ART X.—That any company expended said amount as specified in art. IX. shall hold any and all such claims without further expenditure until the first day of May Eighteen Hundred and Sixty four, and after that time there shall be one days Labor or five dollars valuation of improvements, expended on each and every Company's in this District once in every thirty days and every Company having expended the amount of five hundred dollars on their claim, shall hold them thereafter unto themselves, their heirs or assigns forever,

ART. XI.—That any person discovering a Ledge shall be entitled to an extra Clain of two hundred feet on the Ledge as a discovery claim; but in no case shall there be more than one discovery claim on each ledge,

ART XII.—That any Company having expended the amounts of improvements required in these laws whether it be expended on the mine or building or any thing Else that may be directly connected with the working or improving of the Company's claims shall in all such cases be considered the same as if the amount was placed exclusively on the mine itself,

ART XIII.—That there be a Recorder elected for this District whose duty it shall be to record all claims that may be located in said District and presented to him for record, and that he shall receive the sum of fifty cents for each claim recorded and five dollars extra for going on the ground to be recorded, Which duty he shall perform in all cases,

ART XIV That any claim in this District shall not be respected, that is not recorded, or placed on file for the same within ten days after its location,

ART XV,—That a mining Company may hold four hundred feet square for tunneling purposes, dumps, Buildings &c., and also that any Company having ground situated in a way that it is necessary for them to run through any other Company's Ground in order to work their claim, that they shall have the right of way for running the same, provided the said tunnel does not conflict with any other Company's works

ART XVI.—That the Books of the Recorder of this District shall be at all times be open for inspection to any person wishing to examine the same, but in no case shall they be taken from his immediate presence,

ART XVII.—That the Recorder's term of office shall continue so long as he performs the duties satisfactory to the majority of the miners contained in this District.

ART XVIII.—That John F. Cassell be, and is hereby elected Recorder of the Cortez District, to hold said office in accordance with article XVII.

ART XIX.—That a copy of these laws be preserved by the Recorder of this District and another copy posted on some conspicuous place in said District, and also that they be inserted three times in the Colums of the Virginia Daily Union.

We hereunto affix our names and seals, done at Veach Camp, Mill Creek, Canon, Lander County, Nevada Territory, on the twenty-fifth day of May Eighteen Hundred and Sixty-three,

DISTRICT MINING LAWS OF WHITE PINE MINING DISTRICT, NEVADA.

At the regular annual meeting of the miners of the White Pine Mining District, held at Treasure City, White Pine County in the State of Nevada, on the 20th day of July 1874, the following were proposed as amendments to the mining laws of said district, and, being on motion read by sections and submitted to vote thereat, were duly adopted in said meeting by the miners assembled at the time and place aforesaid:

1st.—This district shall be twelve (12) miles square, bounded as follows: commencing at the Six-mile House, northwesterly from Hamilton, and running thence due east six (6) miles, thence due south (12) miles, thence due west twelve (12) miles, thence due north twelve (12) miles, thence due east six (6) miles to the place of beginning, true meridian.

2nd.—The United States mining Laws are hereby adopted in full as the laws of this district.

3rd.—The annual meeting for the election of Mining Recorder, and for the transaction of such other business as may be necessary, shall take place at one (1) o'clock p. m., on the 20th day of July of each year. The Recorder shall give ten (10) days' notice of the time and place of such meeting.

4th.—The Recorder shall have a competent deputy to attend to his business during his absence from the district. In case of resignation or death, the deputy shall give ten (10) days' notice that an election will be held, when a majority of the miners present shall elect to fill the vacancy for the unexpired term. In case there is no deputy five (5) miners of the district may issue the call for a meeting of the miners to fill the vacancy.

5th—All examinations of the records shall be made in the presence of the Recorder or his deputy. The books shall be kept during business hours in a suitable place convenient of access.

6th.—No pen or ink shall be allowed about the desk where the books are kept during business hours.

7th.—Notice of a claim or location of mining ground on file in the Recorder's office shall be deemed equivalent to a record of the same.

8th.—All locations shall be made by a written notice posted on the ground, when there shall be allowed thirty (30) days in which to file such notice of record.

9th.—No person shall have the privilege of participating in any meetings except *bona fide* miners of the district, and no person shall be considered a miner unless he is an owner in a claim recorded, and worked according to law.

10th.—For all locations hereafter made whether containing fifteen hundred (1500) feet or less, the Recorder shall be allowed two (2) dollars for making the record when not required to go on the ground. When required to go on the ground he shall be allowed fifty (50) cents for each mile traveled one way—*provided* that nothing in this section shall be so construed as to make it the special duty of the Recorder to go on the ground for the purpose of recording claims.

11th.—The Recorder shall be allowed three (3) dollars for every certified abstract of title furnished by him.

12th.—The owners of any location having complied with that part of section 5th of the United States Mining Laws prescribing the amount of work necessary to hold possession of a mining claim shall make affidavit before a Notary Public or Justice of the Peace that the law has been complied with, and shall file such affidavit for record on the books of the District Mining Recorder. The fee for making such record shall not exceed one (1) dollar. A failure to comply with the provisions of this section shall be *prima facie* evidence that the law has not been complied with, and the claim shall be open for relocation the same as though no previous location had existed.

FORM OF AFFIDAVIT TO BE USED.

STATE OF NEVADA, *County of White Pine.*

Before me, the subscriber a (Notary Public, etc., or Justice of the Peace, etc.,) personally appeared (A. B., giving name of affiant,) who, being duly sworn, saith that at least———dollars worth of work or improvements were performed upon (here describe the claim or part of claim,) situate in White Pine Mining District, County of White Pine, State of Nevada, for the year A. D., 18—. Such expenditures were made by or at the request of———, owners of said mining claim.

(Jurat.) (Signature.)

13th.—Every location made prior to May 10th, 1872, for which application for U. S. patent has not been made, shall before the first day of January, 1875, have the boundaries of the location defined by suitable stakes, placed at each corner of the location, properly marked with the name of the location and the number of the stake, commencing at the N. E. corner, and numbering with the sun. A lettered notice shall also be posted at the initial point with the name of the claim, number of feet claimed, and course of the claim legibly printed thereon. It shall also be the duty of the owners of such location to file with the District Recorder, within the time aforementioned, a complete description of such location, with the course and distance from some prominent landmark or already patented claim. For filing the above description the Recorder shall be allowed two (2) dollars. A failure to comply with the provisions of this section shall be deemed an abandonment of the location, and it shall be open for relocation, the same as though no previous location had existed.

14.—All claims located since the 10th of May, 1872, shall have their boundaries defined and marked as required by Section 13 before the 1st day of January, 1875; and all claims hereafter located shall do the same within ninety (90) days from the date of record of such location. A failure to comply with the provisions of this section shall subject the claim to re-location.

15.—Should the Recorder at any time neglect the performance of his prescribed duties, or should he make charges for work in excess of those provided by these by-laws, he may be removed from his office therefor, and a new Recorder elected to fill the vacancy—*provided* that a call for a meeting for that purpose shall be signed by at least ten (10) miners of the district, giving time and place of holding such meeting, when it shall require a majority of the voters present to remove the incumbent, and elect his successor.

16.—The office of Mining Recorder shall be located in Treasure City.

17.—All by-laws, or parts of by-laws in conflict with these by-laws are hereby repealed.

After the adoption of the by-laws, on motion a committee to consist of the chairman of the meeting, and of two other persons present thereat, to be appointed by the chairman, were authorized to prepare a fair engrossed copy of the same. The chairman thereupon named upon said committee Joseph Grandelmyer and G. R. A. Bibbins as members of said committee on engrossment, and to prepare the said by-laws for the purposes of printing.

On motion it was ordered by the meeting that the Recorder be directed to have copies of the by-laws printed in convenient form; and that he be allowed to charge for single printed copies thereof the sum of twenty-five (25) cents.

On motion the meeting then resolved itself according to call for the purpose of electing a Recorder for the ensuing year.

W. F. ANDERSON, *Chairman.*

Attest JOHN L. ROBERTSON, *Sec.*

The undersigned, a committee appointed at the regular annual meeting of the miners of White Pine District, on the 20th day of July, 1874, to prepare an engrossed copy of the by-laws adopted at said meeting, do certify that the above, consisting of seventeen [17] sections, is a true and correct copy of the by-laws as adopted thereat.

MINING LAWS

SEC 1st Each individual mining claim made in this District shall in conformity with the United States mining laws consist of two (200) hundred feet in length on the Ledge or Lode with the privilege of an additional claim of two (200) hundred feet to the discoverer all dips spurs and angles radiating to or from the same and one hundred feet on each side of the Ledge or Lode the whole distance located for mining purposes; but this shall not be construed as giving the right to claim any distinct or parallel ledge or lode within said one hundred feet, but only the one originally located

SEC 2d Locations shall be made by placing a legible notice securely and conspicuously on the ledge or lode by either of the following methods to wit; on a monument of stone not less than three (3) feet high and well built on a post firmly placed in the ground not less than three (3) inches through and two (2) feet above ground, or on a tree not less than four inches through, which notice shall state the number of feet claimed in the location, the names of the parties locating the same, and the number of feet for which each name is located, the name or names by which the ledge or lode and the company locating the same shall hereafter be known, and also as near as practicable the local position of the claim in the district—Such a notice shall hold good without record thereof for ten days from the date of location, but at the expiration of said ten days the claim if not recorded shall be subject to relocation

SEC 3d Within thirty days from the date of record of any claim there shall be performed upon the same two (2) days work for each and every two hundred (200) feet of said location which said amount of work having been duly and faithfully performed shall hold the claim without further work or assessment for the term of one year from the date of record of the claim *and no longer*. A failure to comply with this law shall be deemed equivalent to an abandonment of the claim and render the same liable to relocation—

SEC 4th When at any time it shall have been proved to the satisfaction of the Recorder of the District that the sum of five hundred Dollars ($500) Gold coin has been expended upon any mining claim or location the provisions of section 3 of these by-laws having been fully complied with said mining claim or location shall be deemed as having complied with all laws or demands of this District and thereby released forever from further work or assessment to be expended on said claim; nor shall said claim or location ever again be subject to relocation under the laws of this District. on application it shall be the duty of the Recorder to issue a certificate to the effect that the provisions of this section have been fully complied with, for which service he shall be entitled to a fee of five Dollars (5^{00}) Gold coin—

SEC 5th An annual meeting of the miners of the District shall be held on the first Monday of each and every year at which time a District Recorder shall be elected and any other business transacted which may properly come before the meeting—

SEC 6th The Recorder shall hold office one year from the date of his election and until his successor is qualified; before entering upon the duties of his office he shall file in the office of the nearest sitting Magistrate an oath or affirmation that he will duly and faithfully perform the Duties of his office as required by the By-Laws of this District—His duties are as follows—

ART 1st He shall reside in the District—

Art 2nd He shall procure at his own expense a Suitably Bound Book or Books in which he shall legibly inscribe a record of all mining claims that may be presented to him for record, keeping the same properly indiced in a separate book, also a book in which he shall keep a record of the minutes of all meetings of the miners of the District, both annual and called, and at the expiration of his term of office deliver the same in good condition to his successor—

Art 3rd He shall at all reasonable times keep the books of record open to the inspection of the public but only in the presence of himself or one of his deputies—

Art 4th Before receiving for record a notice of location it shall be his duty to go upon the ground so located and survey the same noting the date of record on the notice posted on the claim, also taking such notes of the locality as shall in case of any litigation afterwards prove as nearly as possible the exact position of the ledge or lode so located indorsing such notes on the posted notice and also recording them with the original notice in the District records—

Art 5th He shall number consecutively every claim recorded endorsing the number on the notice posted on the claim—

Art 6th He shall receive for each name recorded the sum of fifty cents in Gold coin, for making a transcript of Record one Dollar (1^{00}), for issuing a certificate of location fifty cents—

Art 7th He shall not be compelled to perform any act pertaining to his office without receiving Lawful fees—

Art 8th He shall have the power of appointing one or more Deputies who shall reside in the District and for whose acts he shall be responsible—

Art 9th He shall on the application of any party interested visit any mining claim and survey the amount of work done and performed on the same, issuing a certificate as to the amount of such work according to the best of his judgement for which service he shall be entitled to the sum of two Dollars (2^{00}) Gold coin which fee he may demand in advance—

Art 10th He shall give at least ten days notice of the time of holding the annual meeting (Sec 4) by posting notices in not less than three conspicuous places in the District—

Art 11th At the written request of not less than ten (10) miners of the District he shall in the manner prescribed in Section 6 article 10 issue a call for a special meeting of Miners stating the time and place where said meeting shall be held and the object for which said meeting is called. At said meeting no business shall be transacted other than that specified and named in the call—

Sec 7 In case of the resignation death or removal of the Recorder from office for cause, or his voluntary absence from the District for a period of sixty days the office of the Recorder shall be deemed vacant, and the Deputy Recorder shall notify the miners as in Section 6 Art 10 that an election is to be held to fill the vacant office of Recorder stating time and place when such election is to be held: until such election takes place and the newly elected Recorder is qualified the Deputy Recorder shall exercise the duties of the office—

Sec 8 Only bona fide miners of the District shall have the privilege of participating in any election or meeting of miners and no person shall be considered a miner unless he has a claim recorded and worked according to the By-Laws—

Resolved, That all Laws and Resolutions heretofore in force in this District in conflict with the above are hereby repealed—

On motion J. W. Gally was called to & accepted the office of Chairman of the meeting—

On motion M. V. B. Gillett was elected secretary—

Minutes of the previous meeting read & discussed—

* Changed Sept. 3 to "Tybo District".

On motion duly seconded & voted upon the name of Tybo Dis't was substituted for that of Divine Dis't the latter name appearing in the minutes of the previous meeting—

The following code of mining laws for the regulation of the Tybo Dis't in Nye Co—Nevada was then offered to and adopted by the meeting—

BOUNDARY—

Resolved that this Dis't shall be bounded as follows—On the North by the summit of the south face of Jerusalem mountain On the East by the line where the lower foot-hills meet Hot Creek Valley. On the West by a line running North & South parallel with the West summit of Jerusalem Canyon, and the whole extending with these boundaries to a line running East & West at a distance of five miles due South of the aforesaid summit of Jerusalem Mountain—

TERMS DEFINED—

Resolved, that to prevent misunderstanding and contention the following shall be the definition of certain terms within this Dis't viz. The word "Lodge" shall be construed to mean a continuity of identical ledge matter; the word "location" shall be construed to mean the whole number of feet marked out & claimed in place by any party whether consisting of one person or more; the word "claim" shall be construed to mean each two hundred feet on a location—the discovery claim of two hundred feet being one additional claim, the property of the discoverer individually or of his company collectively as he may elect—

AS TO LOCATION—

Resolved, that every location shall be measured & a monument placed at each end thereof—Said monument to be of wood or stone—at least two feet high & not less than one foot in diameter—

AS TO RECORD—

Resolved, that any party wishing to record his or their discovery or location upon the books of the Dis't Recorder shall post a notice of his or their intention upon the said location or discovery & have said notice recorded with said Recorder within fifteen days after posting thereof—And in failure to comply with this resolution, the said location shall be fairly & clearly understood to be vacant, as if the said Notice had never been posted thereon—

Resolved. that within thirty days after notice to hold location has been posted upon such location, one average miner's day's work for each claim in such location shall be done at any point or points upon the location—and this work shall hold the said location for a period of twelve months from date of posting original notice, and an equal amount of work shall be done upon the location for each twelve months that the location is holden—either in consecutive days or for each year within each twelve months separately—

AS TO FAILURE TO WORK—

Resolved that any claimant in any location who shall fail or neglect to do, or to have done his proportionate amount of work upon the location as required by these laws after having been notified by a majority of the company that the annual assessment work is due by law & about to be done, shall after a period of twelve months from such notification if he still fail or neglect to comply with the law, be deemed & considered to have neglected and abandoned his claim in said location, and the majority of the claim holders in said location may then proceed to set apart the number of feet in his claim from such portion of the location as to them may seem best, and the feet so set apart shall be open to re-location—

AS TO RECORDER

Resolved, that a Mining Recorder for Tybo Dis't shall be elected annually on the first day of September, or the Monday following if that day occur on Sunday, of each year, & it shall be the duty of the incumbent Recorder to post notices setting forth the time, place & manner of such election in at least five of the most conspicuous places within said District for a period of time not less than three weeks prior to the day of election—The manner of election shall be by a miners meeting at the office of the Recorder & the vote shall be by ballot, and a majority shall elect—

RECORDERS DUTIES—

Resolved, The Recorder shall keep his office at some approximately central point within said Dis't & he shall keep a book of record in which he shall record verbatim the notice of each location as presented to him, He shall go, upon the demand of a locator, to the location & view the same, & upon payment of his fees shall make the proper record—If the record to be made is of an original location he shall record it without remark, but if the same has upon his books been previously recorded he shall write on the margin of the record the words "second location," third location" & so on as the case may be—He shall keep his books at all times open to inspection of persons having business therewith & shall not remove the record from his office outside of said Dis't unless required to do so by the courts of law & justice—He shall receive for his services one dollar for each name appended to any notice, or protest, or other paper proper to go upon his record—

MINERS MEETINGS

Resolved, that a miners meeting to modify, amend or add to these laws or for other purposes founded upon these laws shall be convened by a notice thereof posted in at least five conspicuous places within said Dis't for not less than three weeks setting forth the time, place & object of such meeting, and the notice shall be signed by not less than five bona fide claim holders residing in the District, and all such meetings shall be held at the office of the mining Recorder—

On motion of M. V. B. Gillett that the locations of John Seutre or his company if any there be, within the boundaries of this Dis't at this time shall be recorded upon the Record of this Dis't or otherwise as he the said Seutre may elect, but if recorded within this Dis't, no charge shall be made therefor—Passed—

On motion of Chas Garrett—adjourned

THOMAS P. WARD *Secretary*

JOHN HENRY *Chairman*

WHITE PINE COUNTY.—CHERRY CREEK MINING DISTRICT.

At a meeting of the Miners of the miners settlement near Cherry Creek in White Pine County Nevada held on the ninth day of November 1872 held in the cabin of A Hunter it was on motion—

Resolved that Mr Osman G. Leach be appointed Chairman and Bartholomew O'Conner Secretary—

The chairman read the call for the meeting which stated its object to be, the organization of a new mining district, the formation of laws for the government of the same and for the election of a Recorder for the district—

It was thereupon on motion,

Resolved that it is expedient and necessary to form a new mining district for the mining locations already established in this vicinity, and that such a mining district be now organised—

On motion it was then next

Resolved that this district be call the "Cherry Creek Mining District"—

It was then on motion

Resolved that the chairman appoint a committee of three to draft laws for the regulation and government of this district—

Whereupon the chairman appointed Messrs D. R. Collins, B. O'Connor and A. Hunter a committee to draft and report suitable by-laws for the district—

The committee having retired for that purpose afterwards returned, and read and reported the under written laws which were read and considered section by section and were unanimously adopted—

Art 1st This district is situated in White Pine County State of Nevada and shall be known as the Cherry Creek Mining district and is bounded as follows viz—Commencing at the mouth of Cherry Creek in Steptoe Valley and running Northerly along the Eastern base of the Eagan range of Mountains to the mouth of Goshute Creek, thence westerly through Goshute Canyon to the Western base of the aforesaid range of mountains thence southerly along the western base of said mountains to the head of Cherry Creek Canyon, thence Easterly down Cherry Creek Canyon to the place of beginning—

Art 2d There shall be a mining recorder elected on the second Monday in November of each year, who shall hold office for one year, or until his successor is elected and qualified, unless in case of his death or removal, when a new election shall be held, for the time of such vacancy, at a meeting to be called by written notice signed by at least five persons holding bona fide claims in this district, and posted in three well known and conspicuous and inhabited places in this district at least fifteen days prior to the day of such meeting—

Art 3d It shall be the duty of the Recorder to keep in a suitable book or books a full and truthful record of the proceedings of all miners meetings held in this district (of which he shall be the Secretary when present) and it shall be his duty to record in a suitable book or books, in the order of their date of filing with him, the notices of mining claims presented to him for recording—He shall keep his books open for the inspection of all persons wishing to examine them, but only in his presence or that of his deputy, at all reasonable times—He shall have power to appoint a deputy, whose appointment shall be entered at large on the record, prior to his acting as such, and for whose official acts he shall be responsible—

Art 4th The Recorder shall be entitled to the following fees—"For recording a location—Four dollars—For transcript of record of location two dollars—for Recording work on location in estimation of the amount thereof and giving a certificate thereof two dollars and fifty cents—and for each mile of travel in going to or returning from any mining location (for one way) in the exercise of his official duty fifty cents—For any extra paper recorded not exceeding one folio one dollar—And the Recorder shall when requested so to do, go upon the ground for any purpose connected with the business of his office, in relation to any mining claim—

Art 5th All claims of mining locations must be made by distinctly written notice placed upon the location with the name or names of the claimants, date of location and the number of feet claimed each way, from the monument on which the notice is posted, or in the manner required by the laws of the United States, and which notice shall be placed on a monument at least two feet in height and shall be located by reference to some permanent object or recorded location, so that the location of the claim may be easily found, and prior to the recording of such location, or claim, the boundaries must be distinctly marked around the entire amount of ground claimed by the location—

Art 6th All claims located in this district shall be recorded within fifteen days after the notice of location is posted thereon, and the time of recording shall date from the time of filing the notice with the Recorder—

Art 7th Any person or persons may locate a tunnel, by posting at the point of commencement a notice, such as is required in the location of a lode, ledge or deposit of mineral, such notice to contain a description of all of such tunnel claim and the direction in which the same shall run—Prior to the recording of such tunnel location, the course of such tunnel shall be distinctly marked on the surface, through the entire length of the ground where the intended tunnel is proposed to be run—

Art 8th When a notice of a mining location is presented to the Recorder, for filing and recording he shall note on the back of the notice, the time of presentation, day and hour, and such notice shall be deemed recorded from and after the time of filing—Provided, however that he shall first examine whether a prior claim does exist, as to or on said location, whose term has not expired by limitation fixed, and if such prior location is in existence, he shall so inform the party presenting the notice, and shall protest and refuse to record the same—And in case the party shall insist on recording of such notice, then the Recorder shall in precise terms state in writing the reason why he has protested against and refused to record the same, setting forth such protest and refusal on the back of such notice, and shall record such protest and objections thereto, together with such notice—

Art 9th Should the Recorder neglect his duty for any unreasonable time, he may be removed by the action of the claim holders of the district at a meeting called as provided for by the by-laws—And in case any Recorder should remove from the District, or his office become vacant by his death, resignation or otherwise, a new Election for Recorder shall be held, as provided for in these by-laws—

Art 10th These laws may be altered or amended by the miners of the district calling a meeting for that purpose—such call to be signed by ten *bona fide* mine owners, holding mines or mining locations in the district, and shall be posted in three well known, conspicuous and inhabited places in the district, at least twenty days prior to the date of holding such meeting, and the call for such meeting shall also state the day, hour and place on and at which it shall be held—

After the above written by-laws had been unanimously adopted as the by-laws of the District and the committee discharged from the further consideration thereof, it was on motion

Resolved that the election of a Recorder for the district be proceeded with—

Whereupon Mr D. R. Collins was put in nomination for such office and no other nomination having been proposed, it was on motion of Mr B. O'Connor carried by acclamation unanimously—

Resolved that Mr D. R. Collins be elected the Recorder of this the Cherry Creek Mining district until the second day of November 1873—

It was then on motion of Mr B. O'Connor

Resolved, that it shall be the duty of the Recorder of this district, to transfer from the books of the Gold Canyon district all claims recorded in such Gold Canyon Mining district prior to the organization of this, the Cherry Creek Mining District, that is to say, all claims that are located within the boundaries of this, the Cherry Creek Mining District—

There being then no further business to be presented for the consideration of the meeting it was thereupon adjourned without day—

Minutes attested, as a correct record of the transactions of the meeting

TRANSCRIPT. LAWS AND REGULATIONS OF JOHN DAY'S MINING DISTRICT, OREGON.

At a miner's meeting held in John Day's District the 25th day of June, A. D. 1862, the following laws and regulations were passed to govern said district (interlined) "except such articles as have been amended, which

amended articles are inserted in place of the original." These laws and regulations to take effect from date of their passage.

This district shall be known as John Day's District, the limits of which shall be as follows: commencing at the mouth of Cañon creek, and running south to the head of Cañon, including all of its branches and tributaries; thence east to the head of Bissel creek, including all of its branches and tributaries; thence north to the middle fork of John Day's river; thence west to the place of beginning; and shall be governed by the following laws, to wit:

ARTICLE 1st. Each person mining in this district shall be entitled to two claims by location—one in a ravine, hill, gulch, creek, or flat, as the case may be, and one in the river—, and one by purchase. Every claim located or purchased shall be represented.

ARTICLE 2nd. Claims in Canon creek shall be seventy-five feet up and down, and from bank to bank—present occupants or owners to have choice of ground, and to have until 10 o'clock Monday, the 7th instant, to make such selection.

ARTICLE 3rd. Bank claims shall be seventy-five feet face, and running back to center of hill.

ARTICLE 4th. A creek claim shall be considered workable from the 1st of June until the 1st of November, except Cañon creek, which shall not be deemed workable until the 20th of July.

ARTICLE 5th. A ravine claim shall be one hundred and fifty feet in length by one hundred in width, running up or down the ravine. Gulch and creek claims to have the same limits or boundaries except Cañon creek.

ARTICLE 6th. A hill claim shall be one hundred and fifty feet face, and extend back to center of hill.

ARTICLE 7th. Quartz claims shall consist of one hundred feet on the vein or lead, with all its widths, depths, and angles. The discoverers to hold fifty feet each extra.

ARTICLE 8th. No claim shall be deemed forfeited from the 1st day of November until the 20th of June, A. D. 1863.

ARTICLE 9th. Any person or persons making discoveries of new mines within the limits of this district on any unprospected creek or gulch shall be entitled to one extra claim each.

ARTICLE 10th. All persons holding claims within this district shall be required to do one day's work in every seven, or the same shall be deemed forfeited. This law to take effect from and after its passage.

ARTICLE 11th. All notices on claims now located shall be renewed within three days after the passage of this law, or they shall be deemed forfeited.

ARTICLE 12th. All difficulties between miners shall be decided if possible by a miner's meeting or by arbitration.

ARTICLE 13th. Any person or persons locating water privileges for the purpose of conveying water from one point to another within the limits of the district shall declare their intention of doing so by a notice posted in some conspicuous place, and have the line of said ditch surveyed, and shall commence actual labor thereon within seven days after the location of said water privilege, or the same shall be deemed forfeited.

ARTICLE 14th. Chinese or Tartars are hereby prohibited from working these mines under any and all circumstances.

ARTICLE 15th. Any person or persons shall have the privilege of a drain race through any claim or claims.

ARTICLE 16th. The first claims or claim located shall have the first right to the water running in any gulch or stream.

ARTICLE 17th. Any person taking the water from its natural channel shall, when required, be compelled to leave at least one sluice head of water running therein.

ARTICLE 18th. Thirty square inches of running water shall constitute a sluice head.

ARTICLE 19th. No person disabled by sickness or absent in any of the Indian wars shall be deemed to have forfeited his claim by reason of such sickness or service.

ARTICLE 20th. All claims shall be distinctly marked by notices at the ends of bounds thereof, and no more ground shall be deemed claimed than is specified in the notice, which notice shall be in the name of the claimant.

ARTICLE 21st. All claims purchased shall be represented according to law.

ARTICLE 22nd. When two or more claims join each other and are worked by companies [they] may, if they see fit, work any portion thereof without forfeiting the rest.

ARTICLE 23rd. No hill or bank claim shall be allowed to tail off or sluice into the river during the working season thereof to the detriment of miners working the same.

ARTICLE 24th. All persons who may hereafter locate claims in this district shall have seven days from date of location in which to record their claims.

ARTICLE 25th. All persons now holding claims in this district shall have seven days to record the same from July 5th, 1862, the date of the passage of this resolution.

ARTICLE 26th. All persons *bona fide* holders of claims at this time, July 5th, 1862, who are absent on business shall have twenty days in which to record their claims, provided their partners come before the recorder and make oath that their partners are so absent, and that it is their intention to return to report themselves in person to the recorder; and the recorder is empowered to administer an oath.

ARTICLE 27th. All claims not workable for want of water, or that cannot be worked save to the detriment of river claims, as specified in the by laws of this district, shall not be forfeited, provided the said claims be recorded. All laws in conflict with this are hereby repealed.

ARTICLE 28th. The fees for recording shall be fifty cents for each claim and twenty-five cents for each bill of sale.

ARTICLE 29th. The recorder shall act as secretary at all meetings of the miners of this district. The recorder shall hold his office until July 4th, A. D. 1863.

On motion, there was a committee elected to frame a set of laws of the following persons, ——— Adams, ——— Smith, ——— Grey, A. J. Dallas, and Zimmerman, to report at one o'clock Wednesday December 31st, 1862.

CAÑON CITY, *December* 31st, 1862.

The miners of John Day's District met to hear the report of their committee.

Committee reported a set of laws for their adoption or rejection.

Said laws were passed by sections, and adopted by striking out article 15th and substituting another, with an alteration in article 4th.

On motion adjourned.

WM. M. OWSLEY.

(Signed) J. W. THOMPSON, *Secretary.*

LAWS PASSED DECEMBER 31ST, 1862.

ARTICLE 1st. This district shall be known as John Day's District (mining), and shall hereafter be considered to contain all the territory embraced within the following bounds: beginning at a point on John Day's river on a straight line with the dividing ridge

lying on the west side of Cañon creek; thence following said ridge to dividing ridge separating the waters of the Malheur from those of John Day's; thence following said ridge in an easterly direction to the summit of the main ridge adjoining and east of Bissel creek; thence down said ridge to John Day's river; thence down said river to place of beginning.

ARTICLE 2nd. There shall be a recorder elected, who shall hold the office for one year from the date of his election, or until his successor be elected, whose duty it shall be to keep a record of all miners' meetings held in this district; to record all claims when requested by the claimants in a book to be kept for that purpose; and to call miners' meetings by posting notices in three public places in the district when seven or more miners of the district shall present him with a petition stating the object of the meeting; provided, that in the absence of the recorder the above named number of miners shall not be disqualified to call a meeting.

ARTICLE 3rd. All claims located in this district after the passage of these laws shall be of the following size, viz.: A creek claim shall be seventy-five feet running with the stream, and extending from highwater mark to highwater mark; A bank claim shall be seventy-five feet running with the stream, and extending back three hundred feet from creek claims; A tunneling or shafting claim shall be seventy-five feet front, extending to center of hill; A surface claim shall be one hundred feet by one hundred and fifty; A gulch claim shall be one hundred and fifty feet running with the gulch, and fifty feet in width on each side of channel.

ARTICLE 4th. No person or persons shall be allowed to hold more than two full claims within the bounds of this district by location; nor shall they consist of more than parcels of ground the sum of the area of which shall not exceed two full claims; provided, nothing in this article shall be so construed as to prevent miners from associating in companies to carry on mining operations—such companies holding no more than two claims to each member—one of which must be of one class of claims, and the other one of another class of claims.

ARTICLE 5th. That each gulch, bank, or surface claim shall be worked within five days after date of location if water can be obtained.

ARTICLE 6th. That each person or company holding tunneling or shafting claims, in order to hold the same shall be required to perform work to the amount of two days' work in each week. Work done on any part of a company claim secures the title to the whole of it.

ARTICLE 7th. All persons holding claims in Cañon creek are exempted from working the same until the 15th of June next.

ARTICLE 8th. All work done preparatory to working claims, such as procuring sluice boxes or other machinery, digging tail or drain races, or cutting ditches for the purpose of bringing water upon said claims, shall be considered as work done upon said claim or claims.

ARTICLE 9th. Any person or persons claiming more ground or claims than the laws of this district entitle them to forfeit all their right and title to any claim whatsoever, and any and all claims of such person or persons are hereby declared subject to relocation.

ARTICLE 10th. Any or all claims now located or that may be located and worked can be laid over at any time, not to exceed six months, by the person or persons holding the same appearing before the recorder of the district with two or more disinterested persons who shall certify over their own signatures that the said claim or claims cannot be worked to advantage, and by having the same recorded according to the law of the district, and by paying a fee of fifty cents each; provided that each claimant shall sign the record in person or by a legal representative, stating at same time that said claim is held by location or by purchase.

ARTICLE 11th. All persons may hold any number of claims by purchase, provided they are represented according to the provisions of the foregoing laws; provided, such claims shall be shown to be *bona fide* purchases.

ARTICLE 12th. Claims shall be forfeited when parties holding them shall have neglected to fulfill the requirements of the preceding articles, or have neglected working them for five days after water can be procured, unless prevented by sickness or other legal cause.

ARTICLE 13th. Any person or persons' bank, hill, gulch, or surface claims shall not be allowed to run their tailings upon river or creek claims to the injury of the parties while working said river or creek claims.

ARTICLE 14th. The holders of a claim or claims shall have the right to the same without any hindrance from later claimants. Subsequent locators shall not be allowed to dam up the water so as to turn it back on the prior claim, nor to run tailings, nor to erect any obstructions to the detriment of the prior claimants.

ARTICLE 15th. From and after this date parties owning claims in a creek, ravine, or gulch shall be entitled to cut a tail or drain race through any ground below them. Such tail race shall be cut through the lowest point in the center of said creek or gulch, and any or all dirt that comes out of the aforesaid race shall be deposited on the bank. Any objection, if such should [be] made, shall be left to the decision of four referees, and in case of disagreement they to choose an umpire.

ARTICLE 16th. It shall be the duty of the recorder to place on record all claims brought to him for that purpose when such claim shall not interfere with or affect the rights and interests of prior locators, recording the same in order of their date, for which service he shall receive the sum of fifty cents for each claim recorded, and fifty cents for recording transfers, bills of sale, [and] deeds of and to any mining property. It shall also be the duty of the recorder to keep his book open at all times to the inspection of the public. He shall have power to appoint a deputy to act in his stead, for whose official acts he shall be responsible.

ARTICLE 17th. The limits of this district shall not be changed without the consent of a regularly called mass meeting of the miners of this district.

ARTICLE 18th. No miners' meeting held outside of Cañon City for the purpose of making laws to govern any portion of the district, or to amend these laws in any manner, shall be considered as legal.

ARTICLE 19th. No Asiatic shall be allowed to mine in this district.

ARTICLE 20th. These laws may be altered or amended by a two-thirds' vote of those present owning claims in the district at any time ten days' notice shall have been given by posting notices in three public places in the district.

ARTICLE 21st. All mining laws of this district made previous to the foregoing are hereby repealed.

BAKER COUNTY.—BLUE CAÑON MINING DISTRICT.

TRANSCRIPT. MINING LAWS OF BLUE CAÑON MINING DISTRICT, BAKER COUNTY, OREGON.

ARTICLE 1. The boundaries on Blue Cañon District shall be as follows: commencing near the bank of the main Powder River, at the mouth of Elk Creek, and running thence in a direct line to the summit of the divide between Elk Creek and Blue Cañon; thence along said divide to the line of Union District; thence along said line to the line of the River District; thence down said line to the place of beginning.

ARTICLE 2. Any and all persons shall be eligible to hold claims in this district by complying with the by-laws, except the Chinese or Tartars, and all others of the Asiatic race.

ARTICLE 3. All persons hereafter locating claims shall not hold more than one hundred and fifty feet square, and in the creek or gulch claims the present center of the creek shall be the center of the claim.

ARTICLE 4. All persons locating claims shall set up a good, substantial post at the corner of each claim, and post a notice on each set of claims in a conspicuous place, describing in a plain and definite manner the metes and bounds of said claim, with the name of each party interested in the same.

ARTICLE 5. Each and every person shall be entitled to hold one claim by pre-emption, and there shall be no restriction in the number of claims held by purchase; provided such purchase is made in a legal and *bona fide* manner: and all transfers hereafter made shall be recorded in the recorder's books, and it shall be his duty to inquire into the validity of the sale before such record shall be made.

ARTICLE 6. All claims, whether held by purchase or pre-emption, shall be represented by one full day's work in every seven, unless prevented by physical inability to do so; provided a permanent sluice-head of water of thirty inches, with a pressure of three inches of water, can be had; and each and every absentee shall be allowed 10 days' grace to re-occupy his claim after water can be obtained.

ARTICLE 7. All persons who find it necessary to cut a tail race to their claims, shall have the privilege of cutting the same through any claim owned by other parties adjoining them.

ARTICLE 8. When two or more claims join together [and] are worked by companies, such companies can work any portion of such claims as they may deem expedient, and not forfeit the rest.

ARTICLE 9. Any person or persons taking water from its natural channel, shall when required leave a sufficient quantity to work the mines therein; provided said mines were discovered prior to the legal locating of such ditch, and the miners along said channel shall be the judges of the amount required.

ARTICLE 10. No person shall interpose any objection to having his claims measured by the recorder when other parties require.

ARTICLE 11. All claims not workable according to the provisions of article 6th of these by-laws shall be recorded and numbered, and a certificate of said record posted on such claim or set of claims.

ARTICLE 12. No notice of a miners' meeting shall be considered lawful unless signed by the recorder or his deputy, authorized by at least 12 miners, who shall sign their names to a request for such a meeting.

ARTICLE 13. All disputes arising in regard to mining shall be left to arbitration, each party to choose one disinterested man, and they to choose an umpire: the three shall then sit upon the case, and their decision shall be final, subject to an appeal to the court only.

ARTICLE 14. It shall be the duty of the recorder to keep a book of records, with the number of each claim recorded, from one to an unlimited number; and he shall go on to each claim when required, and record and number said claim so as to correspond with the number in his books. Said recorder shall be allowed one dollar for each claim that he records as a compensation for his services.

Passed July 21st, 1862.

RESOLUTIONS PASSED AT A MINERS' MEETING HELD SEPT. 14TH, 1864.

1. *Resolved* that the mining claims of Blue Cañon District be and the same are hereby laid over, and not required to be worked or represented until the 1st day of next May.

And inasmuch as there are a good many claims in Blue Cañon District that will not pay sufficient to justify the paying of 25 cents per inch for water, therefore be it further

Resolved that no claim shall be considered abandoned or forfeited or jumpable until water can be obtained to work the same as low as 12½ cents per inch.

On motion of Mr. Foster [it was resolved that the claims of persons wishing to lay the same by should be recorded.]

On motion of Dr. Gordon 50 cents was allowed the recorder for recording each claim.

The motion of Mr. Foster that these resolutions shall take effect from and after this date was carried.

On motion of Mr. Foster it was

Resolved that all laws conflicting with the resolutions of this meeting are hereby repealed and suspended in their action until the first day of May, A. D. 1865.

RESOLUTIONS ADOPTED AT A MINERS' MEETING OF BLUE CAÑON DISTRICT HELD FEBRUARY 15TH, 1865.

1. *Resolved by the miners of Blue Cañon District in miners' meeting assembled, the same being duly called by the recorder of the district*, that hereafter, as heretofore, each miner in said district shall be entitled to locate one gulch claim and one hill claim in the placer diggings of said district, and shall not be entitled to make a second location until the first shall have been worked out, or transferred by a *bona fide* sale, or abandoned.

Resolved further that to induce miners to prospect more thoroughly for placer mines in this district hill claims may be three hundred feet frontage, and extend back to the crest of the hill or high divide; provided they shall not cross any well defined gulch, or be so located as to run directly up a well defined point or ridge; and provided further that point claims may be two hundred and fifty (250) feet square.

Resolved further that hill claims heretofore located may be expanded in accordance with the preceding resolution by recording anew, or by continual work and occupation, as in other cases; provided the rights of third parties shall not be affected by such expansion.

Resolved that companies may locate in common, but such companies *must be actual* and not fictitious, and the members thereof actual residents of the district at the time of location. And no more ground can be located by any company than the individuals thereof would be entitled to locate in the aggregate; and when a company locate in common the name of each member of such company must appear on the notices of location.

RESOLUTIONS ADOPTED AT A MINERS' MEETING OF BLUE CAÑON DISTRICT, FEBRUARY 22ND, 1865.

1. *Resolved by the miners of Blue Cañon Mining District, in Baker County, State of Oregon, in miners' meeting assembled,* that none but *actual miners* in Blue Cañon District shall be allowed to vote in this meeting upon the resolutions hereafter to be introduced for the government and regulation of mining claims.

2. *Resolved* that all persons hereafter locating and pre-empting a gulch or creek claim in Blue Cañon District shall be allowed to hold and mine such gulch or creek for the distance of one hundred and fifty feet up or down the channel or watercourse of such gulch or creek, and at right angles with such channel or watercourse, to the raise of the bedrock on each side of such creek or gulch.

3. *Resolved further* that gulch claims heretofore located may be expanded in accordance with the preceding resolutions when the rights of third parties will not be affected by such expansion.

4. *Resolved* that any miners allowed by existing laws of this district to hold and work mining claims shall have the privilege of cutting a tail race (when necessary for the advantageous working of his [their] claims) through any other persons' claims, and shall be allowed to place sluices or boxes in such race, and to clean up the same at pleasure; provided in the construction of such race the person cutting the same shall not appropriate to his own use any of the gold that may be taken from such race; provided further, that no tail race constructed under the provisions of this resolution shall deprive parties below from the use of the natural water in any gulch or creek; provided further, that this shall not be construed to confer a right to dump upon any claim to the detriment of the owner.

5. *Resolved* that all mining claims situated in Blue Cañon Mining District, Baker County, Oregon, be and the same are laid over and held without representation by labor or otherwise from the 15th day of October in each year until the 1st day of April in the succeeding year.

6. *Resolved* that all local mining laws of Blue Cañon District that conflict with the resolutions adopted at this meeting be and the same are hereby repealed.

7. *Resolved* that the foregoing resolutions adopted separately by this meeting be adopted as a whole.

Upon motion the chair appointed Mr. Wm. Corcoran as a committee of one to copy all mining laws of Blue Cañon District and post the same in the county clerk's office, for the convenience and inspection of all interested.

NOTE.—The foregoing is a transcript of a roll now of record in the office of the county clerk of Baker County. Attached to it, and in a different handwriting, the following additional resolutions appear.

Resolved that the size of river claims in Blue Cañon Mining District shall be 300 feet in length, and extending to the raise of the bedrock on each side of the river.

The boundaries of Blue Cañon Mining District shall be as follows: commencing at the mouth of Elk Creek, and running thence in a direct line to the summit of the divide between Elk Creek and Blue Cañon; thence along said divide to the line of Union District; thence along said line to Powder River; thence across said river to the second rim on south side of Powder River, running thence down the river to a point opposite the mouth of Elk Creek; thence across the river to the place of beginning.

NOTE.—It appears from a copy of the minutes of the meeting of February 22nd, 1865, preserved in the county clerk's office, that in addition to the adoption of the resolutions transcribed from the roll already mentioned a committee of three was appointed "to inquire of the owners of claims in said gulch how much ground they will give as a bonus to encourage the enterprise [the construction of a bedrock flume or bedrock tail race to drain the mining ground of Blue Cañon, &c.], and also to draft resolutions touching that subject; said resolutions to be reported at next meeting".

It appears further that the meeting then adjourned to meet again Saturday evening, February 25th, 1865.

Attested by Wm. C. Wills, Secretary.

It seems that a meeting was held on the 25th, and the following is supposed to be a copy of the minutes:

Pursuant to adjournment miners met on the evening of February [no more definite date]. Foster Johnson was nominated for chairman—E. C. Brainard clerk. Committee upon the Blue Cañon bedrock [flume] reported. Report accepted. 1st resolution read on motion was adopted. 2nd resolution read, and after discussion adopted. 3rd resolution read and adopted. 4th resolution read and adopted. The words "1st day of November" were inserted in resolution 3rd. 5th resolution read and adopted; also time extended to 45 days. Resolution that these resolutions be published at Mr. Littlefield's expense in all the papers of the States of Oregon and California.

The following is a copy of the report of the committee:

Mr. CHAIRMAN.

SIR: Your committee appointed to report upon the subject of a flume in Blue Cañon have had the same under consideration and beg leave to make the following report.

Your committee find on inquiry among the claim-holders in said gulch that they are willing to grant a right of way through their claims and right to mine the same, varying from ten to twenty-five feet wide in each claim.

Your committee further report that in their opinion there will be little or no difficulty in effecting arrangements with the individual

claim-holders touching the right of way by any company that will give reasonable assurance of the prosecution of the enterprise to a final completion at an early day.

Further, your committee report a series of resolutions as a substitute for the resolution referred to the committee.

(Signed) WM. CORCORAN, *Chairman.*

The following are the resolutions submitted.

1. *Resolved* that the construction of a bed-rock flume in Blue Cañon Gulch of sufficient capacity through which to work the mining ground in said gulch and adjacent thereto, is of the utmost importance to the mining interest to this camp, and to that end (the construction of said flume) the miner, the merchant, and every person interested in the property of the camp, should unite in forwarding said enterprise. Therefore be it further

2. *Resolved* that, to encourage said enterprise and for the benefit of those who shall undertake and prosecute the said enterprise to completion, a reservation thirty feet wide through the unappropriated mining ground in said gulch be and the same is hereby exempted from location, and that all locations hereafter made for mining purposes in the channel of said gulch shall be subject to said reservation; provided that said reservation shall be deemed to extend to the mining interest in said mining ground so reserved.

3. *Resolved, further,* that said reserved ground shall be subject to location by any person or company of persons or corporation who shall undertake and prosecute to completion up to the junction of French Gulch with Blue Cañon Gulch by or before the [1st] day of [November], A. D. 1865, a bed-rock flume of sufficient size and capacity through which to work the mining ground in said gulch and adjacent thereto.

4. *Resolved, further,* that any person or persons, or company of persons, or corporation desiring to avail themselves of the foregoing reservation, shall file their notice of claim thereto with the clerk of the county, and within thirty [extended to forty-five] days thereafter shall begin the said work and diligently prosecute the same to completion as heretofore required, or lose all rights under said notice; provided that such person or persons, company or corporation shall not be entitled to any mining ground under and by virtue of these resolutions below the point where said flume shall strike the bed rock of said gulch.

5. *Resolved, further,* that as E. M. White & Company have already taken steps to secure a right of way in said gulch for the purposes of a flume, they shall be deemed to have notified within the meaning of these resolutions, and shall have thirty days from their passage to begin their operations.

NOTE.—No minutes of any meeting held between February 25th, 1865, and April 22nd, 1874, can be found.

SPECIAL RESOLUTIONS ADOPTED AT A SPECIAL MINERS' MEETING OF BLUE CAÑON MINING DISTRICT, HELD AT SCOFIELD'S STORE, AT AUBURN, ON THE 22ND DAY OF APRIL, A. D. 1874.

Whereas Daniel Best and others, known as the Marysville Mining Company, by Daniel Best as agent and superintendent, propose to construct a bed-rock flume in Blue Cañon, provided the miners of said Blue Cañon Mining District will make a special law (and properly file with other laws of said district), granting him and his company the right to locate one hundred and sixty acres of mining ground on Blue Cañon Flat under the U. S. mining laws passed May 10th, A. D. 1872; therefore be it resolved by the miners of Blue Cañon Mining District at a special meeting assembled, the same having been called by a special request of the miners of said Blue Cañon Mining District, that we do hereby grant said Daniel Best and others the right to locate one hundred and sixty acres of mining ground in Blue Cañon Flat under the U. S. mining laws passed May 10th, A. D. 1872.

And whereas Charles Rowes has failed to construct a bed-rock flume in reasonable time, we hereby declare his right forfeited, and grant the right of way to said Dan'l Best and others.

We grant the above believing that said bed-rock flume in Blue Canon will promote the mining interests of this camp.

Resolved that all laws and resolutions now in force in Blue Cañon Mining District inconsistent with the foregoing resolutions be and the same are hereby repealed—to apply only to this said 160 acres of D. Best & others.

(Signed) D. S. Littlefield, J. Evooe, John Jones, W. Graham, J. A. Jones, T. Graham, P. Farrell, J. W. Mullin, L. Rivers, Charles Duckworth, Thomas Jones, John M. Frost, Wm. Morris, John Thompson, P. Conner.

At a meeting of the miners of Blue Cañon Mining District at Scofield's store, in accordance with a call of miners made by public notice of twelve days, for the purpose of granting to Daniel Best and others special rights and privileges for putting a bed-rock flume in Blue Cañon, the following proceedings were had.

George Driggs was elected chairman.

Considered that D. B. Scofield, the local recorder, act as secretary.

A motion that the resolutions read at a previous special meeting on the 22nd of April, 1874, be read was carried.

The resolutions were read.

The motion was made and seconded that the resolutions signed at the special meeting of the miners at Scofield's store April 22nd, 1874, be approved, ratified, and adopted—was carried by a unanimous vote.

The motion was made and seconded that the flume co. shall expend at least a thousand dollars on the flume work each year until finished, or the work shall be considered abandoned.

By vote the motion was carried.

Motion was made and carried that the meeting adjourn.

Dated May 4th, 1874, at Auburn, Baker Co., Oregon.

GRANT COUNTY.—ROCK CREEK MINING DISTRICT.

TRANSCRIPT. LAWS OF ROCK CREEK MINING DISTRICT, GRANT COUNTY, OREGON.

At a meeting of the miners of Rock creek mining district March 10th, 1865, Hugh Kennedy was called to the chair, and J. M. McCoy appointed secretary, when upon motion the following articles were adopted as the local laws to govern the mining interest in said district, to wit:

ARTICLE 1. This district shall be known as Rock Creek District, and shall embrace all the mineral land running parallel with Rock creek from its source to its junction with John Day river, and to a distance of four (4) miles each side of said Rock creek.

ARTICLE 2. All creek claims for mining purposes shall be three hundred feet in extent along the course of the creek, and from bank to bank on each side.

ARTICLE 3. All gulch claims shall be six hundred feet up and down the gulch, and from the center of the gulch each way to where the bed-rock rises to the height of fifteen feet.

ARTICLE 4. All hill or bank claims shall be four hundred feet face, and extend back to the center of the hill.

ARTICLE 5. No person shall be allowed to hold more than one creek, one gulch, and one hill or bank claim, by location, but any person shall be permitted to hold as many by purchase as he or they may desire, they representing said claims as by these laws required.

ARTICLE 6. All claims shall be designated by a stake at each end, but when on a flat or in a hill, by a stake at each corner, and a copy of the notice of location forwarded to the county clerk, to be placed on record as required by statute law.

ARTICLE 7. All claims may be laid over when water cannot be obtained for working the same for any length of time not to exceed six months, at the expiration of which time, should the claimant still be unable to obtain water, he shall certify the fact to the county clerk, who shall note the same upon his book of records, when the claim shall be considered laid over for a term not exceeding six months.

ARTICLE 8. All persons shall be required to transmit a copy of notice of location of claim to the county clerk for record within thirty days after making such location; and, furthermore, every person holding any claims in this district shall be required to perform at least one day's work in each week when water can be had, provided said claims are in all other respects considered workable by the miners in this district; provided further, that when two or more persons have located or purchased claims together and work jointly as a company, work done upon any one of such company's claims shall be sufficient for the holding of all their claims.

ARTICLE 9. All work done preparatory to washing—such as digging ditch, making sluices, getting out timbers, building cabin, going after material necessary to be had for the successful prosecution of work, upon a claim—shall be considered as work done upon the claim, and sufficient for making the claimant's title good.

ARTICLE 10. All claims may be laid over from the 1st day of November of each year until the 1st day of May of the succeeding year, at the pleasure of the claimant.

ARTICLE 11. All persons owning creek or gulch claims shall have the privilege of a drain through adjoining claims, but shall be required to deposit the dirt, if considered pay dirt, necessary to be removed in constructing such drain on the claim from which the same may be taken, or adjacent thereto; provided, that, should the person or persons constructing such drain desire to do so by means of sluicing, they shall not be required to furnish sluices and gather the gold unless by specific contract between the parties interested.

ARTICLE 12. Any person or persons owning a bank or hill claim and working the same shall be entitled to hold one adjoining claim for the purpose of dumping upon; provided such ground shall not have been previously claimed by other parties for mining purposes.

ARTICLE 13. No Mongolian shall be allowed to hold any claim in this district for mining purposes by location or pre-emption.

BAKER COUNTY.—SHASTA CREEK MINING DISTRICT.

TRANSCRIPT OF LAWS.

This district shall be known as the Shasta Creek District and bounded as follows: on the north by the dividing ridge between Burnt river and Willow creek; on the eastward the Easton district; on the south by Willow creek; and on the west by Alder creek.

ARTICLE 1st. Creek claims shall be those through which natural water runs, and shall be two hundred feet in length, and extend in width seventy-five feet on each side from center of creek.

ARTICLE 2nd. Gulch claims shall be three hundred feet in length, and extend in width fifty feet on each side from center of gulch.

ARTICLE 3rd. Flat claims shall be level ground, and commence where creek or gulch claims end, and shall be two hundred feet square.

ARTICLE 4th. Hill claims shall be two hundred feet front, and extend in a straight line back to the summit of the hill.

ARTICLE 5th. Any person may hold by location one creek claim, one gulch claim, one flat claim, one hill claim, and one quarts claim, in conformity with the laws of the State, and by purchase any number of claims; provided such claims are represented according to the laws hereinafter specified.

ARTICLE 6th. There shall be a recorder nominated for this district, whose duty shall be to measure, stake off, and to record all claims, bills of sale, and transfers, and who shall keep a book of record open to public inspection, and who shall receive one and a-half dollars for each claim of location he shall so record, and one and a-half dollars for each transfer or bill of sale.

ARTICLE 7th. Any person may hold claims as specified for fifteen days by posting written notice on the boundaries of said claims; but at the expiration of this time said claims must be recorded or represented by labor, or shall be deemed forfeited.

ARTICLE 8th. Any person may hold claims by recording them from the date of record until the 1st day of April, 1867, at which time such claims must be represented by labor one day in seven, except in case of sickness of the holder, until such time as water fails. Thirty inches shall be considered a sufficient amount of water to properly work claims, and any claims not having thirty inches of water shall not be considered workable.

ARTICLE 9th. Disputes regarding mining claims may be settled by a miners' meeting or by arbitration, in which case [the first] it shall be the duty of the recorder to post notices in the district and give six days' notice. At least eight miners shall be required to sign such notice of meeting.

ARTICLE 10th. Where any person or company holds more than one claim adjoining, work done on one claim shall be sufficient to represent all.

ARTICLE 11th. In order to amend or alter any or all of these articles it shall be necessary for twenty-five miners resident in the district to sign notice for a meeting to consider such alteration or amendment.

Resolved, That the recorder write out two copies of these articles—one copy to [be] posted in a conspicuous place in the district, and one copy sent to the county clerk of this County.

SHASTA DISTRICT, *24th Sept.*, 1866.

(Signed) A. BOLLETT, *Recorder.*

The following is a transcript of the local laws of this district as finally amended and adopted January 23rd, 1869. There is no record of any later meeting.

MINING LAWS OF SHASTA DISTRICT INTRODUCED AND ADOPTED SATURDAY EVENING, JANUARY 23RD, 1869—HELD AT DELANEY & BARNES' SALOON.

Resolved: (ARTICLES 1, 2, 3, 4, 5, and 6 remain unchanged.)

ARTICLE 7. Any person or company may hold claims for seven days by posting a notice on the boundaries of said claims for seven days, and a copy be handed to the recorder to hold for record until the expiration of the said seven days, or daily labor be done on said claims, Sundays excepted.

ARTICLE 8. That all claims shall be represented October the 1st and 8th day of April following after said time. Claims not having water need not be represented until water can be had to work said claims in accordance with article 9th.

ARTICLE 9. All claims shall be represented one day in seven by one day's labor for each and every claim when thirty inches of water can be had by purchase or otherwise, except deep diggings—such as Shasta creek, Rich creek, and Cottonwood creek: seventy-five inches of water shall be considered sufficient to work said claims.

ARTICLE 10. Any labor done for the purpose of working mining claims, such as digging or cleaning out ditches, cutting tail races, or building hydraulics, or any other labor for any particular piece of mining ground, shall be considered as representation of said ground.

ARTICLE 11. Where any company holds more than one claim adjoining, all classes of claims to be included (in this), labor done on one claim shall be sufficient to represent all.

ARTICLE 12. Creek claims, gulch claims, and flat claims shall have the right of a drain or tail race through the adjoining claims below, but shall fork all heavy tailings or headings on their own ground.

ARTICLE 13. That it will be the duty of each company of miners to set a stake at the end of their claims, and also to dig a small ditch on a line with their stakes, and that the same shall be done between the 1st and 9th days of April following.

ARTICLE 14. No claim shall be recorded in this district except by claimant in person.

ARTICLE 15. Hill claims have not the right to dump on to gulch, flat, or creek ground.

ARTICLE 16. In order to alter or amend any or all of these articles it shall be necessary for fifty resident miners in this district to sign a notice for a meeting to consider such alterations.

ARTICLE 17. All laws heretofore existing in this district are hereby repealed, and the above laws to take effect from and after their passage.

Resolved, That we, the miners of this district, in public meeting assembled, do hereby bind ourselves to a strict fulfillment of the above laws, and any person or company holding claims in this district in violation of the above laws and its provisions shall be deemed forfeited.

Resolved, That it shall be the duty of the recorder of this district to send a copy of these laws to the Grande Ronde Sentinel for publication, and to post three copies of the above laws in conspicuous places in the district.

BAKER COUNTY.—DIXIE CREEK MINING DISTRICT.

TRANSCRIPT. LAWS OF MAIN DIXIE CREEK MINING DISTRICT, ENACTED JUNE 5TH, 1868.

At a meeting of the miners and claim-holders, after due notice to claim-holders of upper Dixie Creek, Baker County, Oregon, held at the claims of Blanchard and Company, the following proceedings were had, the assembly being composed of the following persons among others: John Williams, Owens, John Barrett, J. Belheimer, C. Leguns, Charles Clark, Francis Drake, D. Granchamp, J. B. Altezard, L. Monique, W. Charette, A. La Mereux, L. H. Blanchard, Louis Voli, J. Edwards, locators and owners of placer mining claims on upper main Dixie Creek.

On motion Louis Voll was elected president, and Justus Edwards was elected secretary, when the following laws were enacted.

Whereas the Congress of the United States provides that miners may make local laws regulating the location, possession, and working of mining claims in the district; and whereas the statutes of the State of Oregon provide that miners may make local laws in relation to the possession of water rights and working of placer claims, Therefore be it enacted by the assembly of miners and claim owners of upper main Dixie Creek:

SEC. 1. That a district be made, to be known as main Dixie Creek District, for the creek placer claims therein, and for the gulch claims above, and ditches on said creek, and that said district be bounded as follows, to wit: commencing at a certain canyon about 500 yards, more or less, below the head of a certain ditch known as the lower ditch, and extending up said creek to the main divide above the source thereof, 10 miles more or less; thence descending on each side thereof—of said creek—along the divide, around the heads of the gulches emptying into said creek, back to the place of beginning.

SEC. 2. That any person or persons entitled by the laws of the United States and this State to hold mining claims shall be entitled to one claim each by location, and not exceeding two by purchase, of 200 feet each along the creek, and from rim rock to rim rock each side thereof, and a like number of gulch claims above all ditches, 200 feet long and from bank to bank in width.

SEC. 3. The boundary of claims shall be marked by a stake, mound, tree, or rocks at the head of each claim, with a notice thereon with name or names of claimants attached.

SEC. 4. That from April to December of every year, every claim when in workable order and water can be had shall be worked unless prevented by sickness or other good cause, or the same will be considered as abandoned and forfeited, provided that all work can be done on one claim, and the same shall represent two or more claims owned by same person or company, and claim-holders shall have ——— days after locating to commence work.

SEC. 5. That creek claim owners shall be entitled to a sufficient quantity of the natural waters of the creek channel flowing over their creek claims at the time the same was taken to work the same, and shall use the same in a workmanlike manner, with slum dams to settle the water, and shovel or dump tailings out of creek or dam so as to prevent injury to others claiming below as much as possible by using the water for mining purposes.

SEC. 6. That in the location and claim of water rights the use of a ditch constructed is the measure of appropriation and right of claimant to the common of natural waters of Dixie Creek, and that right commences at the head of the ditch, where it takes the natural stream.

SEC. 7. That there shall be a recorder elected, who shall record all claims, notices, and water rights within 30 days after filing, and return said record every month to the county clerk of Baker County. He shall keep a copy of these laws subject to inspection of the public at reasonable hours, and all persons holding claims in this district, or water rights, shall record them in 30 days.

SEC. 8. These laws shall take effect and be in force from and after June 5th, 1868.

LOUIS VOLI, *President.*

(Signed) JUSTUS EDWARDS, *Secretary.*

On motion of Louis Voll L. H. Blanchard was put in nomination for recorder of main Dixie Creek District, and upon a vote being taken was elected unanimously.

BAKER COUNTY.—PINE CREEK MINING DISTRICT.

TRANSCRIPT. PINE CREEK MINING DISTRICT LAWS.

Minutes of Miners' Meeting.

The resident miners of Pine Creek in North Burnt River Basin, in the County of Baker and State of Oregon, assembled in meeting at Jackass Point, on the aforesaid creek, on Monday, August 3rd, A. D. 1868, for the purpose of enacting laws and rules for the regulation of the mining interests within the limits hereinafter specified.

Organized by temporarily appointing E. D. Boone chairman, and George Tykle secretary of the meeting.

Whereupon the chairman announced the meeting fully organized, and in readiness to proceed with the business under consideration.

When the secretary presented for consideration a draft of the following code of laws hereunto annexed.

On motion of W. W. Jones the aforesaid code of laws was received, and on being read by the secretary was on motion of Ferdinand Bowman submitted to a vote of the meeting, which resulted in their unanimous adoption as follows, to wit:

ARTICLE 1ST.

SEC. 1st. The title of this mining district shall be known as the Pine Creek District.

BOUNDARY LIMITS.

SEC. 2nd. The limits of this district shall commence on North Burnt River, near the head of the rapids in the cañon at the lower extremity of the mountain spur intersecting said North Burnt River on its right bank, extending up the crest of said mountain spur or ridge to the summit of the divide separating the waters of the former from John Day's River; thence along the crest of said mountain in a northwesterly direction to the intersection of a diverging spur adjacent to west and source of Jones's Creek; thence down said spur in a northerly [or] northeasterly course, an recrossing North Burnt River at the mouth of Bennet's Creek; thence up the point of dividing ridge between the former and Lost Horse Creek, having its ——— in North Burnt River and the waters flowing into Camp Creek, to a certain point on the mountain summit at the head of Craven's Creek; thence northward down the crest of the ridge terminating on

Camp Creek opposite the mouth of Red Rock Gulch; thence up said gulch to its source, and continuing in a northwesterly (?) course up the divide to the summit of the mountain bordering on Bull Run; thence eastward along the crest of mountain to a diverging ridge separating the waters of Clear from Pine Creek; thence down the crest of said ridge to the confluence of Clear with Pine Creek; thence down the left bank of the latter and North Burnt River to the point of beginning.

ARTICLE 2ND. OF CLAIMS—DESCRIPTION.

SEC. 1st. River, creek, and gulch claims may be 300 feet in length, and extend across from rim to rim-rock.

SEC. 2nd. Bar claims to face 300 feet in front, and extend back to the pitch of the hill.

SEC. 3rd. Flat claims shall be 300 feet square if practicable, otherwise to be in compact form any other shape, and may embrace an equivalent amount of surface.

SEC. 4th. Hill claims may be 300 feet in length at the base, and run back to the summit (provided not exceeding 300 feet).

ARTICLE 3RD. RIGHTS OF LOCATION.

SEC. 1st. Any person over the age of 16 years may hold by location one of each of the foregoing species of claims in each and every distinct locality, and any unlimited number by purchase, excepting Chinamen shall be restricted to purchased claims.

SEC. 2nd. Discoverers of any new diggings, either singly or in companies, are entitled to hold an additional claim in virtue of such discovery in every distinct locality, and [the same] shall be designated as a discovery claim.

SEC. 3rd. Claims shall be deemed in working condition when a sufficient amount of water flows over the same.

SEC. 4th. All workable claims must be represented by one day's labor in every two weeks, either singly or in companies, upon any one of their own selection.

SEC. 5th. Unworkable claims may be laid over until such disability ceases to exist, by filing a notice thereof with the district recorder for record descriptive of locality and boundary limits.

SEC. 6th. The recorder shall upon tender of lawful fees proceed at his earliest convenience to the described premises, measure off and establish the boundaries thereof, and post in a conspicuous manner adjacent thereto his certificate of record.

SEC. 7th. A sufficiency of water shall consist of, in Burnt River, 200 inches, Pine and Camp Creeks, 50 inches above their junction, and 75 inches below—all other creeks and gulches, 36 inches.

SEC. 8th. Original locations of claims described by notice and accompanied by contributions of labor, shall hold for two weeks in virtue of priority against all adverse claimants.

SEC. 9th. All transfers of claims shall be entered upon the district records, exhibiting the names of the negotiating parties, within one month thereafter.

ARTICLE 4TH.

SEC. 1st. A majority of the resident miners holding claims within these limits shall be required to constitute a quorum for the transaction of business relating to the mining interests of this district.

SEC. 2nd. A majority of those assembled in meeting in due form, as prescribed by law and foregoing section, shall be empowered to ratify amendments, and effect any alterations in existing laws; provided such legislation does in no manner conflict with Federal or State laws, or infringe upon the rights of persons having availed themselves of prior established privileges, without the voluntary relinquishment of those rights by the parties affected thereby.

ARTICLE 5TH. FOR CONVENING LEGISLATIVE MEETINGS.

SEC. 1st. By a written petition of six or more resident miners calling for such a meeting the district recorder shall cause to be posted in each habitable mining camp a notice of such meeting at least 10 days prior thereto, stating the time and place thereof, and the object for which said meeting is to convene, which shall be a limit to its action.

SEC. 2nd. It shall be the duty of the district recorder to preside and officiate as clerk of the miners' meetings.

ARTICLE 6TH. OF JUDICIAL MEETINGS.

SEC. 1st. Any parties feeling aggrieved through an alleged infringement of their rights may present an oral or written statement of the nature of their complaint, and demand a miners' meeting within the immediate camp wherein the cause of action exists before the district recorder, who thereupon shall summon the defendant in litigation to appear and answer the complaint.

SEC. 2nd. Any number of miners the litigants may agree upon to sit as jurors in the pending issue shall be forthwith summoned to convene at some convenient place of meeting to try the cause of action upon its merits, according to law and evidence adduced on trial.

SEC. 3rd. Upon the rendition of judgment the recorder shall enforce the same, and be empowered to summon assistance.

ARTICLE 7TH.

SEC. 1st. All mining claims previously located and laid over by the recorder of any adjacent district in a lawful manner prior to the promulgation of these laws shall be respected and deemed valid in virtue of priority.

ARTICLE 8TH.

SEC. 1st. That upon application of interested parties the district recorder shall furnish a certified copy of these laws to each distinct and separate mining camp within this district.

ARTICLE 9TH.

SEC. 1st. There shall be held an annual election on the first Monday in August of each succeeding year and elect a recorder [and a recorder elected], whose term of office shall be one year, or until his successor is elected.

SEC. 2nd. The district recorder may appoint a deputy during his absence from the district, or additional ones for each separate mining camp.

SPECIAL PROCEEDINGS.

Upon motion of W. W. Jones, George A. Tykle was put in nomination for recorder to serve the ensuing term, whereupon the vote of the meeting being taken the chairman announced the result of Geo. A. Tykle having been duly elected recorder for Pine Creek Mining District for the ensuing term of one year.

Resolved that the secretary write out copies of the proceedings in duplicate, including the laws enacted thereunder, in convenient form, and file one copy in the records of Baker County, State of Oregon, and retain another in the district.

Adopted and ratified the foregoing laws and proceedings in meeting assembled this Aug. 3rd, 1868.

MINING LAWS OF JACKASS & POOR MAN'S CREEKS

Miners' Meeting Held at the House of Miller & Savage on Jackass Creek Feby 21st 1876.

Pursuant to public Notice the Miners of Jackass and Poor Man's Creeks—Jackson County Oregon—met at the above named place for the purpose of revising and amending the mining laws of Jackass Mining District and organized by the election of Wm Miller as Chairman and Jesse Titus Secretary. The object of the meeting having been stated on motion a committee of five consisting of Francis Logg James McDonall John McKee Daniel Hopkins and Jesse Titus were appointed to draft By Laws and Regulations to govern said mining District who, after a short recess submitted the following report which was on motion received and the committee discharged.

Sec 1. That the Mining District of Poor Man's Creek and Jackass Creek shall be consolidated and the same shall include these Creeks and all the tributaries and Gulches from their source in the mountains to their confluence with Applegate.

Sec 2 All the rules, regulations and By Laws of the Districts of Jackass and Poor Man's Creeks are hereby repealed and the following passed in lieu thereof.

Sec 3 A mining claim in this District shall be one hundred yards square.

Sec 4 Each person shall be allowed to hold one creek claim and one bank claim by location.

Sec 5 Any eligible miner shall be allowed to hold as many claims by purchase as he will represent and work according to these rules and by laws

Sec 6 No Mongolian or alien who has not declared his intention to become a citizen of the United States shall ever hold or work any Mining Claim in this District.

Sec 7 If any person or company or corporations shall employ a Mongolian or alien until he declares his intention to become a citizen of the United States to work any mining claim for one month it shall be a forfeiture of the claim and any citizen of the United States or eligible foreigner who has declared his intention to become a citizen of the United States may locate and hold the same at any time before the entry is made at the Land Office for a patent.

Sec 8 If any person or Company or Corporation shall employ a chineman who was not in Oregon at the adoption of the Constitution of Oregon to work any mining claim or claims for ten days before the entry of the same at the Land Office it shall be a forfeiture of the Claim or claims and the same may be located and held by any citizen of the United States or any eligible foreigner who has declared his intention to become a citizen of the United States.

Sec 9 Every person or Company owning a Mining claim or claims shall do or cause to be done one day's work in each and every week for each and every mining claim he or they claim as long as there is a sluice head of water in the Creek, provided the claim or claims are so situated that the water can be got upon them; and provided if the claims are located together the work may be done on any one of them.

Sec 10 No person shall divert the waters of either Creek to the injury of the claim or claims of any person below.

Sec 11 No person or Company or Corporation shall erect a dam, reservoir or other obstruction in the Creek which shall work any injury to claimants.

Sec 12 Any person or Company or Corporation putting in a Reservoir shall have a flood-gate which shall be five feet in breadth and three feet in hight and shall keep the same open as long as there is a ground-sluice head of water in the Creek

Sec 13 As there is a dispute in regard to bank claims these rules and regulations shall take effect and be in force from and after their passage

Sec 14 These rules and regulations shall not be amended or repealed until after notice of the Miners Meeting shall be published in the Jacksonville Papers for four consecutive weeks and the notices also posted up in three conspicuous places in this District.

On motion the rules and by laws reported by the committee were adopted by a unanimous vote. On motion the proceedings of this meeting were ordered published in the *Oregon Sentinel* and *Democratic Times* for four weeks and that copies of the same be posted in the District at three conspicuous places.

On motion it was ordered that a copy be furnished the County Clerk to be put upon record in his office. On motion meeting adjourned.

UTAH.

SALT LAKE COUNTY.—WEST MOUNTAIN MINING DISTRICT.

BY-LAWS

At a meeting of the Quartz Miners of West Mountain Quartz Mining District, held at Jordan Ward House, Salt Lake Valley, on the 17th day of September, 1863, the following By-laws were passed:

ARTICLE No. 1. This District shall include that portion of territory situated in the Territory of Utah, and bounded as follows: Commencing at the confluence of the river Jordan with Great Salt Lake, and running thence in a southerly direction along the east bank of said river Jordan to its point of exhit from lake Utah; thence along the west margin of said lake Utah to the 40th degree of north latitude (Greenwich), to the 114th degree of West longitude (Greenwich); thence along said 114th of west longitude to the 41st degree of north latitude; thence along said 41st degree of north latitude to Great Salt Lake; thence along the margin of said lake in a south-easterly direction to the place of beginning.

ART. No. 2. The extent of a claim on any quartz lead or vein shall be two hundred feet to the claim, with all its dips, angles and variations.

ART. No. 3. No person will be permitted to hold more than one claim by location on any one vein; by purchase can hold any number of shares.

ART. No. 4. All claims located must have a notice posted upon them, stating the number of shares and the probable course claimed, and also recorded in the books of the District Recorder within ten days after location.

ART. 5th. Each company must do one faithful day's work on their claims each month after the first day of April, 1864. A failure to do so, the claim will be jumpable; *provided*, however, that if the company are prevented by local insurrection or rebellion from working, a failure to do so will not forfeit their claims.

ART. 6th. The discoverer of a vein of quartz containing gold, silver, copper, or other valuable metals or minerals, will be entitled to locate two shares.

ART. 7th. There shall be a District Recorder elected from among the miners of the District, whose duty it shall be to record all claims presented for the purpose, giving the name of each location or owner, and receive as compensation a sum not exceeding one dollar per location or owner. His term of office shall be one year, or until his successor is chosen.

ART. 8th. These laws will apply to locations of claims or veins of coal, iron, or other metals or minerals in this District.

Archibald Gardner was elected District Recorder of West Mountain District for one year from the date above written.

[SEAL.] LAWRENCE A. BROWN, *Notary Public.*

At a meeting of the miners of the West Mountain Mining District, pursuant to call published in the Union Vidette, Geo. W. Chamberlin was called to the Chair, and J. M. Merrill was elected as Secretary.

On motion of H. M. May, the meeting was adjourned to meet at the provost Marshal's office at 4 o'clock p. m.

At an adjourned meeting of the miners of the West Mountain Mining District, held at the Provost Marshal office, on Tuesday, August 2d, 1864, Mr. Thomas Snee was called to the Chair, and J. M. Merrill was appointed Secretary. The Chairman stated that the object of the meeting was for the purpose of amending and revising the laws of the said District.

A committee consisting of George W. Chamberlin, James W. Youcham, H. M. May, Geo. M. Campbell, and R. F. Duaky, were appointed to revise and amend the said laws.

ARTICLE 1st. This District shall include that portion of territory situated in the Territory of Utah and bounded as follows: Commencing at the confluence of the river Jordan with Great Salt Lake, and running thence in a southerly direction along the east

bank of the said river, to its point of exhit from lake Utah; thence along the west margin of said lake to the 40th degree of north latitude (Greenwich); thence along said 40th degree of north latitude to the eastern boundary of Tooele County; thence along said boundary to the Great Salt Lake, and from thence easterly to the place of beginning.

ART. 2d. The extent of a claim on any mineral vein shall be two hundred (200) along the lode, with a width of one hundred (100) feet on each side of the lode, including all its dips, spurs, depths, widths, offshoots, outcroppings, or variations and all the minerals and other valuables therein contained, and priority of location shall determine the ownership of all cross or other leads traversing ground claimed under these laws. The discoverer and locator of a lead shall entitled to one claim additional for discovery.

ART. 3d. No person shall hold more than one claim by location on any one vein. By purchase any number of claims may be held.

ART. 4th. It shall be the duty of the Recorder whenever application is made to him to record a claim, to go upon the ground, measure accurately said claim, and erect or cause to be erected, a mound of rocks at the point of discovery of said claim three feet in diameter and two feet high, with a stake in the center of sufficient height above the mound for the notice to be posted thereon of said claim. Said notice shall state particularly the distances and direction of said claim, for which recording and locating he shall receive the sum of one dollar and fifty cents ($1.50) in the currency of the United States; also fifty cents (50c) each, for all certificates furnished.

ART. 5th. The Recorder shall keep two series of books in one of which to record all locations, and in the other all transfers of claims in this District, to be styled Book A., B. and C. of Claims, and Book A., B. and C. of Transfers, in the latter of which he shall place on record all deeds of shares presented for that purpose, for which he will be entitled to receive a sum not exceeding one dollar ($1) in each case, and all such records, with the necessary revenue stamp affixed, shall be deemed legal evidence of sale or ownership, as the case may be.

ART. 6th. Each company shall do one faithful day's work on their claim each month; on a failure to do so, such claim or claims shall be subject to relocation; *provided*, however, that should the company be prevented from working by local insurrection or rebellion, their claims shall not be forfeited; and *provided further*, that no claim belonging to a soldier shall be subject to relocation until six months shall have elapsed after his discharge from the service of the United States, unless he shall sign an agreement or articles of incorporation to the contrary.

ART. 7th. When fifty cents per foot shall have been expended on the claims of any company, person or persons, on any one location claimed by any person or company, said claim shall be considered as real estate, and not subject to forfeiture except by actual abandonment.

ART. 8th. All claims shall be recorded within ten days after a notice of location shall have been posted thereon; but a notice filed for record in the Recorder's office shall be considered in all cases equivalent to a record.

ART. 9th. Locators on veins of coal or iron shall be entitled to five hundred (500) feet for each location, and five hundred (500) feet additional for discovery, and in all other respects shall be subject to and enjoy all the privileges and immunities of these laws.

ART. 10th. All voters at meetings to regulate mining interests shall be claim owners in this district.

ART. 11th. All meetings for the purpose of election or changing these laws must be called by posting written notices in at least three public places in the District, or by publishing the same in some newspaper printed in the Territory, said publication to be made by the Recorder in either case during at least twenty (20) days previous to such meeting, stating the object thereof.

ART. 12th. All examinations of records shall be made in the presence of the Recorder or his Deputy. When relieved the Recorder shall turn over to his successor all books and papers pertaining to his office. He shall have a seal and attest all acknowledgements and certificates made by him; *provided*, that he may use his private seal until the proper seal of office shall be procured.

On motion the Chairman declared the meeting adjourned.

BY-LAWS

At a meeting of miners held at Messrs. Miller, Heaton & Co.'s mills pursuant to notice published in the Daily *Vidette* for Dec. 16th, 1864, on motion of M. S. Stickney, Dr. O. H. Congar was elected chairman *pro tem.* On motion of A. Sackrider, M. S. Stickney was elected Secretary. The object of the meeting was stated by the Chairman. Then, on motion of J. A. Weller, the meeting stood adjourned to meet at 8 A. M., Dec. 17th, 1864.

Dec 17th, 1864, meeting opened as to previous adjournment. On motion of J. A. Miller, Dr. O. H. Congar was unanimously elected as permanent Chairman of the meeting. Then, on motion of R. B. Chisholm, M. S. Stickney was elected as Secretary. The meeting was then opened by the Chairman stating the object of said meeting. Upon motion of A. D. Heaton, the laws, as revised August 2d, 1864, were read. The meeting then proceeded to select a Committee consisting of five (5)—J. A. Miller, as Chairman, Dr. O. H. Congar, R. B. Chisholm, A. D. Heaton and Jas. Dixon as said Committee—to consider the mining laws and report amendments which were reported and adopted, amending Article 4, Notice 6th, Article 11th, and striking out Article 7th. The above amendments were unanimously adopted.

The Recorder was instructed to obtain a new set of books in which to transfer all locations heretofore recorded, and retain the old set of books for reference. Then, upon motion, Wm. P. Clark was unanimously elected as Recorder of West Mountain Mining District. On motion, the meeting adjourned *sine die*.

Dr. O. H. CONGAR, *Chairman.*

ARTICLE 1st. This District shall include that portion of territory situated in the Territory of Utah and bounded as follows Commencing at the confluence of the river Jordan with Great Salt Lake, and running thence in a southerly direction along the east bank of said river, to its point of exit from lake Utah; thence along the west margin of said lake to the 40th degree of north latitude (Greenwich); thence along said 40th degree of north latitude to the eastern boundary of Tooele County; thence along said boundary to the Great Salt Lake, and from thence easterly to the place of beginning.

ART. 2d. The extent of a claim on any mineral vein shall be two hundred (200) feet along the lode with a width of one hundred (100) feet on each side of the lode, including all its dips, spurs, depths, widths, off-shoots, outcroppings, variations and all the mineral and other valuables therein contained, and priority of location shall determine the ownership of all cross or other leads traversing ground claimed under these laws. The discoverer and locator of a lead shall be entitled to one claim additional for discovery. Not more than twenty-four hundred (2400) feet shall be located on any one mineral lode which may be taken on either or both ends of the discovery claim; all other claims located on the same vein or lode shall be located as new discoveries

ART. 3d. No person shall hold more than one claim by location, on any one vein; by purchase any number of claims may be held.

ART. 4th. It shall be the duty of the Recorder whenever application is made to him to record a claim to go upon the ground, measure accurately said claim, and erect, or cause to be erected, a mound of rocks at the point of discovery of said claim three feet in diameter and two feet high, with a stake in the center of sufficient height above the mound for the notice to be posted thereon of said claim. Said notice shall state particularly the distances and directions of said claim, for which recording and locating he shall receive the sum of one dollar and fifty cents ($1 50) in the currency of the United States, also fifty cents each for all extra certificates furnished; and on the failure of the Recorder to perform such duty after receiving notice by writing or in person from any claimant, he not only forfeits his fees, but is subject to immediate removal from office.

ART. 5th. The Recorder shall keep two series of books, in one of which to record all locations and in the other all transfers of claims in this district, to be styled "Book A, B and C of Claims" and "Book A, B and C of Transfers", in the latter of which he shall place on record all deeds of shares presented for that purpose, for which he will be entitled to receive a sum not exceeding one dollar ($1) in each case, and all such records with the necessary revenue stamps affixed shall be deemed legal evidence of sale or ownership, as the case may be.

ART. 6th. Upon each location prescribed in Article 4, there shall be done fifty dollars' worth of work within six months from this date, or the date of location thereof, each individual claimant paying or working the pro rata amount of the requisite fifty dollars, or upon their failure to do so their claims to be subject to relocation. When the said amount of fifty dollars' worth of work shall have been done, the Recorder shall grant certificates of real estate or realty to each claimant who has complied with these laws; also upon all claims upon which the requisite amount of work has already been done, the Recorder shall certify accordingly upon application of the claimant or claimants, provided, however, that should the claimants be prevented from working by local insurrection or rebellion, their claims shall not be forfeited, and provided, further, that no claim belonging to a soldier shall be subject to relocation until six months shall have elapsed after his discharge from the service of the United States, unless he shall sign an agreement or articles of incorporation to the contrary.

ART. 7th. All claims shall be recorded within ten days after a notice of location shall have been posted thereon; but a notice filed for record in the Recorder's office shall be considered in all cases equivalent to a record.

ART. 8th. Locators on veins of coal or iron shall be entitled to five hundred (500) feet for each location, and five hundred (500) feet additional for discovery, and in all other respects shall be subject to and enjoy all the privileges and immunities of these laws.

ART. 9th. All voters at meetings to regulate mining interests shall be claim owners in this district.

ART. 10th. All meetings for the purpose of election or changing these laws must be called by posting written notices in at least three public places in the District, or by publishing the same in some newspaper printed in the Territory, nearest this mining District, said publication to be made by the Recorder or ten actual claim holders; in either case during at least twenty (20) days previous to such meeting, stating the object thereof.

ART. 11th. All examinations of records shall be made in the presence of the Recorder or his Deputy. When relieved the Recorder shall turn over to his successor all books and papers pertaining to his office. He shall have a seal and attest all acknowledgements and certificates made by him; *provided*, that he may use his private seal until the proper seal of office may be procured.

MINERS' MEETING AT BINGHAM CANYON.

Notice is hereby given to all persons owning interests in West Mountain Mining District, that a meeting will be held at the Recorder's office, at junction of Carr Fork and Bingham Canyon, on Wednesday, June 26, 1872, for revising the By-Laws of the West Mountain Mining District and electing a Recorder and doing such other business as may come before the meeting.

Bingham Canyon, West Mountain Mining District, June 5, 1872.

I. N. MERRILL, *Recorder*.

At a meeting of the miners of West Mountain Mining District, held pursuant to call on June 26, 1872, A. D. Heaton was called to the Chair, and John Brunton was elected Secretary.

The following committee was than appointed to revise the By-Laws of said District: S. B. Kinney, John Brunton, I. N. Merrill, G. W. Crowley and J. B. Hickman.

The meeting then adjourned to meet at the Recorder's at 2 P. M., July 6, 1872.

A. D. HEATON, *Chairman*.

JOHN BRUNTON, *Secretary*.

BINGHAM CANYON, *June* 26, 1872.

We, the undersigned, Judges and clerks of an election held in Bingham Canyon, June 26, 1872, for the purpose of electing a Recorder of quartz claims for the West Mountain Mining District, Salt Lake County, U. T., do hereby certify the following to be the result of said election: I. N. Merrill received 199 votes; S. C. Perrin received 158 votes; Whole number of votes cast, 357, making a majority of 41 votes for I. N. Merrill. We, therefore, declare I. N. Merrill duly elected to said office for the ensuing year.

L. B. KINNEY,
N. J. TEACHENOR,
Judges.

Attest:

CHAS. W. STRAIN,
J. E. HUGHES,
Clerks.

At an adjourned meeting of the miners of West Mountain Mining District, Bingham Canyon, Salt Lake County, Utah Territory, the following committee, consisting of L. B. Kinney, I. N. Merrill, G. W. Crowley, John Brunton and J. B. Hickman, previously appointed to revise the By-laws of said District, met at the Recorder's office July 6, 1872, and prepared the following code of laws, which were adopted:

ARTICLE 1. This District shall be known and styled by its former name, the West Mountain Mining District and is bounded as follows, to-wit: Commencing at the confluence of the river Jordan with Great Salt Lake, and running thence in a southerly direction along the east bank of said river, to its point of exit from Lake Utah, to the 40th degree of north latitude, thence alongside 40th degree of north latitude to the east boundary of Tooele County, thence along said boundary to the Great Salt Lake, and from thence easterly to the place of beginning.

ART. 2. A Recorder shall be elected on the third Saturday of June, in each year, who shall reside in said District and keep his office at least within one mile from what is known as the Heaton & Campbell saw-mill. He shall keep his office open at all reasonable hours of the day for the transaction of business and for the inspection of the District Record books by the miners of the said District. He shall keep two series of books, one of which to record all locations, and the other all transfers of claims in this District, the same to be styled Book A, B, C, etc., of claims, and Book A, B, C, etc., of transfers, for which he shall be entitled to receive the following fees: For recording location notices, the sum of two dollars; and for recording transfers, one dollar and fifty cents, and one dollar for each extra certificate officially furnished. The Recorder may appoint a deputy, who shall be empowered to transact any business pertaining to the office, and the Recorder shall be held responsible for any and all his official acts. The examination of the District records shall be made only in the presence of the Recorder or his deputy. At the expiration of the Recorder's term of office, he shall, upon the election of his successor, deliver over to him all books, papers and property appertaining or belonging to said office.

Upon application of ten or more eligible miners of this District, the Recorder shall call special meetings, giving ten days notice in writing by posting notice in three public places in the District, stating the time, place and object of said meeting. A majority of the miners present may legally transact business, but it shall require at least twenty-five legally constituted miners to form a quorum.

ART. 3. All claims shall be located on the general course of the lode and must be measured on the course of the croppings and as near on a level as practicable.

ART. 4. Any person or persons who have mining claims or an interest in any mine in this District that is valid, shall be entitled to vote at any District election.

ART. 5. A miner's claim, whether located by one or more persons, may equal, but shall not exceed fifteen hundred feet in length along the vein or lode, but no location of a mining claim shall be made, until the discovery of the vein or lode within the limits of the claim located. No claim shall exceed more than one hundred feet on each side from the middle of the vein or lode on the surface. Nor shall any claim be limited to less than one hundred feet except where adverse rights existed at the adoption of the By-Laws which shall render such limitation necessary. When it may become necessary for building or other purposes that an appurtenant or adjacent tract is requisite, the same shall not exceed in its limits a space three hundred feet square, and such tract may be situated at the nearest available point within the limits of the District.

ART. 6. All records of mining claims or tunnel sites hereafter made, shall contain the name or names of the locators, the date of the location and such a description of the claim or tunnel located, by reference to some natural object or permanent monument as will clearly identify the said claim or tunnel. All locations, whether of claims or tunnel, shall be recorded within ten days after location, unless the locator or locators shall hold the same by constant labor thereon, otherwise the same shall be considered abandoned. The Recorder shall in no case record a notice unless the same accurately describes the said mine and its locality.

ART. 7. On each claim located since the passage of the law of Congress, May, 1872, to promote the development of the mining resources of the United States, at least one hundred dollars worth of work shall be performed for each and every succeeding year, until a patent shall be issued therefor. Fifty dollars worth of work, equivalent to one-half of the said amount, must be actually performed within the first six months, and the balance before the expiration of the year.

ART. 8. Any claimant or claimants claiming the right to relocate any claim, lode or tunnel, may apply to the Recorder in writing, and he shall appoint five disinterested persons to examine said claim, lode or tunnel. Any person or persons claiming the right of relocation shall object to three of the said persons so appointed, and the remaining two with the Recorder, shall visit, examine, and assess the work performed and the improvements made, and if a majority of said committee (including the Recorder) shall report in writing, and file with the Recorder, that the former locators or claimants of said lode, mine or tunnel have not complied with the mining laws of the District or of the United States, such claimant shall be entitled to relocate said lode, mine or tunnel, and the Recorder shall so certify and record the same, and the Recorder shall receive $5 for examining said mine.

ART. 9. Any person or persons shall have the right to locate for mining purposes any ledge, lode or deposit, and work the same through, and by means of a tunnel, and any work done on such tunnel claim shall be considered as work done on the claim or claims located, provided said tunnel notice distinctly designates the claim or claims intended to tap.

ART. 10. That when a tunnel is run for the development of a vein or lode, or for the discovery of mines, the owners of such tunnel shall have the right of possession of all veins or lodes within three thousand feet from the face of such tunnel on the line thereof, not previously known to exist, discovered in such tunnel to the same extent as if discovered from the surface and locations on the line of such tunnel, of veins or lodes not appearing on the surface, made by other parties after the commencement of the tunnel, and while the same is being prosecuted with reasonable diligence, shall be valid, but failure to prosecute the work on the tunnel for six months shall be considered as an abandonment of the right to all undiscovered veins on the line of said tunnel.

ART. 11. All meetings for the purpose of elections or changing these By-Laws must be called by posting written notices in at least three places in the District, or by publishing the same in some newspaper printed in the Territory nearest this Mining District, said publication to be made by the District Recorder, twenty days previous to such meeting.

ART. 12. All laws or parts of laws in this District conflicting with these laws are hereby repealed.

L. B. KINNEY,
Chairman and Secretary of Committee.

I hereby certify the foregoing to be a true copy of a miners' meeting held in Bingham Canyon, West Mountain Mining District, for electing a Recorder and revising the By-Laws of said District

I. N. MERRILL, *Recorder.*

MINERS' MEETING AT BINGHAM CANYON.

Notice is hereby given that there will be a Miners' meeting held at the Recorder's office, in West Mountain Mining District, July 24th, 1875, at two o'clock P. M., for the purpose of amending and revising the laws of said District.

Bingham, June 28, 1875.

HENRY THOMPSON, *Recorder.*

At a meeting of the Miners of West Mountain Mining District, held pursuant to a call on July 24th, 1875, Henry Thompson was elected Chairman and Frank Hoffman Secretary. On motion, the following committee was elected to revise the laws of said District, viz: J. W. Turnbull, J. W. Burton, S. C. Perrin, John Brunton, Henry Thompson. The meeting then adjourned to meet at the Recorder's office, July 31st, 1875, at seven o'clock P. M.

HENRY THOMPSON, *Chairman.*

FRANK HOFFMAN, *Secretary.*

At an ajourned meeting of the Miners of the West Mountain Mining District, held at the Recorder's office, July 31st, 1875, the committee appointed at the previous meeting to revise the Laws of said District, reported the following, which was unanimously adopted:

ARTICLE. 1. This District shall be known and styled by its former name, the West Mountain Mining District, and is bounded as follows, to-wit: Commencing at the confluence of the river Jordan with Great Salt Lake, and running thence in a southerly direction along the east bank of said river, to its point of exit from Lake Utah, thence along the line of the fortieth degree of north latitude to the eastern boundary of Tooele County, thence along said boundary to the Great Salt Lake, and from thence easterly to the place of beginning.

ART. 2. A Recorder shall be elected on the third Saturday of June, in each year, who shall reside in said District and keep his office within one mile from the junction of Carr's Fork and Main Bingham Canyon. He shall keep his office open at all reasonable hours of the day for the transaction of business and for the inspection of the District Record books by the miners of the said District. He shall keep two series of books, one of which to record all locations, and the other all transfers of claims in this District, the same to be styled Book A, B, and C, etc., of claims, and Book A, B, and C, etc., of transfers, for recording which said claims and transfers he shall be

entitled to receive the following fees: For recording each notice of location two dollars; for recording each transfer, two dollars, and one dollar for each extra certificate officially furnished. The Recorder may appoint a deputy, who shall be empowered to transact any business pertaining to the office, and the Recorder shall be held responsible for any and all his official acts. The examinations of the District records shall be made only in the presence of the Recorder or his deputy. At the expiration of the Recorder's term of office, he shall, turn over to his successor, all books, papers and property appertaining or belonging to said office at any time within a period of ten days from the date of his successor's election.

Upon application of ten or more elligible miners of this District, the Recorder shall call special meetings, giving ten day's notice in writing by posting notices in ten public places in the District, stating the time, place and object of said meeting. A majority of the miners present may legally transact business, but it shall require at least twenty-five legally constituted miners to form a quorum.

ART. 3 All claims shall be located on the general course of the lode, and must be measured on the course of the croppings and as near on a level as practicable.

ART. 4. No person or persons but male citizens of the United States, of lawful age, and owners of valid mining property in this District, duly recorded before the day of election, shall be entitled to vote at any election either for the purpose of settling disputes or electing officers for said District.

ART. 5. A miner's claim, whether located by one or more persons, may equal, but shall not exceed fifteen hundred feet in length along the vein or lode, but no location of a mining claim shall be made, until the discovery of the vein or lode within the limits of the claim located. No claim shall exceed more than one hundred feet on each side from the middle of the vein or lode on the surface. Nor shall any claim be limited to less than one hundred feet except where adverse rights existed at the adoption of these By-Laws which shall render such limitation necessary. When it may become necessary for building or other purposes that an appurtenant or adjacent "tract" of land is requisite, the same shall not exceed in its limits a space three hundred feet square, and such tract may be situated at the nearest available point within the limits of the District.

ART. 6. All records of mininig claims or tunnel sites hereafter made, shall contain the name or names of the locators, the date of the loction and such a description of the claim or tunnel location by reference to some natural object or permanent monument as will clearly identify the said claim or tunnel. All locations, whether of claims or tunnels, shall be recorded within ten days after location, unless the locator or locators shall hold the same by constant labor thereon, otherwise the same shall be considered abandoned. The Recorder shall in no case record a notice unless the same accurately describes the said mine and its locality.

ART. 7. On each claim located since the passage of the law of Congress, May 10th, 1872, entitled an "Act to promote the development of the mining resources of the United States," at least one hundred dollars worth of work shall be performed or improvements made for each and every year, until a patent shall be issued therefor.

ART. 8. Any person or persons shall have the right to locate for mining purposes any ledge, lode or deposit, and work the same through, and by means of a tunnel, and any work done on such tunnel shall be considered as work done on the claim or claims located; *provided* said tunnel notice distinctly designates the claim or claims intended to tap.

ART. 9. When a tunnel is run for the development of a vein or lode, or for the discovery of mines, the owners of such tunnel shall have the right of possession of all veins or lodes within three thousand feet from the face of such tunnel on the line thereof, not previously known to exist, and discovered in such tunnel to the same extent as if discovered from the surface, and locations on the line of such tunnel of veins or lodes not appearing on the surface, made by other parties after the commencement of the tunnel and while work on the same is being prosecuted with reasonable diligence, shall be invalid; but failure to prosecute the work on the tunnel for six months shall be considered as an abandonment of the right to all undiscovered veins on the line of said tunnel.

ART. 10. All meetings for the purpose of elections or changing these By-laws must be called by posting written notices in at least ten public places in the District, or by publishing the same in some newspaper printed in the Territory, nearest this Mining District, said notice to be given by the District Recorder at least twenty days previous to such meetings.

ART. 11. At all meetings or elections held for the purpose of electing the Recorder for this District, the polls shall be opened at seven o'clock A. M., and close at sundown.

The above is a true and correct copy of the laws adopted at the miners' meeting, held in West Mountain Mining District, July 31st, 1875.

HENRY THOMPSON, *Chairman.*

FRANK HOFFMAN, *Secretary.*

TERRITORY OF UTAH,
County of Salt Lake, ss.

Henry Thompson, first being sworn, on his oath, says he is the Mining Recorder of West Mountain Mining District, in said County and Territory, duly elected and qualified, and as such Recorder, the custodian of the records and papers belonging to the said office; that the printed pamphlet hereto attached contains on pages three, four, five, six and seven, the Mining Laws, approved at a meeting of the miners of this District on the 20th day of June, A. D. 1872; that they were in full force from that date until the 31st day of July, A. D., 1875; that the pamphlet contains on pages seven, eight, nine and ten, the revised laws adopted at a meeting of the miners of said District, held on the 31st day of July, A. D., 1875; that the last named laws are now and have been in full force since the 31st day of July, A. D., 1875.

HENRY THOMPSON, *Recorder.*

Subscribed and sworn to before me, this the 13th day of April, A. D., 1876.

TOOELE COUNTY.—RUSH VALLEY MINING DISTRICT.

REPORT OF A MEETING OF MINERS HELD AT GOVERNMENT RESERVE, RUSH VALLEY, JUNE 11TH, 1864.

RECORDER'S OFFICE, STOCKTON, *July 28th*, 1875.

At a meeting of the miners of Rush Valley Mining District, held at the Government Reserve, Rush Valley, June 11th, 1864, Mr. M. G Lewis was called to the Chair, and Henry R. Miller appointed Secretary.

The Chairman stated that the objects of the meeting were to create a new mining district within the limits to the West Mountain Mining District, elect a Recorder, and establish By-Laws for the government of said District.

A committee consisting of S. E. Jocelyn, E. C. Chase, A. Heitz and James A. Gibson were appointed to draft By-Laws.

The following laws having been presented by the committee, were acted upon *seriatim*, and adopted by the meeting.

BY-LAWS.

ARTICLE I. This District shall include that portion of Territory situated in the Territory of Utah, as follows: Beginning at a point on the northern boundary line of West Mountain Mining District, where it intersects the Eastern line of Tooele County; to follow this line to the point of its intersection with the southern boundary line of West Mountain Mining District, thence along said line to its point of intersection with the one hundred and fourteenth (114) degree of longitude west from Greenwich, thence along said 114th degree of longitude to the forty-first (41st) parallel of latitude north, thence east to place of beginning; the same to be known as the Rush Valley Mining District.

ARTICLE II. The extent of a claim on any mineral vein shall be two hundred (200) feet along the lode, with a width of one hundred (100) feet on each side of the lode, including all its dips, spurs, angles, depths, widths, off-shoots and outcroppings, variations, and all the minerals and other valuables therein contained; and priority of location shall determine the ownership of all cross or other leads traversing ground claimed under these laws; the discoverer and locator of a lead shall be entitled to one claim additional for discovery.

ARTICLE III. No person shall hold more than one claim by location on any one vein; by purchase, any number of claims may be held.

ARTICLE IV. All claims shall be measured in a horizontal line and numbered 1, 2, 3, etc., if from the discovery claim, either way.

ARTICLE V. Each Company shall do one faithful day's work on their claim each month. On a failure to do so, such claim or claims will be subject to relocation; *provided*, however, that should the Company be prevented from working by local insurrection or rebellion, their claims shall not be forfeited; and *provided*, further, that no claim belonging to a soldier shall be subject to relocation until six months shall have elapsed after his discharge from the service of the United States; unless he shall sign an agreement or articles of incorporation to the contrary.

ARTICLE VI. Work done or caused to be done by the owners in any tunnel, cut, shaft, water ditch, or privilege in good faith for the benefit of any claim, shall be considered as done on the claim owned by said person or Company.

ARTICLE VII. All claims shall be recorded within ten days after a notice of location shall have been posted thereon. But a notice filed for record in the Recorder's Office shall be considered in all cases equivalent to a record.

ARTICLE VIII. Claims on gold surface diggings shall be each two hundred (200) feet square.

ARTICLE IX. Locators on veins of coal or iron shall be entitled to five hundred (500) feet for each location, and five hundred (500) feet additional for discovery; and in all other respects shall be subject to and enjoy all the privileges and immunities of these laws.

ARTICLE X. Whenever three hundred ($300.00) dollars shall have been expended upon the claims of any Company in this District, the ground so claimed by said Company, shall be deemed as belonging in fee to the owners and their assigns, and the same shall not be subject to relocation by other parties ever after; except by an acknowledged abandonment of the ground by the company, which shall be so construed after said ground shall have lain idle for one year, and except in cases where claims are in litigation.

ARTICLE XI. All voters at meetings to regulate mining interests, shall be claim owners in this District.

ARTICLE XII. All meetings for the purpose of election or changing these laws, must be called by posting written notices in at least three public places in the District, or by publishing the same in some newspaper printed in the Territory; said publication to be made by the Recorder in either case, during at least twenty (20) days previous to such meeting, stating the object thereof.

ARTICLE XIII. There shall be a Recorder chosen from among the miners of the District, who shall hold his office during a term of one year, unless a successor be duly elected, which can only be done by a majority of the legal voters present at a meeting for that purpose.

ARTICLE XIV. He shall record all claims presented for that purpose, and be entitled to receive therefor a sum not exceeding one ($1) dollar for each separate claim or Company; *provided*, that it shall not be lawful for him to record any claim in conflict with a prior location. He shall endorse on all notices placed on file in his office, the exact time of presentation for record. It shall be his duty (if required by the locator) to furnish each share holder with a certificate of his claim, attested by the seal of his office, for each of which he shall be entitled to receive the sum of fifty (50) cents. Before recording any claim, he shall satisfy himself that no rights are infringed.

ARTICLE XV. The records of all claims located in this District and heretofore recorded under the laws of West Mountain District shall be transcribed into the books of this District, but from the date of the adoption of these laws such claims shall be in all respects except as to dimensions subject thereto.

ARTICLE XVI. The Recorder shall keep two series of books, in one of which to record all locations, and in the other all transfers of claims in this District, to be styled Book A, B and C, of Transfers, and Book A, B and C, of Claims, in the former of which he shall place on record all deeds of shares presented for that purpose, for which he shall be entitled to receive a sum not exceeding one (1) dollar, on each case, and all such records with the necessary revenue stamps affixed, shall be deemed legal evidence of sale or ownership as the case may be.

ARTICLE XVII. All examinations of records shall be made in the presence of the Recorder or his deputy. When relieved, the Recorder shall turn over to his successor all books and papers pertaining to his office; he shall have a seal, and attest all acknowledgements and certificates made by him; *Provided* that he may use his private seal until the proper seal of office shall be procured.

ARTICLE XVIII. All records and copies thereof properly certified, shall be legal evidence of their contents in all Courts in this Territory.

On motion, the District was declared established, and the By-Laws as above were adopted.

On motion, Andrew Campbell was unanimously elected Recorder.

On motion, the Chairman declared the meeting adjourned.

M. G. LEWIS, *President.*

HENRY R. MILLER, *Secretary.*

I, J. C. Reynolds, Mining Recorder of Rush Valley Mining District, Tooele County, U. T., and legal custodian of the records of said mining District, which are now in my possession, do hereby certify that the foregoing is a

true and complete copy of the By-Laws of the Rush Valley Mining District, as adopted June 11, A. D. 1864. Recorded in Book E, page 257 (commencing.)

RECORDER'S OFFICE, STOCKTON, *July 28th*, 1875.

BY-LAWS OF THE RUSH VALLEY MINING DISTRICT AS AMENDED WITH RESOLUTIONS APPENDED, MARCH 4, A. D. 1865.

ARTICLE I. This District shall include that portion of Territory situated within the Territory of Utah, as follows: Beginning at a point on the northern boundary line of West Mountain Mining District, where it intersects the eastern line of Tooele county, to follow this line to the point of its intersection with the southern boundary line of West Mountain Mining District. Thence along said line to its intersection with the one hundred and fourteenth (114) degree of longitude west from Greenwich; thence along said one hundred and fourteenth (114) degree of longitude to the forty-first (41) parallel of latitude north; thence east to place of beginning. The same to be known as the Rush Valley Mining District.

ARTICLE II. The extent of a claim on any mineral vein shall be two hundred (200) feet along the lode with a width of one hundred (100) feet on each side of the lode, including all its dips, spurs, angles, depths, widths, offshoots, out-croppings, variations and all the minerals and other valuables therein contained, and priority of location shall determine the ownership of all cross or other leads traversing ground claimed under these laws. The discoverer and locator of a lead shall be entitled to one claim additional for discovery.

ARTICLE III. No person shall hold more than one claim by location on any one vein; by purchase any number of claims may be held.

ARTICLE IV. All claims shall be measured on a horizontal line and numbered 1, 2, 3, etc., if from the discovery claim either way.

ARTICLE V. Each company shall do one faithful day's work on their claim each month, each individual claimant doing, or causing to be done, his or her pro rata amount of said day's work. On a failure to do so, such claim or claims will be subject to relocation; *Provided*, however, that should the Company be prevented from working by local insurrection or rebellion their claims shall not be forfeited; and *provided*, further, that no claim belonging to a soldier shall be subject to re-location until six months shall have elapsed after his discharge from the service of the United States, unless he shall sign an agreement or articles of incorporation to the contrary.

ARTICLE VI. Work done or caused to be done by the owners in any tunnel, cut, shaft, water ditch, or privilege in good faith for the benefit of any claim shall be considered as done on the claim, owned by said person or company.

ARTICLE VII. All claims shall be recorded within ten days after a notice of location shall have been posted thereon. But a notice filed for record in the Recorder's office shall be considered in all cases equivalent to a record.

ARTICLE VIII. Claims on gold surface diggings shall be each two hundred (200) feet square.

ARTICLE IX. Locators on veins of coal or iron shall be entitled to five hundred (500) feet additional for discovery, and in all other respects shall be subject and enjoy all the privileges, etc., of these laws.

ARTICLE X. Whenever a mound of stone three feet in diameter on the ground and two feet high, shall be erected having a permanent notice posted thereon, naming the lode and company, and the sum of three cents per foot shall have been expended upon the claims of any company of this District, the ground so claimed by said company shall be deemed as belonging in fee to the owners and their assigns, and the same shall not be subject to re-location by other parties ever after; *Provided*, that whenever an individual claim owner owning in any company in this district shall on such company's claim have erected or cause to be erected, a mound of stone three feet in diameter on the ground, and two feet high with a permanent notice thereon, naming the lode and company, and shall have expended in addition thereto, three cents per foot for each foot owned by said claim owner in said company's claim, his or her interest shall be deemed as belonging in fee to the owner, and the same shall not be subject to re-location by other parties ever after; and, *provided* further, that it shall not be necessary for individual claim owners to erect mounds on company's claims where such mounds may be already erected.

ARTICLE XI. A certificate from the Recorder attested by the seal of his office certifying that any claim belongs to the owner in fee shall be legal evidence thereof in all courts in this Territory; *Provided*, that it shall be unlawful for the Recorder to certify that any claim belongs in fee to the owner until he shall be satisfied that said owner has complied with the conditions of Article Tenth (10th).

ARTICLE XII. Whenever any claim owner or owners in any company in this District shall see proper to work or develop their claims, they shall call a meeting of all the Company claim owners by posting notices, one at the Recorder's office, and one in the most conspicuous place in this District, naming the time, place and object of the meeting; and should the Company fail to agree in regard to working or developing their claim, any person or persons owning in the claim shall be at liberty to work said claim and levy an equal assessment pro rata per foot upon each individual claimant to defray the necessary expenses of such work or development, the same to be adjudged by three disinterested claim owners in this District who shall be chosen in the following manner: One by the party or parties doing or causing said work to be done. One by the owner or owners in said claim who may not have joined in doing or causing said work to be done, and the third by the two first. Should any of the claimants fail to pay their assessments, those doing the work shall be at liberty to take the same from delinquent's portion of the proceeds from the mineral of said claim, and in no other way shall they be able to force a collection of the said assessments unless an agreement shall have been entered into to the contrary.

ARTICLE XIII. All voters at meetings to regulate mining interests shall be claim owners in this District.

ARTICLE XIV. All meetings for the purpose of election or changing these laws must be called by posting written notices in at least three public places in the district, or by publishing the same in some newspaper printed in the Territory, said publication to be made by the Recorder in either case, during at least twenty (20) days previous to such meeting, stating the object thereof.

ARTICLE XV. There shall be a Recorder chosen from among the miners of the district, who shall hold his office during a term of one year, unless a successor be duly elected which can only be done by a majority of the legal voters present at a meeting for that purpose.

ARTICLE XVI. He shall record all claims presented for that purpose, and be entitled to receive therefor a sum not exceeding one (1) dollar for each separate claim or company; *Provided* that it shall not be lawful for him to record any claim in conflict with a prior location. He shall endorse on all notices placed on file in his office the exact time of presentation for record. It shall be his duty (if required by the locator) to furnish each share-holder with a certificate of his claim attested by the seal of his office, for each of which he shall be entitled to receive the sum of fifty (50) cents. Before recording any claim, he shall satisfy himself that no rights are infringed.

ARTICLE XVII. The records of all claims located in this District, and heretofore recorded under the laws of West Mountain District, shall be transcribed into the books of this District. But from the date of the adoption of these laws such claims shall be in all respects, except as to dimensions, subject thereto.

ARTICLE XVIII. The Recorder shall keep two series of books, in one of which to record all locations, and in the other all transfers of claims in this District, to be styled Book A, B and C, of Transfers, and Book A, B and C, of Claims. In the former of which he shall place on record all deeds of shares presented for that purpose, for which he shall be entitled to secure a sum not exceeding one (1) dollar

in each case, and all such records with the necessary Revenue Stamp affixed, shall be deemed legal evidence of a sale or ownership as the case may be.

ARTICLE XIX. All examinations of records shall be made in the presence of the Recorder or his deputy. When relieved, the Recorder shall turn over to his successor all books and papers pertaining to his office. He shall have a seal and attest all acknowledgements or certificates made by him; *provided*, that he may use his private seal until the proper seal of office shall be procured.

ARTICLE XX. All records and copies thereof properly certified shall be legal evidence of their contents in all courts in this Territory.

ARTICLE XXI. It shall be the duty of the Recorder to keep a certified copy of the laws of this District; also, a certified copy of the proceedings of any miners' meeting held in this District, which may be left with him for that purpose pursuant to the vote of any such meeting.

A. J. DILDIM, *President.*

E. P. JOHNSON, *Secretary.*

The following resolution was adopted unanimously:

Resolved, That no mining claim situated in this District shall be subject to relocation from and after the adoption of this resolution and prior to the first day of June A. D. 1865.

RECORDER'S OFFICE, STOCKTON, *July* 28*th*, 1875.

BY-LAWS OF RUSH VALLEY MINING DISTRICT, AS AMENDED MAY 12, A. D. 1870.

A meeting of the miners of Rush Valley Mining District held pursuant to the following

Notice.

STOCKTON, RUSH VALLEY MINING DISTRICT, *April* 21*st*, 1870.

A meeting of the miners of the Rush Valley Mining District, Tooele County, Utah Territory, will be held at Gallagher's old store in Stockton, May 12, 1870, for the purpose of electing a Recorder and such other business as may be brought before the meeting.

(Signed) JOHN PAXTON, *Custodian of the Records.*

The meeting was held on the day appointed. John Paxton was called to the Chair, and Chas. H. Newbold appointed Secretary. An election was held for Mining Recorder of the District to serve one year from date. John Frank was nominated by J. W. Spratt, and Asa Butler by Captain Stover. Mr. Frank received 19 votes and Mr. Butler 2 votes. John Frank was therefore declared to be duly elected. A Committee of five was chosen to draft and amend the By-Laws, and the following By-Laws were duly presented and unanimously adopted:

SECTION 1. This District shall include that portion of territory situated in the Territory of Utah, as follows:

Beginning at a point on the northern boundary line of West Mountain Mining District, where it intersects the eastern line of Tooele County, to follow this line to the point of its intersection with the southern boundary line of West Mountain Mining District; thence along said line to its intersection with the one hundred and fourteenth (114) degree of longitude west from Greenwich; thence along said one hundred and fourteenth (114) degree of longitude to the forty-first (41) parallel of latitude north; thence east to place of beginning, the same to be known as the Rush Valley Mining District.

SEC. 2. It shall be the duty of the Recorder to record all notices of mining claims or locations, for which he shall receive the sum of fifty cents for each name contained in the notice of location. But the Recorder shall not be obliged to file for record or record any notice of location unless his fees are tendered in advance. The Recorder shall provide suitable books at his own expense in which all claims must be properly recorded and indexed.

SEC. 3. Each individual mining claim made in this district shall, in conformity with the United States Mining Laws, consist of two hundred feet in length on the ledge or lode, with the privilege of an additional claim of two hundred feet to the discoverer. All dips, spurs and angles radiating to or from the same, and one hundred feet of ground on each side of the ledge or lode; the whole distance located for mining purposes, and no location claiming parallel ledge, distinct outcrop, or upon any other pretence shall be allowed within the bounds as above prescribed.

SEC. 4. Locations shall be made by placing a legible notice on the ledge or lode by either of the following methods, to wit: On a monument of stone not less than two feet high, or on a post firmly placed in the ground not less than three inches through and three feet above ground, or on a tree not less than four inches through. The notice shall state the number of feet claimed in the location, the names of the parties locating the same, and the name by which the lode or ledge shall be known. Such notice shall hold good without record thereof for ten days from the date of location, but at the expiration of said ten days the claim, if not recorded, shall be subject to re-location.

SEC. 5. Within thirty days from the filing for record of any claim, there shall be performed upon the same two days' work for each and every two hundred feet of said location, which said amount of work having been duly and faithfully performed shall hold the claim for three months. A failure to comply with this law shall be deemed equivalent to an abandonment of the claim, and render the same liable to relocation. The Recorder shall duly record the work and issue a certificate of the fact if required by the claim owners. For recording the work, he shall be entitled to fifty cents per name, and for issuing a certificate of the same, one dollar.

SEC. 6. Whenever any claim shall have been worked to the extent of removing ten cubic yards of pick ground or two cubic yards of blasting ground to each two hundred feet, said claim shall be deemed to have complied with all requirements and demands of this district as regards work for the space of one year, and the Recorder shall duly record the same and issue a certificate to the effect that the provisions of this section have been complied with. For this service, he shall be entitled to a fee of one dollar, and fifty cents a mile for each mile necessarily traveled in going to and returning from the claim. No amount of work done shall hold the claim unless the same is recorded as herein provided. But nothing herein contained shall be construed to cause the forfeiture of claims on which the work herein required shall have been done previous to the adoption of these By-Laws.

SEC. 7. The Recorder shall place on the record immediately following the record of location notice, a brief description of the locality and boundaries of the claim named in the location notice.

SEC. 8. The locator of any claim shall have the right to make a square location, and by bounding the same and plainly marking the boundaries thereof shall be entitled to all the mineral veins, lodes, quartz or gold, or silver or other mineral bearing earth or rock found within the boundary line of said square location; and said locator or locators shall have the right to follow the dip of any lodge, lode or deposit, or all of them wherever they may lead, but each locator shall only be entitled to two hundred feet square in the same location, except for the right of discovery. No person shall gain title to any lead, lode or deposit or mining ground by any work done, or to be done, within the boundary line of any other company's claim; and any such work shall be deemed a trespass unless the first locator or locators have failed to comply with the requirements of these mining laws.

SEC. 9. A true copy of the location notice shall be placed upon the mine claimed, and no two companies of the same name shall be placed on the records unless differently numbered.

SEC. 10. Any one or more persons shall have the right to locate for mining purposes any ledge, lode or deposit, and work the same through and by means of a tunnel, and any work done on the whole claim or location. The same amount of work shall be required on tunnel locations that is required to be done on other locations. Said tunnel claims may be located in all cases where the person or persons making such locations desire to prospect for lodes, ledges or deposits of mineral that do not crop out or disclose themselves at the surface, or who desire to prospect anything in sight not previously located by other parties. The person or persons so locating shall state in their notice the metes and bounds of the ground they intend to prospect; *provided*, no location shall embrace more than three thousand feet on the length of the vein, or fifteen hundred feet on each side of the line of the tunnel. The locators of a tunnel claim shall be entitled to all the lodes, ledges or deposits and minerals embraced within the extent of the lines of their location not previously located, and shall hold the same by the same rules and regulations governing other locations. The number of feet on the lead or other parallel leads and veins to be cut by the tunnel as set forth in the notice of location shall determine the amount of work to be done; *provided*, further, whenever work shall have been done on a tunnel location to the amount of one thousand dollars ($1,000), it shall then be considered as a fee simple in the location, and no longer subject to the requirements of work to hold the same.

SEC. 11. When two or more veins or ledges or deposits connect or unite at any depth below the surface, and which are claimed by different parties, the oldest legitimate location shall hold or be entitled to hold the ledge, vein or deposit from the point of intersection downward, but shall not be entitled to anything from the point of intersection upwards unless not previously located.

SEC. 12. The Recorder shall be allowed fifty cents for each name in any abstract of record furnished by him.

SEC. 13. The Recorder shall have the right of appointing one or more deputies who shall act under the direction of the Recorder, and for whose acts he shall be responsible. They may be appointed and removed at the will of the Recorder of the district.

SEC. 14. The Recorder may absent himself from the district not exceeding sixty days by leaving a deputy recorder to attend to the records of the district. All examinations of the records must be made in the presence of the Recorder or his deputy, and the books shall at all times in business hours be open to the inspection of the public.

SEC. 15. The Mining Recorder shall hold office for one year from the date of his election, or until his successor is elected. In case of the resignation, death or removal of the Recorder from office for cause or his voluntary absence from the district for a period of sixty days, the office of Recorder shall be deemed vacant, and the deputy recorder shall notify the miners that an election is to be held to fill the vacant office of Recorder, stating time and place where such election takes place, and until the newly elected Recorder is qualified, the deputy recorder shall exercise the duties of the office.

SEC. 16. It shall be the duty of the Recorder to give at least five days notice of the time of holding the annual meeting, by posting notices in not less than three conspicuous places in the District at the written request of not less than five miners of the District. He shall in the manner above prescribed issue a call for a special meeting of miners, stating the time and place where said meeting shall be held, and the object for which said meeting is called. At said meeting, no business shall be transacted other than that specified and named in the call.

SEC. 17. It shall be the duty of the Recorder to transfer the records of his office to his successor within five days after said successor shall have been elected.

SEC. 18. Only *bona fide* miners of the district shall have the privilege of participating in any election or meeting of miners, and no person shall be considered a miner unless he has a claim recorded, and worked according to these By-Laws.

SEC. 19. The By-Laws may be amended at any annual meeting of the miners of the district, which meeting shall be held on the second Thursday in May, in each year, at which time a District Recorder shall be elected.

RECORDER'S OFFICE, STOCKTON, *Aug.* 9*th*, 1875.

BY-LAWS OF RUSH VALLEY MINING DISTRICT, AS AMENDED MAY 8, 1873.

SECTION 1. The By-Laws shall be so amended as to include the following Territory: This district shall be bounded on the south by the Ophir Mining District Boundary as defined at the miners' meeting held in Stockton, on July 30th, 1870. On the north by Tooele District, East and west boundaries remain unchanged.

SEC. 2. The Recorder shall be allowed the sum of ($2.50) two dollars and fifty cents for each claim of fifteen hundred feet or less, which he may record. It shall also be the bounden duty of the Recorder or his deputy to make a personal examination of any location offered for record before recording the same and take a description of said location from some prominent object, hill or ravine, which said description shall accompany and remain on file with the original notice.

SEC. 3. Claims shall be limited to one hundred feet on each side of middle or center of vein on surface.

SEC. 4. The location must be distinctly marked on the ground, so that the boundary can be readily traced. All records of mining claims hereafter made shall contain the name or names of locators, the date of location and such a description of the claim or claims located by reference to some natural object or permanent monument as will identify the claim. On each claim located after the passage of this act, and until a patent shall have been issued therefor, not less than one hundred dollars worth of labor shall be performed or improvements made during each year. On all claims located prior to the passage of this act ten dollars worth of labor shall be performed or improvements made each year for each one hundred feet in length along the vein until a patent shall have been issued therefor. But where such claims are held in common such expenditure may be made on any one claim, and upon a failure to comply with these conditions, the claim or mine upon which such failure occurred shall be open to re-location in the same manner as if no location of the claim had ever been made; *provided*, that the original locators, their heirs, assigns or legal representatives have not resumed work upon the claim after such failure and before such location. Upon the failure of any one of the several co-owners to contribute his proportion of the expenditures required by this act, the co-owners who have performed the labor or made the improvements may, at the expiration of the year, give such delinquent co-owners personal notice in writing, or notice by publication in the newspaper published nearest the claim for at least once a week for ninety days; and if at the expiration of ninety days after such notice in writing or by publication, such delinquent should fail or refuse to contribute his proportion to comply with this act, his interest in the claim shall become the property of his co-owners who have made the required expenditure.

SEC. 5. The Recorder shall be allowed the sum of $1.50 for each certificate of amount of labor performed on any claim. The Recorder shall make such inspection of labor in person or by deputy, and they shall certify to the same according to the best of their ability.

SEC. 6. That where a tunnel is run for the development of a vein or lode, or for the discovery of mines, the owners of such tunnel shall have the right of possession of all veins or lodes within three thousand feet from the face of such tunnel on the line thereof not previously known to exist, discovered in such tunnel to the same extent as if discovered from the surface and locations on the line of such tunnel of veins or lodes not appearing on the surface made by other parties after the commencement of the tunnel, and while the same is being prosecuted with reasonable diligence shall be invalid; but failure to prosecute the work on the tunnel for six months shall be considered as an abandonment of the right to all undiscovered veins on the line of said tunnel.

SEC. 7. The Recorder shall be allowed fifty cents for each name in any abstract of record furnished by him.

SEC. 8. The Recorder shall have the right of appointing one or more deputies who shall act under the direction of the Recorder, and for whose acts he shall be responsible. They may be appointed or removed at the will of the Recorder of the district.

SEC. 9. The Recorder may absent himself from the district not exceeding sixty days by leaving a deputy recorder to attend to the records of the district. All examinations of the records must be made in the presence of the Recorder or his deputy, and the books shall at all times in business hours be open to the inspection of the public.

SEC. 10. The Mining Recorder shall hold office for one year from the date of his election, or until his successor is elected. In case of the resignation, death or removal of the Recorder from office for cause or his voluntary absence from the district for a period of sixty days, the office of Recorder shall be deemed vacant, and the deputy recorder shall notify the miners that an election is to be held to fill the vacant office of Recorder, stating time and place where such election takes place, and until the newly elected Recorder is qualified, the deputy recorder shall exercise the duties of the office.

SEC. 11. It shall be the duty of the Recorder to give at least five days notice of the time of holding the annual meeting, by posting notices in not less than three conspicuous places in the District at the written request of not less than five miners of the District. He shall in the manner above prescribed issue a call for a special meeting of miners, stating the time and place where said meeting shall be held, and the object for which said meeting was called. At said meeting, no business shall be transacted other than that specified and named in the call.

SEC. 12. It shall be the duty of the Recorder to transfer the records of his office to his successor within five days after said successor shall have been elected.

SEC. 13. Only *bona fide* miners of the district shall have the privilege of participating in any election or meeting of miners, and no person shall be considered a miner unless he has a claim recorded, and worked according to these By-Laws.

SEC. 14. The By-Laws may be amended at any annual meeting of the miners of the district, which meeting shall be held on the second Thursday in May, in each year, at which time a District Recorder shall be elected.

E. C. CHASE, *Chairman.*

W. B. SCHUYLER, *Secretary.*

J. C. REYNOLDS, *Recorder.*

After the foregoing By-Laws had been read, section by section, it was moved by Judge Warren and seconded by Doc. Clifford that the By-Laws as amended and reported on by the Committee be adopted and go into effect from and after this date. Motion put and carried unanimously.

Moved that the Committee on By-Laws be discharged. Carried.

It was then moved by Major O'Keefe, seconded by Judge Warren, that we adjourn. Carried.

E. C. CHASE, *Chairman.*

W. B. SCHUYLER, *Secretary.*

J. C. REYNOLDS, *Recorder.*

I, J. C. Reynolds, Mining Recorder of Rush Valley Mining District, and legal custodian of the records of said mining District, which are now in my possession, do hereby certify that the foregoing is a true and complete copy of the By-Laws of said Mining District, as amended May 8th, A. D. 1873, and recorded in Book E, page 79 (commencing).

SALT LAKE COUNTY.—MOUNTAIN LAKE MINING DISTRICT.

BY-LAWS.

At a meeting of the miners of Wasatch Mining District, held at Camp Douglas, U. T., July 20th, 1864, Mr. Wm. H. Farnham was called to the Chair, and Charles H. Godbold appointed Secretary.

The Chairman stated that the object of the meeting was to create a new Mining District within the limits of the Wasatch Mining District, elect a Recorder, and establish By-Laws for the government of said District.

A Committee consisting of E. P. Woolworth, Wm. A. Bennett and George Smith were appointed to draft By-Laws.

The following laws having been presented by the committee, were acted upon *seriatim*, and adopted by the meeting.

ARTICLE I. This District shall be known as the Mountain Lake Mining District, being a part of the Wasatch Mining District, to be bounded as follows: Beginning at the junction of Parley's Creek, with the Jordan river, thence up the right bank of said creek to the original eastern boundary line of the Wasatch Mining District, thence along said eastern boundary to the head of Utah Lake, thence along the eastern margin of said lake to the head of the Jordan river, thence along the eastern bank of said river to the point of starting.

ARTICLE II. The extent of a claim on any mineral vein shall be two hundred (200) feet along the lode with a width of five hundred (500) feet on each side of the lode, including all its dips, spurs, angles, depths, widths, offshoots, variations, and all the minerals therein contained; and priority of location shall determine the ownership of all cross or other leads traversing ground claimed under these laws; the discoverer and locator shall be entitled to one claim additional for discovery.

ARTICLE III. No person shall hold more than one claim by location on any one vein; by purchase any number of claims may be held.

ARTICLE IV. All claims shall be measured on a horizontal line, and numbered 1, 2, 3, etc., if from the discovery claim either way.

ARTICLE V. Each company shall do one faithful day's work on their claim each month; on a failure to do so, such claim or claims will be subject to relocation; *Provided, however*, That should the company be prevented from working by local insurrection or rebellion, their claims shall not be forfeited; *And, provided further*, That no claim belonging to a soldier, shall be subject to relocation until six months shall have elapsed after his discharge from the service of the United States unless he shall sign an agreement or articles of incorporation to the contrary.

ARTICLE VI. Work done or caused to be done by the owner in any tunnel, cut, shaft, water ditch or privilege, in good faith, for the benefit of any claim, shall be considered as done on the claim owned by said person or company.

ARTICLE VII. All claims shall be recorded within ten days after a notice of location shall have been posted thereon, but a notice filed for record in the Recorder's office, shall be considered in all cases equivalent to a record.

ARTICLE VIII. Claims on gold surface diggings shall be each two hundred (200) feet square.

ARTICLE IX. Locators on veins of coal or iron shall be entitled to five hundred (500) feet for each locator, and five hundred (500) feet additional for discovery, and in all other respects shall be subject to and enjoy all the privileges and immunities of these laws.

ARTICLE X. Whenever three hundred ($300) dollars shall have been expended upon the claims of any company in this District, the ground so claimed by said company shall be deemed as belonging in fee to the owners and their assigns, and the same shall not be subject to relocation by other parties ever after, except by an acknowledged abandonment of the ground by the company, which shall be so construed after said ground shall have laid idle for one year, and except in cases where claims are in litigation.

ARTICLE XI. All voters at meetings to regulate mining interests, shall be claim owners in this District.

ARTICLE XII. All meetings for the purpose of election or changing these laws, must be called by posting written notices in at least three public places in the District, or by publishing the same in some newspaper printed in the Territory, said publication to be made by the Recorder in either case during at least twenty days previous to such meeting, stating the object thereof.

ARTICLE XIII. There shall be a Recorder chosen from among the miners of the District, who shall hold his office during a term of one year, unless a successor be duly elected, which can only be done by a majority of the legal voters present, at a meeting for that purpose; *Provided*, The Recorder is called away, he has the power to appoint a deputy, until a new Recorder may be chosen.

ARTICLE XIV. He shall record all claims presented for that purpose, and be entitled to receive therefor a sum not exceeding one ($1.00) dollar for each separate claim or company; *Provided*, That it shall not be lawful for him to record any claim in conflict with a prior location; he shall endorse on all notices placed on file in his office, the exact time of presentation for record; it shall be his duty (if required by the locator) to furnish each shareholder, with a certificate of his claim attested by the seal of his office, for each of which he shall be entitled to receive the sum of fifty (50) cents; before recording any claim he shall satisfy himself that no rights are infringed.

ARTICLE XV. The Records of all claims located in this District, and heretofore recorded under the laws of the Wasatch District shall be transcribed into the books of this District; but from the date of the adoption of these laws, such claims shall be subject thereto.

ARTICLE XVI. The Recorder shall keep two series of books, in one of which to record all locations, and in the other all transfers of claims in this District, to be styled Book A, B, &c., of Claims, and Book A, B, &c., of Transfers, in the latter of which he shall place on record all deeds of shares presented for that purpose, for which he shall be entitled to receive a sum not exceeding one dollar in each case. All such records, with the necessary revenue stamps affixed, shall be deemed legal evidence of sale or ownership as the case may be.

ARTICLE XVII. All examinations of Records shall be made in the presence of the Recorder or his deputy; when relieved the Recorder shall turn over to his successor all books and papers pertaining to his office; he shall have a seal, and attest all acknowledgements and certificates made by him; *Provided*, That he may use his private seal until the proper seal of office shall be procured.

ARTICLE XVIII. All records and copies thereof, properly certified, shall be legal evidence of their contents in all courts of this Territory.

On motion, the district was declared established, and the By-Laws as above were adopted.

On motion E. P. Woolworth was unanimously elected Recorder.

On motion, the Chairman declared the meeting adjourned, *sine die*.

WM. H. FARNHAM, *President*.

(Signed)

CHARLES H. GODBOLD, *Secretary*.

I hereby certify the foregoing to be a true, full and correct copy of the Record now in my office, as found on the Book of the Mountain Lake Mining District.

MINING LAWS OF MOUNTAIN LAKE MINING DISTRICT, CONTINUED.

At a meeting of the claim-holders of Mountain Lake Mining District, held at Camp Douglas, U. T., May 29th, 1866, it was moved and seconded, and carried unanimously, that the By-Laws, as amended, should be transcribed as follows:

ARTICLE I. This District shall be known as the Mountain Lake Mining District, being a part of the Wasatch District, to be bounded as follows: Beginning at the junction of Parley's Creek, with the Jordan river; thence up the right bank of said creek to the original eastern boundary Wasatch Mining District; thence along said eastern boundary to the head of Utah Lake; thence along said eastern margin of said lake to the head of the Jordan river; thence along the eastern margin of said river to the point of starting.

ARTICLE II. The extent of a claim on any mineral vein shall be two hundred feet along the lode, with a width of one hundred feet on either side, including all its dips, spurs, angles, depths, widths, offshoots, and variations, and all the mineral therein contained; and priority of location shall determine the ownership of all crossed or other leads traversing ground claimed under these laws; the discoverer and locator shall be entitled to one claim additional for discovery.

ARTICLE III. All claims shall be measured on a horizontal line, and numbered 1, 2, 3, etc., from discovery claim either way.

ARTICLE IV. If within six months after the adoption of this article, one day's work shall have been done on any one claim, or twelve days' work by any company on their lode in this Mining District, or within six months after location of claims, the ground so claimed shall be deemed as belonging in fee, (except as against the United States), to the owners or their assigns forever, and the same shall not be subject to re-location.

ARTICLE V. Work done or caused to be done by the owner in any tunnel, cut, shaft, water ditch or privilege, in good faith, for the benefit of any claim, shall be considered as done on the claim owned by said person or company.

ARTICLE VI. All claims shall be recorded within ten days after a notice of location shall have been posted thereon, but a notice filed for record in the Recorder's office, shall be considered equivalent to a record.

ARTICLE VII. Claims on gold surface diggings shall be each two hundred feet square.

ARTICLE VIII. Locators on veins of coal or iron shall be entitled to 500 feet, and 500 feet additional for discovery.

ARTICLE IX. No person shall hold more than one claim by location on any one vein or lode; by purchase any number of claims may be held.

ARTICLE X. It shall be the duty of the Recorder, upon satisfactory evidence being given, that the required amount of work has been done, to issue certificate of real estate, upon application being made by the claim-holder or his attorney, with such evidence as he may deem satisfactory, and, further, it shall be the duty of the Recorder to record such certificate on the record books of the district, when required.

ARTICLE XI. All voters at meetings to regulate the mining laws of, shall be claim-holders of, the district.

ARTICLE XII. All meetings for the purpose of elections or changing these laws, must be called by posting written notices in at least three public places in the district, or by publishing the same in a newspaper printed in this Territory, said publication to be made by the Recorder in either case during at least twenty days previous to such meeting, stating the object thereof.

ARTICLE XIII. There shall be a Recorder chosen from among the miners of the district, who shall hold his office during a term of one year, unless a successor be duly elected, which can only be done by a majority of the legal voters present, at a meeting for that purpose; *Provided*, The Recorder is called away, he may appoint a deputy, until a new Recorder may be chosen.

ARTICLE XIV. He shall record all claims presented for that purpose, and be entitled to receive therefor a sum not exceeding one dollar for each separate claim or company; *Provided*, That it shall not be lawful for him to record any claim in conflict with a prior location; he shall endorse on all notices placed on file in his office, the exact time of presentation for record; it shall be the duty, if required by the locator, to furnish each shareholder with a certificate of his claim attested by the seal of his office, for each of which he shall receive the sum of fifty cents; before recording any claim he shall satisfy himself that no rights are infringed.

ARTICLE XV. The Records of all claims located in this district, and heretofore recorded under the laws of the Wasatch Mining District, shall be transcribed into the books of this district; but from the adoption of these laws, such claims shall be subject thereto.

ARTICLE XVI. The Recorder shall keep two series of books, in one of which to record all claims, and in the other all transfers in this district, to be styled Books A, B, and C, of Transfers, and A, B, and C, of Claims, in the former of which he shall place on record all deeds of shares presented for that purpose, for which he shall be entitled to receive a sum not exceeding one dollar in each case. All such records, with the necessary revenue stamps affixed, shall be deemed legal evidence of sale or ownership as the case may be.

ARTICLE XVII. All examinations of the Records shall be made in the presence of the Recorder or his deputy; when relieved the Recorder shall turn all books and papers pertaining to his office to his successor; he shall have a seal, and attest all acknowledgments and certificates made by him; *Provided*, That he may use his private seal until the proper seal of office may be obtained.

ARTICLE XVIII. All records and copies thereof, shall be legal evidence of their contents in all courts of this Territory.

ARTICLE XIX. Certificates of real estate issued by the Recorder, shall be printed on durable paper, and the Recorder shall receive for each the sum of one dollar.

I hereby certify the foregoing to be a true, full and correct copy of the Record now in my office, as found on the Book of the Mountain Lake Mining District.

MINING LAWS OF MOUNTAIN LAKE MINING DISTRICT, AS AMENDED AT A MINERS' MEETING, HELD IN LITTLE COTTONWOOD CANYON, AUGUST 30TH, 1869, PURSUANT TO 20 DAYS' NOTICE GIVEN BY THE RECORDER.

ARTICLE I.—*Boundaries.* This district shall be known as the Mountain Lake Mining District, and will be bounded as follows: Commencing at the "Hot Springs," near Salt Lake City; thence east to the crest of the Wasatch range of mountains, thence south along said crest to the south line of Salt Lake County; thence west along said county line to the river Jordan; thence along the east bank of said river to a point directly west of said Hot Springs; thence east to the place of beginning.

ARTICLE II. The extent of a claim on any mineral vein shall be two hundred feet along the lode with a width of one hundred feet on either side, including all dips, spurs, depths, widths, offshoots, and variations, and all the mineral therein contained; and priority of location shall determine the ownership of all crosses or other lodes traversing ground claimed under these laws; the discoverer and locator shall be entitled to one claim additional for discovery.

ARTICLE III. All claims shall be measured in a horizontal line, and numbered 1, 2, 3, etc., from discovery claim either way, or taken in company, to any amount not exceeding three thousand feet in length of any vein or lode.

ARTICLE IV. If within three months after this meeting, any claim-holder shall do three days' work on his claim or lode, such claim shall be held good, and thereafter they shall do three days' work every year, until they shall have performed all the work necessary to obtain a patent from the U. S. Government. Any claim-holder failing to comply with this article, their claims shall be subject to relocation, except such claims as have been worked upon, and for which certificates have been given. On motion, six dollars per day was declared to be the standard of each days' work.

ARTICLE V. Work done or caused to be done on any tunnel, cut, shaft, water ditch or privilege, in good faith, for the benefit of any claim, shall be considered as done on the claim owned by such person or company.

ARTICLE VI. All claims shall be recorded within ten days after a notice of location shall have been posted thereon, but a notice filed with the Recorder shall be considered equivalent to a Record.

ARTICLE VII. Claims on gold surface diggings shall be each two hundred feet square.

ARTICLE VIII. Locators on veins of coal or iron shall be entitled to 500 feet square, and 500 feet additional for discovery.

ARTICLE IX. No person shall hold more than one claim on any one lode vein by location; by purchase any number of claims may be held.

ARTICLE X. It shall be the duty of the Recorder, upon satisfactory evidence being given, that the required amount of work has been done, to issue certificates of real estate, upon application being made by the claim-holder or his attorney, with such evidence as he may deem satisfactory, and, further, it shall be the duty of the Recorder to record such certificates on the record books of the district when required.

ARTICLE XI. All voters at meetings to regulate mining laws, shall be claim-holders in the district.

ARTICLE XII. All meetings for the purpose of election or changing these laws, must be called by posting written notices in at least three public places in the district, and by publishing the same in a newspaper in the District, said publication to be made in either case by the Recorder during at least twenty days previous to such meeting, stating the object thereof.

ARTICLE XIII. There shall be a Recorder chosen from among the miners of the district, who shall hold his office during a term of one year, or until his successor shall be duly elected, which can only be done by a majority of the legal voters present at a meeting for that purpose; *Provided*, The Recorder is called away, he has the power to appoint a deputy, until a new Recorder may be chosen.

ARTICLE XIV. He shall record all claims presented for that purpose, and be entitled to receive therefor a sum not exceeding one dollar for each claim or company; *Provided*, That it shall not be lawful for him to record any claim in conflict with a prior location; he shall endorse on all notices placed on file in his office, the exact time of presentation for record; it shall be his duty, if required by the locator, to furnish each shareholder with a certificate of his claim, attested by the seal of his office, for each of which he shall receive the sum of fifty cents; before recording a claim he shall satisfy himself that no rights are infringed.

ARTICLE XV. The Records of all claims located in this district, and heretofore recorded under the laws of the Wasatch Mining District, shall be transcribed into the books of this district; but from the date of the adoption of such laws, such claims shall be subject thereto.

ARTICLE XVI. The Recorder shall keep two series of books, in one of which to record all locations, and in the other all transfers, to be styled Book A, B, and C, of claims, and Book A, B, and C, of Transfers, in the latter of which he shall place on record all deeds of shares presented for that purpose, for which he shall receive the sum of one dollar for each. All such records, with the necessary stamp affixed, shall be deemed legal evidence of sale or ownership as the case may be.

ARTICLE XVII. All examinations of Records shall be made in the presence of the Recorder or his deputy; when relieved the Recorder shall turn over all books and papers to his successor.

ARTICLE XVIII. All records and copies thereof, shall be legal evidence of their contents in all courts in this Territory.

ARTICLE XIX. Certificates of real estate issued by the Recorder, shall be printed on durable paper, and the Recorder shall receive for each the sum of one dollar.

On motion, Article 20 was added to the By-Laws, which is as follows:

ARTICLE XX. Provided any number of miners not less than six think it necessary to call a special meeting, the Recorder may call such meeting by giving four days' notice, to transact any or all business not mentioned in Article 12. Notice of which shall be posted in four public places in the district.

On motion, all claims located prior to this date that have not been worked upon according to law, are subject to relocation.

On motion, James Wall was re-elected Recorder for the ensuing year.

On motion, meeting adjourned *sine die*.

IRON COUNTY.—PINTO IRON MINING DISTRICT.

BYE LAWS AND OTHER MATTERS OF THE PINTO IRON MINING DISTRICT, IRON COUNTY UTAH TERRITORY.

At a Meeting of Miners, at the Hulse House Iron County, Utah Territory May 26th 1868,

On motion of Seth. M Blair said Miners proceeded to organize a Mining District, by electing Ebenezar Hanks President Seth M Blair Recorder, and Peter Shirts, Robert Richey, and Chapman Duncan Directors.

Whereupon said Miners adopted the following Constitution and Bye Laws for said District (bounded as follows, viz, the boundaries here decribed were afterwards changed, so I insert the corrected ones at the close)

CONSTITUTION

ARTICLE 1st. Said District shall be known as the Pinto Iron Mining District

ART 2nd. The Officers of said district shall consist of a President a Recorder and three Directors, who shall be chosen by the Miners of said District, and whose term of Office shall be (2) two years, or until their successors shall be elected and qualified, as the Laws of the District may prescribe,

ART 3rd The Miners of said District, shall have power to make such Laws, for the Government of said District not conflicting with the Laws of Congress or with the Statutes of the Territory of Utah as they may deem proper to develope the Mineral Leades or Lodes of said District and to protect the Miner in the same,

ART 4th A claim on a Leade or Lode in said District shall be as defined by the Act of Congress approved July 26th 1866.

ART 5th A person to constitute a Miner must own and work a claim either in person or by proxey in said District as the Law directs

ART 6th All persons with the qualifications as described in Article 5th shall be entitled to a Seat in the Law making department of the District,

ART 7th—It shall be the duty of the President of the District to preside at all public Meetings assembly's of the Miners when legally assembled in said District with the assistance of one or more of the Directors as Vice Presidents

ART 8th—The duty of the Directors shall be the President presiding to decide all litigated claims between the Miners in said District touching the discovery Location, and the recording of claims in the same and to preside over legal assemblies in the absence of the President, and in case of a vacancy from any cause in the office of the President any two of the Directors shall have power to Act as President until a successor shall be elected and qualified as the Law may direct

ART 9th Legal Assemblys of the Miners of said District may be had on the petition of a respectable number of Miners to the President or Directors who shall order the same by publication or Notice ten days previous to the Meeting and an Assembly may be called by the President and Directors at time by giving proper Notice of the same as the Law may direct,

ART 10th There shall be elected at the same time and place that the President and Directors are elected a Recorder for the District whose term of office shall be (2) two years and until his successor shall be elected and qualified whose duty it shall be to keep a true and faithful record of all legal Assemblies of the Miners of said District and record all claims on mineral Leades or Lodes in said District that shall be presented to him for record, provided the same has not been filed or recorded in his office.

ART 11th The President shall have power to appoint a Recorder until one shall be regularly elected,

ART 12th It shall not be lawful for any person to hold an office in this District unless he shall be a resident of the District and owns and works a claim provided nevertheless he may be represented by proxy as the Law may direct,

ART 13th No Law shall be valid in this District that will impair the rights of a Miner a resident to his claim provided said miner is using his best endeavours to develope the Mineral resources of the District

ART 14th Elections shall be held to elect the officers of said District as the Law may direct provided that the first election shall be held on the 18th day of June 1871, at such place in the District as the President of the District may Direct who shall appoint Judges to

hold the same, who may appoint their own Clerk, who shall give a certificate of election to the person receiving the highest number of votes for each office which shall be signed by the Judges of the election and be the Authority for said persons to Act in his said office

ART 15th Voting shall be done by Viva-Voce at elections in this District,

The foregoing Articles of a Constitution were adopted on the day and date above written and on motion of Chapman Duncan it was resolved that the same be signed by E Hanks President of the District and certified to by S M Blair Recorder of the District (carried)

(Signed) EBENEZAR HANKS, *President*

I S M Blair the undersigned Recorder of the Pinto Iron District do hereby certify that the foregoing Articles containing a Constitution for the aforesaid District was adopted by the miners of said District May 26th 1868 as Witness my hand day and date above written

S M BLAIR, *Recorder*.

BY-LAWS OF LITTLE COTTONWOOD MINING DISTRICT.

[In force from 8th June, 1872.]

ARTICLE 1st. This District shall be known by the name of "Little Cottonwood Mining District," and is bounded as follows, to-wit: Beginning at the Toll-Gate near the entrance to Little Cottonwood Canon, and running south to the summit of the mountain; thence easterly along the summit to the centre of divide, between Big Cottonwood and Little Cottonwood Canons; thence northerly along the summit to the centre of the mountain on the north side of the Canon; thence westerly along the summit to a point due north of Toll-Gate; thence southerly to point of beginning.

ART. 2d. There shall an annual meeting of the miners of the District, held on the third Monday in August of each year, for the purpose of electing a Recorder for the District.

ART. 3d. The Recorder shall procure and keep a substantially bound book, to be called the "Book of Location," in which he shall record all notices of location claims, whether for mining or other purposes, connected therewith.

ART. 4th. He shall carefully keep and preserve all original papers filed with him for record, and deliver them, upon proper demand, to the person or persons entitled to receive the same, and faithfully do and perform all other acts and duties required of him by these laws.

ART. 5th. The Recorder shall hold office for one (1) year, or until his successor is duly elected; *Provided*, however, that he may be removed at any time, for misconduct in office, or neglect of duty as prescribed by the laws of this District.

ART. 6th. The Record Books shall be kept within the limits of the District, and shall be kept open during business hours for examination and inspection.

ART. 7th. The Recorder may appoint a Deputy under him for whose official acts he shall be held responsible.

ART. 8th. He shall note upon the back of each notice of location, or other instrument, filed for record, the day and hour of filing thereof; and such instruments shall be deemed recorded from and after the date of such filing for record.

ART. 9th. When a claim shall have been located and recorded, he shall, upon request, make and deliver to the claimant, his agent or attorney, a certificate of such location and record, over his official signature, which certificate shall be conclusive evidence of the facts therein stated.

ART. 10th. All examinations of the Record Books must be made in the presence of the Recorder or his Deputy, and when his term of office shall expire, the Recorder shall turn over to his successor all books, papers, and other property pertaining to his office.

ART. 11th. The Recorder shall be authorized to demand and receive for his services the following fees, to-wit: For each claim or tunnel recorded, by any person or company of persons, $3.00; for each deed, power of attorney, or bill of sale, $2.00; for each transcript or official certificate, $1.00.

ART 12th. A mining claim, whether located by one or more persons, may equal, but shall not exceed, fifteen hundred feet in length along the vein or lode; but no location of a mining claim shall be made until the discovery of the vein or lode within the limits of the claim located. No claim shall extend more than fifty feet on each side of the middle of the vein at the surface, nor shall any claim be limited to less than fifty feet, except where adverse rights existing at the adoption of this By-law, shall render such limitation necessary. When it may become necessary for building or other purposes that an appurtenant or adjacent tract is requisite, the same shall not exceed in its limits a space three hundred feet square, and such tract may be situated at the nearest available point within the limits of the District.

ART. 13th. Locations of claims or tunnels shall be made by posting on a tree, substantial stake or monument at the point of commencement, a legible notice, stating the date of location, the number of feet in length of the claim or tunnel, the number of feet each way from notice, both in length and width, its course, and the name or names of the person or persons making the location; and such notice shall so describe such location, that its boundaries can be readily traced on the surface. All records of locations shall contain such a description of the claim or tunnel located by reference to some natural object or permanent monument, as will identify the same. All locations, whether of claims or tunnels, shall be recorded within twenty days after location, unless the locators shall hold the same by constant labor thereon; otherwise the ground shall be considered abandoned.

ART. 14th. On each claim located, not less than one hundred dollars worth of labor shall be performed or improvements made during each year, until a patent shall be issued therefor; a failure to comply with this requirement, shall be deemed equivalent to an abandonment of the claim, and render the same subject to relocation. On each tunnel there shall be performed each year, at least one hundred dollars worth of labor, and a failure to prosecute the work for a period of six-months, shall be considered as an abandonment of the right to all undiscovered veins or lodes on the line of said Tunnel. All cases of dispute arising in regard to mining claims, shall be referred to a board of arbitration, consisting of five disinterested claim-holders, selected by the miners of the District, at a special meeting called for that purpose.

ART. 15th. Any person or persons shall have the right to locate, for mining purposes, any ledge, lode or deposit, and work the same through and by means of a tunnel, and any work done on such tunnel claim, shall be considered as work done on the whole claim or location.

ART. 16th. No person shall be entitled to vote at any meeting of miners unless he owns a *bona fide* interest in a mining claim in this District.

ART. 17th. The By-laws of this District may be repealed, revised or amended, at any meeting that may be duly called by fifty or more *bona fide* claim-holders in the District; and it shall require twenty-five *bona-fide* claim-holders in the district, to constitute a quorum at such meeting.

ART. 18th. It shall be the duty of the Recorder, previous to any meeting for a revision of the By-laws, to give at least ten days' notice of the same, by posting notice of said meeting in three conspicuous places in the District, and to publish said notice for at least five days in a daily newspaper published in Salt Lake county; it shall be his further duty, at the written request of not less than five *bona-fide* claim-holders of the District, to issue a call for any special meeting, by giving at least five days notice, and posting the same in three conspicuous places in the District, stating the time and place of meeting, and the object for which such meeting is called. At said meeting no business shall be transacted other than that specified and named in the call.

ART. 19th. All laws or parts of laws in this District, conflicting with these laws, or with any of the mining laws of the United States, are hereby repealed.

ART 20th. These laws shall take effect and be in force from and after their passage.

TERRITORY OF UTAH,
County of Salt Lake. ss.

John McDonald, being duly sworn, deposes and says: That he is the Mining Recorder of Little Cottonwood Mining District, in the county of Salt Lake, in the Territory of Utah; that he has now in his possession and under his control, the mining records of the said mining District; that the above and foregoing is a full, true and correct copy of the By-Laws, rules, regulations, and customs, of the miners of said Mining District, established and in force therein from the eighth (8th) day of June, A. AMENDED LAWS OF JUNE 2D, 1871.

At a meeting of the miners of Big Cottonwood Mining District, Big Cottonwood Canyon, County of Salt Lake, Territory of Utah, June 2d, A. D. 1871, the following amended laws were adopted for the government of the miners of said district, to take effect from the aforesaid date, and all previous laws, so far as regards future locations of mines, were repealed.

ART. 1st. The District shall be known as the Big Cottonwood Mining District, bounded and described as follows: Commencing at the toll gate at the mouth of the canyon, running along the base of the mountains north to the mouth of Mill Creek Canyon; thence along the divide, south of that running east on said divide, following the chain of mountains south of Parley's Park around the head of Big Cottonwood Creek and Lakes; thence west to the north line of the Little Cottonwood District; thence west on said line, and south on the west line, to the Little Cottonwood; thence down the same to the mouth of the canyon; thence north to the place of beginning.

ART. 2d. The officers of this district shall consist of a Recorder, elected for one year from the first Monday in July, in each year, or until his successor be appointed, subject to removal, as for misconduct in office or a neglect of duty; and also of a Standing Committee of three persons, elected at this meeting, to continue in office from this day to the first Monday in July, 1872. The duty of this Committee shall be to act in connection with the Recorder in all matters in dispute, in respect to mining interests. In case the Committee are parties interested, the Recorder shall nominate a Special Committee, to act in the place of the Standing Committee. The Recorder may appoint one or more Deputies as he may deem it necessary, for whose official acts the Recorder shall be responsible, and the name of such Deputy and the date of his appointment shall be entered on the record books before his official duties commence. It shall be the duty of the Recorder to procure books, good and well bound, to be called "Book of Locations and Records," in which shall be recorded the mining laws of the district, notices and proceedings of meetings, the locations of lodes, tunnels, mill and land rights, and other mining claims, and all matters pertaining to the mining of the district. The Recorder, before recording any claim, shall visit any location to be recorded, and if the party claiming the location is not entitled to the location, the Recorder shall refuse to record the same, and, on appeal from his decision, shall be decided by the Standing Committee. The Recorder shall note on the back of all notices or papers given him for record, the day and the hour of the filing thereof, and such instrument shall be deemed recorded from and after the date of such filing. The Recorder shall turn over to his successor in office all books and papers pertaining to his office. The Recorder, in case of a dispute as to amount of work upon claims, shall call two miners to assist him in deciding, and such decision shall be final.

ART. 3rd. The Recorder's office shall be kept as near the centre of the district as is practical.

ART. 4th. A claim shall consist of two hundred feet on the lode, with all its dips, spurs, angles and variations from wall rock to wall rock.

ART. 5. The discoverer of a lode shall be entitled to two hundred feet (same as in article 4th) additional for the discovery.

ART. 6th. All claims must be marked with a distinctly written notice placed upon the lode, with the name of the discoverer and claimants upon the same, to make it a valid claim, which notice must be kept posted until the claim is duly recorded and work done to hold the same one year.

ART. 7th. Any person or persons may locate a tunnel by posting at the point of commencement a notice, such as is required in the location of a lode, with a description of all they claim, the lode or lodes it is intended to work, and they shall be entitled to five hundred feet on each side of the tunnel in any blind lode or lodes that may be discovered in the working of the tunnel. *Provided*, it does not cut any previously located lode or mine.

ART. 8th. A claimant or company shall have twenty days after the discovery and putting up a notice to record claims for lodes, tunnels, etc.

ART. 9th. Twenty-five dollars worth of work done on a lode or tunnel, within ten days after the time allowed for recording the same, shall hold the lode or claim one year, and the same amount done each succeeding year holds it for the year in which the work is done.

ART. 10th. In case a miner is sick, he shall be allowed a reasonable time to work his claim; and it shall be the duty of said miner to file a notice with the Recorder, and the question of time shall be decided by the Standing Committee.

ART. 11th. Claimants of lodes shall have one hundred feet on each side of their lodes for milling, dumping, and other purposes.

ART. 12th. After a claim or location has been recorded, the Recorder shall, upon request of claimant or lawful agent, make and deliver certificate for the same.

ART. 13th. The compensation the Recorder shall be entitled to charge shall be as follows:

For visiting a claim	$1.00
Each mile going and returning	50
Recording locations	1.00
Certificates, each	1.00
Notice	50
Deeds, power of attorney, bills of sale, each	1.00

ART. 14th. Each and every location made in this district after this date, shall be subject to the following conditions: Any person or persons, located in a claim, who does refuse or fails to contribute his part, or pay his assessments for work or expenses, to open or work the location he is located in, shall be notified by a publication in two of the daily papers, published in Salt Lake City, stating his interest and the amount of his assessment for a period of thirty days, after which time, if payment is not made, the parties interested in the mine shall notify the Recorder of such delinquency. He shall notify such delinquent by mail of the amount of assessment against him, by an application made to a Justice of the Peace. The said interest shall be sold at auction, the proceeds from which shall pay the assessments and expenses, and the balance, if any, shall be for the benefit of the party so assessed.

ART. 15th. All examinations of records shall be made in the presence of the Recorder.

ART. 16th. Ten days' notice shall be given in at least three written notices, posted in separate places in the district, to-wit: At the mouth of Big Cottonwood Canyon, at Mill A and Mill F, and at Algiers in Silver Fork, and be published in the *Herald* and *Tribune*, papers published in Salt Lake City, previous to any meeting for the revision of the laws, and special meetings may be called in the same manner.

ART. 17th. No person shall be entitled to a vote at any meeting, who is not a bona fide holder of an interest in a mining claim located in this district.

ART. 18th. The compensation for each days' service of the Standing Committee, shall be for each member of the Committee attending the call of the Recorder to settle questions in dispute, five dollars.

ART. 19th. Moved and seconded, That the Recorder's office shall be kept at the mouth of Silver Fork. Adopted.

TRANSACTIONS OF THE MEETING CALLED IN PURSUANCE THE NOTICE ON OPPOSITE PAGE.

At a meeting of the Miners of Big Cottonwood Mining District, held at Silver Springs, on Monday, July 1st, 1872, J. N. Dramer, Robt H. Wilson, L. P. Lyon, J. M. Richardson, and John P. Flynn, were chosen a committee to revise and amend the By-laws of said District. The said Committee reported the following, which were adopted as the By-laws of said District, from this date.

ART. 1st. The District shall be known as the Big Cottonwood Mining District, bounded and described as follows: Commencing at the toll gate at the mouth of the canyon, running along the base of the mountains north to the mouth of Mill Creek Canyon; thence along the divide, south of that running east on said divide, following the chain of mountains south of Parley's Park around the head of Big Cottonwood Creek and Lakes; thence west to the line of the Little Cottonwood District; thence west on said line, and south on the west line, to the Little Cottonwood; thence down the same to the mouth of the canyon; thence north to the place of beginning.

ART. 2d. The officers of this district shall consist of a Recorder, elected for one year from the second Monday in July, in each year, or until his successor be appointed, subject to removal at any time for misconduct in office or neglect of duties. The Recorder may appoint one or more Deputies as he may deem it necessary, for whose official acts the Recorder shall be responsible, and the name of such Deputy and the date of his appointment shall be entered in the record book before his official duties commence. It shall be the duty of the Recorder to procure book, good and well bound, to be called "Book of Locations and Records," in which shall be recorded the mining laws of the district, notices and proceedings of meetings, the location of lodes, tunnel, mill and land sites, and other mining claims, and all matters pertaining to the mining of the district. The Recorder shall note on the back of all notices or papers given him for record, the day and the hour of the filing thereof, and such instrument shall be deemed recorded from and after the date of such filing. The Recorder shall turn over to his successor in office all books and papers pertaining to his office.

ART. 3rd. The Recorder's office shall be kept as near the centre of the district as is practical.

ART. 4th. We adopt as the laws of this District for locating of mines, tunnels, and all mining claims, the laws of the United States, as by act of Congress, approved May 10th, 1872.

ART. 5th. Any claimant or claimants, claiming the right to relocate any claim, lode or tunnel, may apply to the Recorder in writing, and he shall appoint five disinterested persons to examine said claim, lode, or tunnel, and said person or persons claiming the right of relocation, shall object to three of the persons so appointed, and the remaining two, with the Recorder, shall visit, examine, and assess the work performed, and the improvements made, and if a majority of said Committee, including the Recorder, shall report in writing and file with the Recorder, that the former locators or claimants of said lode, mine or tunnel, have not complied with the mining laws of the District or of the laws of the United States, such claimant shall be entitled to relocate said lode, mine, or tunnel, and the Recorder shall so certify and record the same.

ART. 6th. All claims must be marked with a distinctly written notice placed upon the lode, with the names of the discoverer and claimants upon the same, to make a valid claim, which notice must be kept posted until the claim is duly recorded and work done to hold the same one year.

ART. 7th. A claimant or company shall have twenty days after the discovery and putting up a notice to record claims for lodes, tunnels, etc.

ART. 8th. After a claim or location has been recorded, the Recorder shall, upon request of claimant or authorized agent, make and deliver certificate for the same.

ART. 9th. The compensation the Recorder shall be entitled to receive shall be as follows:

For Recording any lode, mine, or tunnel	$3.00
For all certificates, each	1.00
For visiting a claim for relocation	5.00
For visiting a claim to assess work	5.00

ART. 10th. When the owners or claimants of any mine, lode, or tunnel, shall claim they have performed labor, or improvements in compliance with law, and shall request the Recorder in writing to visit such claim and estimate the labor performed, or the improvements made thereon, it shall be the duty of the Recorder to visit such claim within forty-eight hours after receiving said notice, and certify in writing and place the same on record, the amount of labor done or improvements made, and such certificate shall be sufficient evidence, that such work was done, or such improvements made.

ART. 11th. All examinations of records shall be made in the presence of the Recorder.

ART. 12th. Ten days' notice shall be given in at least three written notices, posted in separate places in the district, to-wit: At the mouth of Big Cottonwood Canyon, at Mill A and at Mill F, and at Silver Springs and be published in the *Tribune* and *Herald* (papers published in Salt Lake City), previous to any meeting for the revision of the laws, and special meetings may be called in the same manner.

ART. 13th. No person shall be entitled to a vote at any meeting, who is not a *bona fide* holder of an interest in a mining claim located in the district.

It was moved and carried that the Recorder's office be located at Silver Springs.

EXHIBIT "H."

OFFICE OF THE RECORDER OF BIG COTTONWOOD MINING DISTRICT,
Salt Lake County, Utah Territory, Silver Springs, July 9, 1877.

At the annual meeting of the miners of Big Cottonwood Mining District, Salt Lake County, Utah Territory, held at Silver Springs, in said District, on the 9th day of July, 1877, the following committee was elected to revise the laws of the District: John Wait, chairman, R. Whitney, Wm. McGhi, Wm. McGhi, Jr., Wm. Dix, Gustave Bearson. S. Edgerly, clerk. Said committee made the following report:

That Article 1 of the old By-Laws be re-enacted. That Article 7 of the old By-Laws be stricken out, and in lieu thereof the following be adopted: Article 7. That the Recorder shall be elected for the term of two years from the 9th day of July, 1877.

That Article 9 of the old By-Laws be stricken out, and in lieu thereof, the following be adopted: Article 9. That the Recorder of the District shall visit the ground and file for record, on the ground, any claim to be recorded from this date; and that his compensation for the same shall be five (5) dollars for each and every location, and the additional sum of three (3) dollars for recording the same was allowed. For all certificates he is to receive the sum of one (1) dollar each. For visiting a claim to assess work, the sum of five (5) dollars was made the compensation.

The report of the committee was adopted unanimously.

The election for Recorder passed off quietly and resulted in the election, by a unanimous vote of one hundred and fifty four (154) ballots, of Richard Greenway.

SEC. 7. Any person or company locating a claim as provided by these laws shall perform twenty dollars worth of labor thereon each year, or else it shall be considered abandoned.

SEC. 8. The by-laws of said District may be revised or amended at any regular meeting that may be called by ten or more *bona-fide* claim-holders in said District.

Moved and seconded that we adjourn *sine die*.

R. W. GLENN,
M. HURNESS,
WM. FREEMAN,
Committee on By-Laws.

JOHN GALLAGHER, *District Recorder.*

MINUTES OF A MINER'S MEETING HELD AT JOHN GALLAGHER'S, HEBER CITY POST OFFICE, SATURDAY EVENING, MAY 4TH, 1872, TO ALTER AND AMEND THE LAWS OF THE BLUE LEDGE MINING DISTRICT.

The meeting was called to order, and on motion of Wm. H. Walker, seconded by Thomas Rasband, that J. H. Giles be chairman of said meeting. Carried.

Moved by W. H. Walker and seconded by John Jordan, that John Gallagher be re-elected District Recorder of the Blue Ledge Mining District.

The following laws were then presented, taken from the Little Cottonwood and East Canyon Mining Districts, and each separate section voted upon and adopted.

SEC. 1. This Mining District shall remain and be known as the Blue Ledge Mining District, which shall be bounded as prescribed in the original minutes of a meeting held at the house of Wm. J. Gallagher on the 13th day of April, 1870.

SEC. 2. There shall an officer for said Mining District, to be called the Recorder, who shall be elected on the first Saturday of May by the miners of this District, at their annual meeting.

SEC. 3. The Recorder shall procure and keep a substantial bound book, to be called the book of locations, in which he shall record all notices of location claims, whether for mining or other purposes connected therewith.

SEC. 4. He shall carefully preserve and keep all papers filed with him for record, and deliver them up on proper demand to the person or persons entitled to receive the same—and faithfully do and perform all other acts and duties required of him by these laws.

SEC. 5. The Recorder shall hold office for one year, or until his successor is duly elected—provided, however, that he may be removed at any time for misconduct in office or neglect of his duty as prescribed by the laws of this District.

SEC. 6. The record books may be kept in Heber City unless called for by the miners of the Blue Ledge Mining District, and shall be kept open during all business hours for examination and inspection.

SEC. 7. The Recorder may appoint a deputy under him, for whose official acts he shall be held responsible.

SEC. 8. He shall note upon the back of each notice of location or other instrument filed with him for record, the day and hour of the filing thereof, and said instrument shall be deemed recorded from and after the date of such filing for record.

SEC. 9. When a claim shall have been located and recorded, he shall, upon a request, make out and deliver to the claimant, his agent or attorney, a certificate of such location and record of his official signature, which certificate, shall be evidence of the facts therein stated.

SEC. 10. All examinations of the record book must be made in the presence of the recorder or his deputy, and when his term of office expires the Recorder shall turn over to his successor all books, papers and other property pertaining to his office.

SEC. 11. The Recorder shall be authorized to demand fees, to-wit.: For each vein or lode recorded by any person or company of persons, $2; for each claim otherwise recorded, 50cts.; for each official certificate, 50cts.; for each deed, power of attorney, or bill of sale, $1; and he shall be allowed 50cts. per mile going, to each claim him or his deputy visits.

SEC. 12. All claims shall be filed for record within thirty days of the location. Notice shall be marked as follows: On a monument of stone not less than two feet high, or upon a stake three inches through and two feet high above the ground—such notice shall designate the name of the lode and the amount of feet claimed by locator or locators of the ledge, unless the parties shall hold the same by constant labor thereon.

SEC. 13. In making a record of location of any claim the same shall be definitely described with reference to some artificial or natural monument. Each lode shall be represented every year by twenty-five dollars worth of labor actually performed thereon—otherwise it will be considered abandoned, and will be open for relocation, unless it can be shown to the satisfaction of the recorder that one thousand dollars worth of labor has been performed, or a patent taken out for the same. In case of any dispute arising in regard to the amount of labor performed, each party shall have the privilege of choosing a referee or a disinterested miner, which two referees that are chosen and cannot agree, shall have power to call a third, which shall decide the case.

SEC. 14. Any person or persons making a location shall definitely describe to the Recorder or his deputy, as nigh as possible, what part of the District his or their location may be found. The surface width shall be governed by laws of the U. S. A.

SEC. 15. Any person or persons may locate a tunnel by posting at the point of commencement a notice such as is required in the location of a vein or lode—specifying the name of said tunnel, and the name of the person or persons claiming the right of said tunnel; also the course such tunnel is intended to run, the lode or lodes it is intended to work, and by filing for record a similar notice with the Recorder or his deputy. Labor shall be performed thereon the same as required for holding a lode.

SEC. 16. No person shall be entitled to vote at any miners' meeting of this District unless he owns a *bona-fide* interest in a mining claim in this mining District.

SEC. 17. The by-laws of this mining District may be revised or amended at any regular meeting that may be called by thirty or more *bona-fide* claim holders in the aforesaid mining District.

SEC. 18. Thirty days notice shall be given in writing. Such notices shall be issued by the Recorder and posted in five separate places in the District previous to any meeting for a revision of the laws; and all meetings shall be called in the same manner.

SEC. 19. All laws or parts of laws in this District conflicting with these laws, or any of the Mining Laws of the United States are hereby repealed.

I do hereby certify that the above is a true and correct copy of the Blue Ledge Mining Laws.

THOS. H. GILES, *Chairman of the Meeting.*
JOHN GALLAGHER, *District Recorder.*

It was then moved that the by-laws of Star Mining District be so amended that on all locations hereafter made labor to the amount of twenty five $25. dollars be performed within ninety "90" days from date of location—Adopted—

JAMES C ONEILL. *Secty*

A. P. Taylor is still Recorder of Star District.

W. R. SLOAN *Deputy Recorder*

UTAH COUNTY.—AMERICAN FORK MINING DISTRICT.

BY-LAWS OF AMERICAN FORK MINING DISTRICT, JANUARY, 1876.

At a meeting of miners, held on "Mineral Flat" in American Fork Canyon, July 21st, 1870, Charles E. Hull was chosen Chairman, and B. F. Snyder Secretary, when the following laws and boundaries were adopted:

SECTION 1. This District shall be known as the American Fork Mining District, and bounded as follows: Commencing at a bald mountain at the head of American Fork and Little Cottonwood Canyons, and running along the ridge east four (4) miles; thence southerly six (6) miles; thence westerly six (6) miles; thence northerly six (6) miles; thence easterly two (2) miles, to the place of beginning.

SEC. 2. There shall be an officer for said District to be called the Recorder, who shall be elected on the third (3rd) Monday in July, by the miners of the District at their annual meeting.

SEC. 3. The Recorder shall procure and keep a substantially bound book, to be called the "book of locations", in which he shall record all notices of locations, claims, whether for mining or other purposes connected therewith.

SEC. 4. He shall carefully keep and preserve all original papers filed with him for record, and deliver them, upon proper demand, to the person or persons entitled to receive the same, and faithfully do and perform all other acts and duties required of him by these laws.

SEC. 5. The Recorder shall hold office for one year, or until his successor is duly elected. Provided, however, that he may be removed at any time for misconduct in office or neglect of duty, as prescribed by the laws of this District.

SEC. 6. The record books shall be kept within the limits of the District, and shall be kept open during business hours for examination and inspection.

SEC. 7. The Recorder may appoint a Deputy under him, for whose official acts he shall be held responsible.

SEC. 8. He shall note upon the back of each notice of location, or other instrument filed for record, the date and hour of filing thereof, and such instrument shall be deemed recorded from and after the date of such filing for record.

SEC. 9. When a claim shall have been located and recorded, he shall, upon request, make and deliver to the claimant, his agent, or attorney, a certificate of such location and record over his official signature, which certificate shall be conclusive evidence of the facts therein stated.

SEC. 10. All examinations of the record books must be made in the presence of the Recorder or his Deputy, and when his term of office shall expire the Recorder shall turn over to his successor all books, papers and other property pertaining to his office.

SEC. 11. It shall be the duty of the Recorder to go on the ground and file all notices and take a correct copy thereof, and mark on stake the name of claim and number of feet claimed.

SEC. 12. The Recorder shall be authorized to demand and receive for his service the following fees, to-wit:

For each claim of "200" feet	$1.00
" certificate	50
" deed, pow. of att'y, bill of sale	1.00

SEC. 13. No person, or company of persons, shall be entitled to hold more than two hundred (200) feet as discovery of a lode, nor more than two hundred (200) feet for each person located, and the number of feet in all shall not exceed three thousand (3,000) feet; the surface width requisite for mining purposes, or for the convenient working of the same, shall not exceed one hundred (100) feet on each side of the walls of said vein or lode. When it may become necessary for mining or milling purposes that an appurtenant or adjacent tract is requisite, the same shall not exceed in its limits a space of four hundred (400) feet long by three hundred (300) feet in width, and such tract may be situated at the nearest available point within the limits of the District, provided the same shall not be distant more than one half mile from said vein or lode.

SEC. 14. All claims shall be recorded within twenty days of the location, and a blazed tree, stake, or board, shall designate the name of lode and amount of ground claimed by the location of the ledge, unless the parties shall hold the same by constant labor thereon.

SEC. 15. In making a record of locations of any claim, the same shall be definitely described with reference to some natural or artificial monument, and whenever any claim shall have been worked to the extent of removing ten cubic yards of "pick ground", or two cubic yards of blasting ground to each two hundred feet, said claim shall be deemed to have complied with all requirements and demands of this Districts as regards work for the space of one year; this amount of labor to be performed in sixty days from date of record, and the Recorder shall duly record the same and issue a certificate to the effect that the provisions of this section have been complied with. Otherwise it will be considered abandoned and be open for relocation, unless it can be shown to the satisfaction of the Recorder that one thousand ($1,000) dollars worth of labor had been performed, or a patent taken for the same.

SEC. 16. Any person or persons may locate a tunnel by posting at the point of commencement a notice, such as is required in the locations of a lode, specifying the name or names of the person or persons claiming the right, the course such tunnel is intended to run, the lode or lodes it is intended to work, and by filing for record a similar notice in the Recorder's office. Labor shall be performed thereon the same as required for holding a lode.

SEC. 17. No person shall be entitled to vote at any meeting of miners unless he owns a "bona fide" interest in a mining claim in this District.

SEC. 18. The By-Laws of this District may be repealed, revised or amended at any regular meeting that may be duly called by ten (10) or more "bona fide" claim holders in said District.

SEC. 19. Ten days' notice shall be given in writing and posted in three separate places in the District previous to any meeting for a revision of the laws, and special meetings may be called in the same manner.

SEC. 20. These laws shall take effect and be in force from and after their passage.

B. F. Snyder was then by acclamation chosen Recorder, when the meeting adjourned.

Notice.

TO THE MINERS OF AMERICAN FORK CANYON MINING DISTRICT.

That a meeting of the miners of said District will be held at the Recorder's Office, in Forest City, on Thursday, the 20th day of June, 1872, at 1 o'clock p. m., to transact business relative to mining interests, viz: To frame new By-Laws for the District in accordance with the laws of the "United States" and "Utah Territory", made and provided. All interested are invited to attend.

DR. G. SPOERRY, *Recorder.*

RECORDER'S OFFICE, FOREST CITY, *American Fork Mining District, June 10th*, 1872.

FOREST CITY, AMERICAN FORK MINING DISTRICT,
Salt Lake County, U. T., June 20, 1872.

Pursuant to the above notice from the Recorder's Office, issued June 10th, 1872, the miners of this District assembled, it was moved and seconded that Leonard H. Merrill be Chairman, and Alex. McAlpine Secretary.

The Chairman, on motion, appointed five men to frame new "By-Laws" for this District, which are as follows, viz:

ARTICLE I. This District shall be known as the American Fork Mining District, and bounded as follows: Commencing at a bald mountain at the head of American Fork and Little Cottonwood Canyons, and running along the ridge east four (4) miles; thence

southerly six (6) miles; thence westerly six (6) miles; thence northerly six (6) miles; thence easterly two (2) miles, to the place of beginning.

ARTICLE II. There shall be an officer for said District, to be called the Recorder, who shall be elected on the third (3rd) Monday in July, by the miners of the District, at their annual meeting.

ARTICLE III. The Recorder shall procure and keep a substantially bound book, to be called the "book of locations", in which he shall record all notices of location claimed, whether for mining or other purposes connected therewith.

ARTICLE IV. The Recorder shall carefully keep and preserve all original papers filed with him for record, and deliver them upon proper demand to the person or persons entitled to receive the same, and faithfully do and perform all other acts and duties required of him by these laws.

ARTICLE V. The Recorder shall hold office for one year, or until his successor is duly elected. Provided, however, that he may be removed at any time for misconduct in office or neglect of duty, as prescribed by the laws of this District.

ARTICLE VI. The record books shall be kept within the limits of the District, and shall be kept open during business hours for examination and inspection.

ARTICLE VII. The Recorder may appoint a Deputy under him, for whose official acts he shall be held responsible.

ARTICLE VIII. The Recorder shall note upon the back of each notice of location, or other instrument filed for record, the date and hour of filing thereof, and such instrument shall be deemed recorded from and after the date of such filing for record.

ARTICLE IX. When a claim shall have been located and recorded, the Recorder shall upon request make and deliver to the claimant, his agent or attorney, a certificate of such locations and record over his official signature, which certificate shall be conclusive evidence of the facts therein stated.

ARTICLE X. All examination of the record books must be made in the presence of the Recorder or his Deputy, and when the Recorder's term of office shall expire, he shall turn over to his successor all books and papers and other property pertaining to his office.

ARTICLE XI. A notice posted on any vein or ledge, shall hold the same for a period of thirty days from date of posting, that the locator shall be able to definitely define the course of said vein. But nothing in this article shall be so construed as to empower any person or persons to locate float mineral. After the expiration of thirty days all claims shall be recorded on the record books of this District, and defined as follows, to-wit: "There shall be three permanent stakes posted, one at the discovery, and one at each side, at a distance of 200 feet from discovery, the three stakes to be on a line with each other, extending along the line of said vein or ledge".

ARTICLE XII. One or more persons shall be entitled to locate fifteen hundred feet in length along the line of their vein or ledge, and one hundred feet in width on each side from the centre of said vein or lode. Any person or persons making such locations shall be required to expend by actual labor, or improvements performed thereon, an amount not less than one hundred dollars each year. On each tunnel located there shall be performed each year at least two hundred dollars worth of labor, twenty-five dollars of which shall be performed within thirty days from date of location, and an additional amount of seventy-five dollars to be expended within six months from date of location. In estimating the amount of labor performed on any claim or tunnel site, "three cubic yards" of picking ground, or "one cubic yard" of blasting ground, excavated and removed, shall be considered equivalent to fifteen dollars.

ARTICLE XIII. It shall be the duty of the Recorder to go on the ground and file all notices, take a correct copy thereof, and describe each and every location with reference to some natural or artificial monument, and he shall be entitled to receive for his services five dollars for each claim recorded, fifty cents for each certificate, and two dollars for each deed or power of attorney.

ARTICLE XIV. No person shall be entitled to vote at any meeting of miners, unless he owns a *bona fide* interest in a mining claim in this District.

ARTICLE XV. The By-Laws of this District may be repealed, revised, or amended at any regular meeting, that may be duly called by ten or more men *bona fide* claim holdres in said District.

ARTICLE XVI. Ten days' notice shall be given in writing and posted in three conspicuous and separate places in the District, previous to the calling of any regular meeting, and a special meeting may be called in the same manner.

ARTICLE XVII. These laws shall take effect and be in force from and after this date, and all "By-Laws" and portions conflicting with these laws are hereby repealed.

LEONARD MERRILL, *Chairman.*

ALEX. McALPINE, *Secretary.*

DR. G. SPOERRY, *Recorder.*

I certify on honor that this is a true and correct copy of the revised By-Laws of American Fork Mining District made this 20th day of June, 1872.

TOOELE COUNTY.—OPHIR MINING DISTRICT.

BY-LAWS OF OPHIR MINING DISTRICT, AS ADOPTED AUGUST 6TH, A. D. 1870, AND AS AMENDED JUNE 10TH A. D. 1872, AND AS AMENDED DECEMBER 30TH, A. D. 1874.

Miners' Meeting.

A meeting of the miners of Ophir Mining District, was held pursuant to notice, Saturday, August 6th, 1870. On motion, H. C. Lincoln was elected chairman of said meeting, and E. F. Martin, Secretary. The object of the meeting being to enact a code of local mining laws for said district, and the election of a District Recorder. On motion the following named persons were elected a committee to prepare a code of mining laws for said district: William Taft, W. T. Barbee, Thos. Lee, L. W. Clark, of East Canyon Division, Leo Dykes, ——— Clark, ——— Fretnell, of Dry Canyon Division. The Committee retired, and after an absence of one hour, submitted a code of By-Laws for this District, which was adopted section by section. The election of Recorder for the ensuing year being in order, a vote by secret ballot was had, which resulted in the election of E. F. Martin.

Montioned, seconded and carried that the Recorder copy from the records of Rush Valley District all claims recorded in said records, which are in the jurisdiction of this District, the Recorder to be entitled to a fee of fifty cents for each company's claim.

Motioned, seconded and carried that all labor performed on locations in the District under the Rush Valley District Mining Laws be considered as representation labor on said locations under the laws of this District.

BY-LAWS.

SECTION 1. This District shall include that portion of Territory situated in the Territory of Utah as follows: beginning at a point on the western boundary line on the west mountain which is known as the Red Bluff, where it intersects the southern line of the Rush Valley Mining District; to follow this line east to its intersection with the dividing line between the counties of Tooele and Salt Lake; thence southerly along said dividing line aforesaid to the pass between Rush and Cedar Valley; thence west fifteen miles; thence north to the place of beginning. The same to be known as the Ophir Mining District.

SEC. 2. It shall be the duty of the Recorder to record all notices of mining claims or locations, for which he shall receive the sum of fifty cents for each name contained in the notice of location; but the Recorder shall not be obliged to file for record any notice of location unless his fees are tendered in advance. The Recorder shall provide suitable books at his own expense in which all claims must be recorded and indexed.

SEC. 3. Each individual mining claim made in this District, shall, in conformity with the United States Mining laws, consist of two hundred feet in length on the ledge or lode, with the privilege of an additional claim of 200 feet to the discoverer; all dips, spurs and angles radiating to or from the same, and fifty feet of ground on each side of the lode or ledge the whole distance located for mining purposes, but this shall not be construed as giving the right to claim any district or parallel ledge or lode within said feet, but only the one originally located.

SEC. 4. Location shall be made by placing a legible notice on the ledge or lode by either of the following methods, to-wit: On a monument of stone not less than two feet high, or on a post firmly placed in the ground not less than three inches through and three feet above the ground, or on a tree not less than three inches through. The notice shall state the number of feet claimed in the location, number claimed on each side of monument, the names of the parties locating the same, and the number of feet claimed by each locator; name by which the ledge or lode shall be known. Such notice shall hold good without record thereof for fifteen days from the date of location, unless the parties locating said claim shall be constantly at work on said claim, and in that event it shall not be necessary to record the same for thirty days after the date of location, but at the expiration of said fifteen days, if said claim is not worked as aforesaid, the claim if not recorded, is subject to relocation.

SEC. 5. Within thirty days from the filing for record of any claim, there shall be performed upon the same one day's work for each and every two hundred feet in said location, and one additional day's work for each two hundred feet in said location within sixty days after filing the same for record, which said amount of work having been duly and faithfully performed, shall hold the claim for six months; a failing to comply with this law shall be deemed equivalent to an abandonment of the claim, and under the same, subject to relocation.

SEC. 6. Whenever any claim shall have been worked to the extent of removing ten cubic yards of picked ground or two cubic yards of blasting ground to each two hundred feet, said claim shall be deemed to have complied with all requirements and demands of this district as regards work for one year. The amount of work so performed to be inspected and examined by three disinterested men selected for that purpose by the owners of the location. These men shall certify the result of such inspection to the Recorder, and if the requirements of this section have been complied with, the Recorder shall duly record the same, and issue a certificate to the effect that the provisions of the section have been complied with. For this service the Recorder shall be entitled to a fee of fifty cents.

SEC. 7. In making a record of location of any claim, the same shall be definitely described with reference to some natural or artificial monument.

SEC. 8. There shall be an annual meeting of the miners of the District held on the first Thursday in August in each year, at which time there shall be a Recorder elected for the ensuing year.

SEC. 9. The Recorder shall note upon the back of each notice of location or other instrument filed for record, the day and hour of filing thereof, and such instrument shall be deemed recorded from and after the date of such filing for record, and the Recorder shall deliver the same to the person filing the same.

SEC. 10. Any one or more persons shall have the right to locate for mining purposes any ledge, lode or deposit, and work the same through and by means of a tunnel, and any work done on a tunnel claim shall be considered as work done on the whole claim or location. The same amount of work shall be required on tunnel locations that is required to be done on other locations; said tunnel claims may be located in all cases where the person or persons making such locations desire to prospect for lodes, ledges or deposits of mineral that do not crop out or disclose themselves at the surface, or who desire to prospect anything in sight not previously located by other parties; the person or persons so locating shall state in their notice the metes and bounds of the ground they intend to prospect, provided no location shall embrace more than three thousand feet on the length of the vein, or fifteen hundred feet on each side of the tunnel. The locators of a tunnel shall be entitled to all the lodes, ledges or deposits and minerals embraced within the extent of the lines of their locations not previously located, and shall hold the same by the same rules and regulations governing other locations. The number of feet on the lead or other parallel leads and veins to be cut by the tunnel as set forth in the notice of location, shall determine the amount of work to be done; provided further, whenever work shall have been done on a tunnel location to the amount of one thousand dollars, it shall be considered as fee simple in the location, and no longer subject to the requirements of work to hold the same; nothing in Section 10 shall be construed as to prevent the location of any claim not previously located to be worked by the tunnel.

SEC. 11. When two or more veins or ledges or deposits connect or unite at any depth below the surface, and which are claimed by different parties, the oldest legitimate location shall hold, or be entitled to hold, the ledge, vein or deposit from the point of intersection downwards, but shall not be entitled to anything from the point of insection upward, unless previously located.

SEC. 12. The Recorder shall be allowed fifty cents (50 cts) for each name in any abstract of record furnished by him.

SEC. 13. The Recorder shall have the right of appointing one or more deputies, who shall act under the direction of the Recorder, and for whose acts he shall be responsible. They may be appointed and removed at the will of the Recorder of the District.

SEC. 14. The Recorder may absent himself from the District not exceeding sixty days, by leaving a Deputy Recorder to attend to the records of the District; all examinations of the records must be made in the presence of the Recorder or his deputy, and the books shall at all times in business hours be open to the inspection of the public.

SEC. 15. The mining Recorder shall hold office for one year from the date of his election, or until his successor is elected. In case of the resignation, death or removal of the Recorder from office for cause, or his voluntary absence from the District for a period of sixty days, the office shall be deemed vacant, and the Deputy Recorder shall notify the miners that an election is to be held to fill the vacant office of Recorder, stating time and place where such an election is to be held; until such election takes place, and the newly elected Recorder is qualified, the Deputy Recorder shall exercise the duties of the office.

SEC. 16. It shall be the duty of the Recorder to give at least five days notice of the time of holding the annual meeting, by posting notices in not less than three conspicuous places in the District. At the written request of not less than five miners of the District, he shall, in the manner above prescribed, issue a call for a special meeting of miners, stating the time and place when such meeting shall be held, and the object for which said meeting is called. BY-LAWS OF OPHIR MINING DISTRICT, ADOPTED JUNE 10TH, 1872.

SECTION 1. The boundary lines of Ophir District shall remain as heretofore established.

SEC. 2. All mining claims hereafter located in this district shall be made in conformity with Section 2nd of the United States laws of May 10th, 1872, hereto appended. A mining claim shall not exceed fifteen hundred feet in length along the vein or lode and no claim shall extend more than three hundred feet on each side of the middle of the vein.

SEC. 3. All tunnel locations shall be made in conformity with Section 4th of U. S. Laws hereto appended.

SEC. 4. Any person or persons making a location in this district, shall be required to have the same recorded inside of fifteen days from the date of such location, and such person or persons shall be required to perform $50 worth of work on said location within 90 days from date of such notice of location, and $100 worth of work within one year from date of notice.

SEC. 5. When one or more persons desire to prospect for blind leads or ledges (not making tunnel locations) the labor performed during such prospecting shall be entitled to protection, and no person or persons shall interfere with said prospecting or labor unless there be a cessation of work for the period of twenty days without the discovery of mineral, at the expiration of which time the work performed on such prospect shall be considered abandoned and belong to the party or parties first taking possession of the same.

SEC. 6. When the locators of a claim shall deem themselves to have performed the requisite yearly amount of work to comply with the law, and desire to have same recorded, they shall make affidavit before a Justice of the Peace, or notary, certified to by two witnesses that the said labor has been duly and faithfully performed, and the Recorder shall record the same, for which service he shall receive a fee of $1.

SEC. 7. The Recorder shall file and record all notices of mining claims brought to him for record, and he shall be allowed a fee of $3 each for claims of surface locations, and $5 each for claims of tunnel locations. For each abstract of location of mining claim furnished by him, whether surface or tunnel location, he shall be entitled to a fee of $3. But the Recorder shall not be obliged to file on record any notice or furnish any abstract unless his fees are tendered in advance.

SEC. 8. There shall be an annual meeting of the miners of the district held on the first Thursday in August in each year, at which time there shall be a Recorder elected for the ensuing year.

SEC. 9. The Recorder shall note upon the back of each notice or other instrument filed for record the day and hour of filing thereof, and such instrument shall be deemed recorded from and after the date of such filing for record, and the Recorder shall deliver a copy of the notice to the person filing the same to be placed on the monument of the claim.

SEC. 10. The Recorder shall have the right of appointing one or more deputies who shall act under the direction of the Recorder, and for whose acts he shall be responsible. They may be appointed and removed at the will of the Recorder of the District.

SEC. 11. The Recorder may absent himself from the District not exceeding sixty days, by leaving a Deputy Recorder to attend to the recording of the district. All examinations of the records must be made in the presence of the Recorder or his deputy, and the books shall at all times in business hours be open to the inspection of the public.

SEC. 12. The Mining Recorder shall hold office for one year from the date of his election, or until his successor is elected. In case of the resignation or death or removal of the Recorder from office for cause, or his voluntary absence from the district for a period of sixty days, the office shall be deemed vacant, and the Deputy Recorder shall notify the miners that an election is to be held to fill the vacant office of Recorder; stating time and place when such election is to be held. Until such election takes place, and the newly elected Recorder is qualified, the Deputy Recorder shall exercise the duties of the office.

SEC. 13. It shall be the duty of the Recorder, to give at least ten days' notice of the time of holding the annual meeting, by posting notices in not less than six conspicuous places in the district. At the written request of not less than five miners of the district, he shall, in the manner above prescribed, issue a call for a special meeting of miners, stating the time and place when such meeting shall be held, and the object for which such meeting is called. At said meeting no business shall be transacted other than that specified and named in the call.

SEC. 14. It shall be the duty of the Recorder to transfer the Records of his office to his successor within five days after said successor shall have been elected and qualified.

SEC. 15. Only *bona-fide* miners of the district shall have the privilege of participating in any election or meeting of miners, and no person shall be considered a miner unless he has a claim recorded in the books of this district, or has acquired mining property in this district, by deed or transfer.

SEC. 16. These By-Laws shall not be altered or amended except by a majority of the miners present at the meeting; and no miners' meeting of this district shall be considered a *bona-fide* meeting for the transaction of any business, unless there be present fifteen *bona-fide* miners of the district.

SEC. 17. The names of the different hills as fixed by previous By-Laws, shall remain the same.

SEC. 18. It shall be optional with the locators of a claim whether they have their notice filed by the Recorder or his Deputy on the ground. The Recorder will be allowed a fee of one dollar per mile, both going and returning, for filing a claim on the ground.

SEC. 19. All previous By-Laws conflicting with the foregoing are hereby repealed.

I hereby certify the foregoing to be a true and correct copy of the By-Laws of Ophir Mining District, as adopted June 10th, 1872.

[SEAL.] W P. POOLE *Recorder of the Harrisburg Mining—District.*

JUAB COUNTY.—TINTIC MINING DISTRICT.

BY LAWS OF TINTIC MINING DISTRICT AS REVISED, AMENDED AND APPROVED AT THE ANNUAL MEETING OF THE MINERS OF THE DISTRICT HELD AT THE RECORDER'S OFFICE, SILVER CITY, DECEMBER 12TH 1874.

Boundaries.

This District shall be known as Tintic Mining District, and is bounded as follows: Commencing at a point six miles north west from the south end of Discovery claim known as the "Sunbeam." Thence east ten miles; thence south fifteen miles; thence west ten miles; thence north fifteen miles, to point of beginning, embracing an area of 150 square miles, and shall be governed by the following prescribed laws.

SECTION 1st There shall be an annual meeting of the miners of this district held on the second Saturday in December of each year to revise and amend the By Laws, for the transaction of general mining business, and for the purpose of electing a Recorder for the District who shall holb office for the term of one year, and until his successor is duly elected and qualified. Provided, however, that he may be removed at any time for misconduct in office or neglect of his duties as prescribed by the laws of the district, by the vote of a majority of bona fide claim holders at a meeting appointed for the purpose

SECTION 2nd. The Recorder shall be required to keep a substantially bound book in which he shall record all notices of location of all lodes, tunnels and other claims made in the District. He shall also keep other suitable books, for the Record of all other documents pertaining to the business of said District, and shall deliver the same, together with all files of location and other documents in his possession to his successor in office, on proper demand, without pecuniary consideration, taking a receipt therefor.

SECTION 3rd The books of record shall be kept within the limits of the District, and shall be open for Records and examination daily during business hours, Sundays excepted. The Recorder shall carefully preserve all papers filed with him for record, and shall note upon the back of each location, notice, deed or other instrument so filed the day and hour of filing, and such location, notice, deed or other instrument shall be deemed recorded from and after the date and hour of such notice of filing.

SECTION 4th The Recorder may appoint one or more deputies for whose official acts he shall be responsible, and no examination or inspection of the Records shall be made except in the presence of the Recorder or his deputy. When a claim shall have been located and duly recorded, the Recorder shall upon request make and deliver to the owner, his agent or attorney a certificate of such Record which shall be evidence of the facts therein stated. The Recorder shall be authorized to demand and receive for his services in all cases in advance, the following fees to wit. For each claim or tunnel recorded by any person or company of persons $3; for each deed, power of attorney or bill of sale, $2; and for all other records, official documents and transcripts, 50 cents for each one hundred words or fractions thereof.

SECTION 5th Any person or persons, being citizens of the United States, or having declared their intent to become such, may locate and hold mining claims in the District, subject to the following rules and regulations.

SECTION 6th All mining claims, whether located by one or more persons may equal but shall not exceed (1500) fifteen hundred feet in length along the vein or lode, but no location of a mining claim shall be made until the discovery of the vein or lode within the limits of the claim located. No claim shall extend more than 100 feet on each side of the middle of the vein at the surface. Nor shall any claim be limited to less than 100 feet, except where adverse rights existing at the adoption of these by laws shall render such limitation necessary. The end lines of each claim shall be parallel to each other.

SECTION 7th Any person or persons having the right may locate a tunnel, for the working and development of their claims and for the discovery of mines not previously known to exist, and the owners of such tunnel shall have the right of possession of all veins or lodes within three thousand feet from the face of such tunnel, on the line thereof, not previously known to exist discovered in such tunnel to the same extent as if discovered from the surface, and locations on the line of such tunnel or veins or lodes not appearing on the surface made by other parties after the commencement of the tunnel, and while the same is being prosecuted with reasonable diligence shall be invalid, but failure to prosecute the work on the tunnel for six months shall be considered as an abandonment of the right to all undiscovered veins on the line of said tunnel.

SECTION 8th All locations whether mining claims or tunnels shall be distinctly marked on the ground by a substantial stake or monument not less than three feet high, on which shall be written or posted a legible notice, giving the date of location, the number of feet in length of the claim or tunnel, the number of feet each way from notice, both in length and width, its direction and the name or names of the person or persons making the location, and such notice shall so describe such location that its boundaries can be readily traced on the surface, and all record of locations hereafter made shall contain such a description of the location by reference to some natural object or permanent monument as will identify the same, and the locator shall be required to keep the notice of location written or posted on the location stake or monument legible and in good condition thereafter.

SECTION 9th All locations made in the District, whether of claims or tunnels, shall be recorded within 20 days from date of location. On each claim hereafter located not less than $100 worth of labor shall be performed or improvements made during each year until a patent shall have been issued therefor, and on each tunnel not less than $100 worth of labor shall be performed each year, and a failure to comply with these requirements shall be deemed equivalent to abandonment, and the claim shall be open to relocation in the same manner as if no location had ever been made. On all claims located prior to May 10th 1872, Ten Dollars worth of labor shall be performed or improvements made in each and every year after January 1st 1875 for each (100) feet on such claim and upon a failure to comply with these conditions the claim or mine upon which such failure occurred shall be open to relocation in the same manner as if no location of the same had ever been made. Provided that the original locators, their heirs or assigns or legal representatives have not resumed work upon the claim, after such failure, and before such location. Upon the failure of any one of several co-owners to contribute his proportion of the expenditures hereby required, the co-owners who have performed the labor or made the improvements may at the expiration of the year give such delinquent co-owners personal notice in writing, or notice by publication in the newspaper published nearest the claim for at least once a week for ninety days. If after such notice in writing or publication such delinquent shall fail or refuse to contribute his proportion to comply with this section, his interest in the claim shall become the property of his co-owner who has made the required expenditures. Provided also, that where two or more veins or lodes lie contiguous the owner or owners may do the work required by this section on the vein or veins through one shaft or tunnel, when they desire to do so, but this provision shall not be construed to change or diminish the amount of work to be done on each of such veins or lodes.

SECTION 10th Any person or persons having the right may locate any spring or water privilege for mining purposes in this district, and shall be required to be in possession or put improvements thereon to the amount of $100 annually, and a failure to comply shall be deemed equivalent to abandonment, and the spring or water privilege shall be open to re-location the same as if no location had ever been made.

SECTION 11th Where two or more veins intersect or cross each other, priority of Title shall govern, and such prior location shall be entitled to all ore or mineral contained within the space of intersection. Provided, however, that the subsequent locator shall have the right of way through said space of intersection for the purpose of the convenient working of said mine, and provided also, that where two or more veins unite the oldest or prior location shall take the vein below the point of union, including all the space of intersection.

SECTION 12th In the event of a dispute arising between two or more claimants the original claimant may hold his ground until the subsequent locator shall strip his claim to the point in dispute, and if a connection of vein, ledge or mineral be shown, the original locator shall hold the ground in dispute.

SECTION 13th On any notice of relocation of any claim or lode being presented by any person or company of persons for file or record in the office of the Recorder of this District, it shall be the duty of the Recorder or his deputy to ascertain if such claim or lode be subject to relocation by examining the records and making a personal inspection of the ground sought to be re-located, at the cost or expense of the person or persons applying for such re-location, and if it should appear that the required amount of labor has been performed he shall refuse to either file or record said re-location. The fees payable to the Recorder for services rendered under this section shall be $1 for the first mile or less, and 50 cts for each additional mile or part of a mile one way, including all the necessary examinations.

SECTION 14th Any person or persons after doing the amount of labor required by the laws of this District may make a report of the same with the testimony of two or more disinterested miners to the Recorder, who shall enter such Report on the Records and give a certificate therefor to the person or company making such report.

SECTION 15th These by laws cannot be altered or amended except by the vote of a majority of bona fide claim holders, at a regular annual meeting of miners held in the District, 10 days notice of which meeting shall be published by the Recorder in the principal camps of the District and also by at least 3 insertions in any daily newspaper published nearest the District. A special meeting of miners shall also be called by the Recorder for transacting special mining business, upon a written petition signed by 7 or more bona fide claim holders in the District, and at least 5 days notice stating the object for which said meeting is called, shall be given by publishing it in the principal camps of the District.

SECTION 16th These by laws shall take effect and be in full force from and after their passage

SEC. 4. Bench or bar claims shall have a front of two hundred feet, extending back until the bed-rock shall have risen twenty-five feet.

SEC. 5. All claims shall be located by a notice, which shall give date and time of location, and describe the bounndaries of the claim. The notice must be posted in some conspicuous place on the claim.

SEC. 6. All claims must be recorded within ten days after location.

SEC. 7. All claims must be represented on the first day of July.

SEC. 8. A recorder shall be chosen, who shall have charge and be responsible for all books and papers belonging to the office.

SEC. 9. The recorder shall be entitled to two dollars and a half for each claimed recorded; shall not be compelled to record without this fee; and shall have right to appoint a deputy recorder.

On July 1st (1879) a meeting of twenty-nine miners was held "for the purpose of revising and amending the laws of this District," when the following regulations were adopted:

SEC. 1. When claims join, owners may consolidate and have their several claims recorded as a company claim; and work on any of the company claim shall represent the whole, provided that each share of five hundred feet shall be represented by the labor of one man at least six days in each month.

SEC. 2. Each claim of five hundred feet shall be represented at least six working days in each month.

SEC. 3. The boundaries of this district shall be extended to include all of Canyon Creek and its tributaries.

SEC. 4. Claims of this district to be laid over from the fifteenth day of October, 1879, to the first day of July, 1880.

SEC. 5. The recorder shall be compelled to call a meeting at the request of ten *bona fide* miners of Ruby district, and shall post notices in three conspicuous places at least five days prior to the meeting.

SEC. 6. Where miners are actual partners, and engaged in mining in Ruby district, their several claims may be recorded as a company claim and worked as such.

SEC. 7. No one company claim shall be recorded of more than twenty-five hundred feet.

The following resolutions were adopted at the same meeting:

John Rowley's claim to be laid over till the first of September.

H. C. Pierce's claim to be laid over this season, on account of his ferry at the upper crossing.

On the 23rd of September (1879) a meeting of twenty-six miners was held.

The resignation of the recorder was presented and accepted.

The following resolutions were adopted:

1st. That the only mining ground that was laid over for Pierce (our recorder) by the miners, at the meeting of July 1st last, was five hundred feet situated at the mouth of Canyon Creek, where his house is built.

2nd. That the proceedings of this meeting be placed upon the record book of this district, and it shall be kept open for the inspection of miners at all reasonable hours.

3rd. That the record book shall hereafter be kept within the district.

4th. That a committee of three be elected to frame a new code of by-laws for this district, to be brought before the next miners' meeting for acceptance or rejection.

5th. That from this date, September 23rd, 1879, a creek claim shall not exceed two hundred and fifty feet in length.

A new recorder and the committee of three authorized under the fourth resolution were elected.

The next meeting was held October 15th (1879), when the following regulations were adopted:

SEC. 1. A record of a water privilege when taken in connection with a *bona fide* mining claim, shall hold good until such time as the claim is abandoned.

SEC. 2. A creek claim shall include all the ground on both sides of the creek until the bed-rock shall have risen fifteen feet above high-water mark. The word bench claim shall be dropped, and the word hill claim be substituted.

SEC. 3. A hill claim shall be two hundred and fifty feet frontage, extending back in a straight line with your corner stakes to the summit of the mountain.

The next meeting was held July 7th, 1880, when the following resolutions were adopted:

1st. That as it has been the custom of the miners of Ruby district to locate claims, sell, and locate again, and there being no law prohibiting the same, the last location stands good.

2nd. That all claims shall be measured at high-water mark, either up or down from the commencement stake, on both sides of the creek and the difference divided.

WHATCOM COUNTY.—GRANITE CREEK PLACER-MINING DISTRICT.

This district was organized March 6th, 1880, when the following resolutions and regulations were adopted:

2nd. That Granite Creek District take in all of Granite Creek and its tributaries from the mouth of Granite Creek to the summit.

3rd. A claim shall be two hundred and fifty feet in length along the general course of the creek, and to extend to points thirty feet lateral above average water level.

4th. A hill claim shall be two hundred and fifty [feet] front, running to the summit.

5th. Each person shall be entitled to one creek or gulch claim and one hill claim by location.

6th. Each claim located must be recorded inside of ten days from date of location.

7th. Each person shall locate and record in person.

8th. No one shall use the water detrimental to miners below.

9th. All claim-holders shall dump on their own ground.

10th. The fees shall be one dollar for each claim of two hundred and fifty feet or fraction thereof for recording, and for recording each transfer or bill of sale two dollars.
11th. All persons shall have the privilege of running their drains on claims below.
12th. There shall be one recorder to keep correct records of the district and reside in the district.
13th. All mining disputes shall be settled by a miners' meeting of claim-holders of the district, the majority ruling.
14th. The recorder shall call a meeting by posting three notices in conspicuous places five days previous to the meeting.
15th. The fees of the recorder shall be five dollars for calling and presiding at each meeting, to be paid by the applicant.
16th. This district shall be laid over till the 15th day of June, A. D. 1880, when all claims shall be represented.
17th. All claims must be represented by four days' work in each calendar month after June 15th, 1880.
18th. The claims shall be laid over each year from October 15th until June 15th following year.
19th. Voted unanimously that Mr. C. W. Anderson be recorder of Granite Creek district.
20th. That the Montana Company have one claim of two hundred and fifty feet, known as the Discovery claim.
21st. All claims shall number up and down the creek from the Discovery.
22nd. These laws can be amended after the 15th day of June, 1880, by a majority vote of the claim-holders of the district.
23rd. Voted that these laws be adopted unanimously.

No other business was transacted at this meeting.

The next meeting was held June 15th (1880), when the following resolutions were adopted:

1st. That claim-holders at work on the Fort Hope trail—that their claims should be considered as represented.
2nd. That claims shall be represented by four days' work done on them between the 15th of June, 1880, and the 15th of October, 1880.
3rd. That a trail be built in front of each claim by the party or parties owning the claim.

The former recorder having resigned, a successor was elected, and it was resolved

4th. That the books be turned over to the recorder elect at six o'clock A. M. on the 16th day of June, 1880.
5th. That these laws take effect at six o'clock A. M. on the 16th day of June, 1880.
6th. That all laws conflicting with the above are declared null and void.

No other business was transacted.

WHATCOM COUNTY.—LIGHTNING CREEK MINING DISTRICT.

This district was organized March 23rd, 1880, when the following regulations were adopted:

SEC. 1. This district shall be known as Lightning Creek Mining District, and shall extend from the mouth of said creek to its source, with all of its tributaries, or following the boundary line between the United States of America and British Columbia in case said boundary line does cross or cut any of its tributaries.

SEC. 2. There shall be two kinds of claims, known as creek and hill claims. All tributaries shall be located and considered as creek claims.

SEC. 3. A creek claim shall not exceed two hundred and fifty feet of the bed of the stream, running up or down said stream until the rim-rock shall have risen fifteen feet on either side.

SEC. 4. A hill claim shall not exceed two hundred and fifty feet frontage, commencing at a point where the rim-rock of the bed of the stream shall have risen fifteen feet, and running back one thousand feet.

SEC. 5. A location shall hold good for ten days, but each person locating shall be required to record in person at the expiration of ten days, or otherwise said location shall be considered null and void.

SEC. 6. Any miner may be entitled to locate one creek claim and one hill claim in this district, and also be allowed to hold one, and only one, of each by purchase.

SEC. 7. No native of China not a citizen of the United States shall hold a claim in this district either by purchase or location.

SEC. 8. A recorder shall be elected, whose duty it shall be to record in a proper manner all claims offered or presented for record.

SEC. 9. The records shall be subject to inspection at all reasonable hours by any one so desiring.

SEC. 10. After the 28th of March the records shall be kept in this district, and the recorder shall have the power to appoint a deputy, whose powers and responsibilities shall be as full and complete as the recorder's. The recorder shall have a fee of one dollar and fifty cents for each claim or name recorded, and shall not be compelled to record without his fee.

SEC. 11. All claims must be represented on the 20th day of July, 1880, or subjected to re-location.

SEC. 12. Each location or claim must be represented by not less than four days' work in each month after the 20th of July, 1880.

SEC. 13. The recorder shall cause a miners' meeting to be called by posting notices in three conspicuous places in this district, giving ten days' notice, provided he shall be requested to do so by at least ten miners.

SEC. 14. Each miner when locating shall post two notices on his claim describing its boundaries.

A recorder was elected at this meeting, but no other business was transacted.

WHATCOM COUNTY.—ROUGH AND READY MINING DISTRICT.

"SKAGIT RIVER. *Apr. 7th*, 1880.

"At a meeing of miners held at Skagit River Crossing, below the mouth of Ruby Creek

"*Resolved* that we the undersigned form a Mining District, to be called Rough and Ready Mining Camp.

"On motion of Mr. D. P. Ludwig J. A. Culver was elected chairman of meeting.

"On motion of Francis Cauley Mr. J. Cyphers was elected recorder for Rough and Ready Mining District.

"Motion was made and carried that size of river claim should be 250 feet up or down river on each side, boundary of claim on each side of the river to extend back from river to where the bed-rock rises to the height of 25 feet above water level, and that each miner is entitled to one hill and one river claim. Hill claim to be 250 feet face, and run to the summit.

"Motion was made and carried that recorder's fees for recording each and every claim shall be $1—and that each miner shall have the privilege to locate two claims * * * * * * (illegible) men who are not in this district, and that the said claims shall not be subject to re-location by [any] other party for the term of 10 days, and that each and every miner holding claims in this district be present at the recorder's office of this district on the 1st day of August, A. D. 1880, and represent his claim, and that each miner disposing or selling his claim shall give a deed of such transfer or sale to the party buying, and that such deed shall be recorded in this district within 10 days after sale, fees for such record to be two and one-half dollars, and that each and every claim shall have a name, whether single or in co.

"Motion was made and carried that 10 days be allowed each miner taking claims from the time of location before recording.

"Motion made and carried that each miner holding claims shall work 4 days on either claim to enable him to hold said claims, and that 4 days shall be sufficient for holding two claims, but such work shall not be compulsory until after the 1st day of August, 1880.

"In testimony whereof we subscribe our names this seventh day of April, A. D. 1880."

WHATCOM COUNTY.—CANYON CREEK MINING DISTRICT.

This distict was formed April 8th, 1880, out of Ruby district, and the following regulations were adopted:

SEC. 1. There shall be two kinds of claims in this district—one a hill or bench, the other a creek or gulch claim. The creek or gulch claim shall be two hundred and fifty feet up and down the creek or gulch, including both banks until the bed-rock rises fifteen feet above low-water mark, except at the junction of its tributaries with the main stream—then the lines shall follow the bluff of the main stream. The hill or bench claim shall be two hundred and fifty feet front, and running up the hill three thousand feet toward the summit of the mountain.

SEC. 2. Every *bona fide* locator shall be entitled to two claims in this district—one creek or gulch, and the other hill or bench claim.

SEC. 3. Any miner or any other person who shall willfully jump any *bona fide* location of mining ground, or cause the same to be jumped, shall be deemed guilty of a violation of the law, and the local regulations and laws of the district and all good miners. Any person found guilty of the above-named offense shall not be allowed to hold any mining ground in this district. He has forfeited his rights and privileges as a miner, and he shall be honorably invited to leave this district.

SEC. 4. Any person who shall destroy or move any notice or stake of any other person's mining claim shall be dealt with as a claim-jumper.

SEC. 5. Any person or persons who shall enter any cabin of another person in the absence of the owner, and willfully destroy or carry away any article, or cause the same to be destroyed or taken away, belonging to the owner of the cabin, shall be dealt with by a decision of the miners in this district, by law and order.

SEC. 6. All disputed boundaries of mining claims and rights of persons to mining ground may be settled by a meeting which shall be called by the recorder on the deposit of ten dollars with the recorder by each of the disputants. He shall call a meeting of all the miners in the district by posting three notices in public places at least five days before the meeting is called, stating the business to be transacted at the meeting.

SEC. 7. No one shall be entitled to vote on the question but a *bona fide* miner of this district, and a majority vote shall decide the question, when the person in whose favor the case is decided shall receive his money back, and the loser's money shall be to the recorder for his trouble in calling the meeting.

SEC. 8. All claims not represented on the first day of July, 1880, shall be declared vacant.

SEC. 9. All claims shall be located in person and be recorded within ten days after the location.

SEC. 10. The recorder shall require the location notice to be intelligible.

SEC. 11. To abandon a claim in this district, any miner shall first fail to represent his claim on representing day; second, fail to do the required amount of number of days' work in each month in the working season; third, by relocating a claim of the same class as [the] one [he] already holds he shall abandon the first when he locates the second. Any claim not recorded within [ten] days after posting notice shall be counted abandoned.

SEC. 12. No person can sell a claim in this district and locate another of the same kind again: he is entitled to only one claim of the same class.

SEC. 13. All mining claims in this district shall be accurately measured by parallel lines as near as practicable, and to avoid fractions as much as possible. No tailings shall be dumped on another man's ground without his consent.

SEC. 14. There shall be a recorder elected by the miners of this district, and he shall reside in this district, and he shall record all *bona fide* locations and all bills of sale, and keep a correct record of all business done at all the public meetings. Shall have power to appoint a deputy. The recorder or his deputy shall be present at all meetings, and when called upon shall post notices of a miners' meeting, and the notice to state the business of the meeting. Five miners can call a meeting at any time, but the business must be urgent to call a special meeting. The recorder shall have one dollar for each record of location notice or bill of sale.

SEC. 15. To protect all *bona fide* locations of mining ground on Canyon Creek and recorded on Ruby district books, the recorder of this district shall transfer said records to the books of this district; but they will be governed by the bylaws and rules of Ruby district

in force at the date of location in regard to the size of claims and number of days' work in each month of the working season to hold them, except when the location notice is not intelligible—then the locator will be required to give a proper notice and have it recorded.

A recorder was elected at the same meeting, but no other business was transacted.

The next meeting was held July 3rd (1880), when the following resolutions were adopted:

1st. That each person be restricted to five minutes to speak.

2nd. That the miners of Canyon Creek and its tributaries from two miles above Mill Creek to its headwaters be allowed to form themselves into a mining district.

3rd. That Section 7 of the bylaws be amended by striking out the ten dollars required to be deposited with the recorder.

4th. That claims shall not be laid over unanimously.

5th. That all work done on the trail by miners shall be the same as work done on the claim toward representing the claim.

6th. That there shall be a committee of three appointed to lay out a trail from Ruby City up to Slate Creek—the committee, to consist of T. J. Armstrong, Jack Rowley, and Will Huggins, will be ready for workmen by the 8th of July—the committee to have power to appoint as many deputies as they may see fit to help superintend the work on the trail, and they have the power to give the trail receipts or certificates of the number of days' work done.

7th. That every miner that works on the trail from here to Goodell's [6] days shall by so doing represent his claim for the month of July, and for every day that he is less than six days each day shall count as one on his claim. John Day shall give the men certificates of the days' work done.

8th. That all the meetings be held as near the center of the district as possible.

9th. That we elect a new recorder.

Under the last resolution a new recorder was elected, and the meeting then adjourned.

WHATCOM COUNTY.—RUBY QUARTZ-MINING DISTRICT.

This district was organized April 15th, 1880, when the following regulations were adopted:

ART. 1. This district shall be known as the Ruby Quartz-mining District, and bounded as follows: Commencing at a point ten miles north of the junction of Canyon and Granite streets in Ruby City, Whatcom County, Territory of Washington, and running east twelve miles, thence south twenty miles, thence west twenty miles, thence north twenty miles, thence east eight miles to place of beginning.

ART. 2. A quartz claim in this district shall consist of six hundred feet wide and fifteen hundred feet long along the lode, lead, or vein. Each person entitled to a location shall find or expose to sight quartz in place, and record said claim within twenty days after location.

ART. 3. All persons holding quartz claims in this district shall be required [to expend] one hundred dollars' worth of work on each fifteen hundred feet, as is required by the Revised Statutes of the United States, and in the manner therein prescribed.

ART. 4. There shall be one recorder elected annually, who shall hold his office for one year, and until his successor is elected and qualified. It shall be his duty to keep a correct and faithful record of all claims and locations offered for record, and preside at all meetings, give notice of all meetings when properly called, and perform such other duties as properly belong to said office. His fees shall be for recording locations [or] transfers two dollars each.

ART. 5. A miners' meeting may be [on] ten days' notice signed by ten miners of the district. Where it is called for settling disputes the parties so calling shall deposit with the recorder five dollars, and the party losing the case in the controversy shall forfeit and pay the said five dollars. Business meetings shall be called by the recorder without fee. The object of each meeting shall be stated in the notice for such meeting.

A recorder was elected, and the meeting then adjourned.

[NOTE.—By "laying over" is meant a suspension of the local regulations requiring claim-holders to perform a certain amount of labor every month or otherwise in order to maintain their rights of possession. It will be observed that entire districts are sometimes "laid over." It is not unusual in this region for miners to make locations on a creek, form a new district, "lay over" their claims, and then go back to work in others that they had already located elsewhere.]
